

WELLINGTON: MONDAY, 24 DECEMBER 1990 — ISSUE NO. 224

TELECOMMUNICATIONS (DISCLOSURE) REGULATIONS 1990

5136

This publication sets out material required to be published by Telecom in the *New Zealand Gazette* by the Telecommunications (Disclosure) Regulations 1990.

The information provides financial statements for the 6 months ended 30 September 1990 for the following subsidiaries:

Telecom Auckland Limited;

Telecom Central Limited;

Telecom Wellington Limited;

Telecom South Limited.

The information in this publication was prepared by Telecom Corporation of New Zealand Limited after making all reasonable inquiry and to the best of the knowledge of the Corporation complies with the requirements of regulation 3 of the Telecommunications (Disclosure) Regulations 1990.

This information is also available on request at the following principal offices of the Corporation and its subsidiaries:

Telecom Corporation of New Zealand Limited, Telecom House, 13–27 Manners Street, P.O. Box 570, Wellington.

Telecom Auckland Limited, Telecom Tower, 16 Kingston Street, Private Bag, Auckland.

- Telecom Central Limited, Regional Office, Fifth Floor, Housing Corporation Building, 500 Victoria Street, Private Bag 3100, Hamilton.
- Telecom Wellington Limited, Ninth Floor, Hewlett-Packard Building, 186–190 Willis Street, P.O. Box 293, Wellington.
- Telecom South Limited, Fifth Floor, NML Building, 152–156 Hereford Street, P.O. Box 1473, Christchurch.

24 DECEMBER

TELECOM AUCKLAND LIMITED

On behalf of the Board

DR P TROUGHTON

CHAIRMAN

D H SLEDGE MANAGING DIRECTOR

AUCKLAND, 28 NOVEMBER 1990

NOTES TO THE FINANCIAL STATEMENTS

1 STATEMENT OF ACCOUNTING POLICIES

(i) CONSTITUTION, OWNERSHIP AND ACTIVITIES

Telecom Auckland Limited (the "Company"), was incorporated on 6th December 1988 and is a wholly-owned subsidiary of Telecom Corporation of New Zealand Limited (the "parent company" or "Telecom").

With effect from 1 April 1989 Telecom was restructured into a number of Regional Operating and New Venture companies and as a result, transferred to certain subsidiaries, including Telecom Auckland Limited, at net book value, the telecommunication equipment and other assets and liabilities relating to business previously conducted by Telecom. Telecom and its subsidiaries now together form the Telecom "Group".

The parent company was wholly owned by the Crown until 12 September 1990, when, pursuant to an agreement dated 14 June 1990, the Crown sold its shares to a consortium consisting of two American companies, American Information Technologies Corporation ("Ameritech") and Bell Atlantic Corporation ("Bell Atlantic") and two New Zealand companies, Freightways Holdings Ltd ("Freightways") and Fay, Richwhite Holdings Ltd ("Fay, Richwhite"). To comply with this agreement, Ameritech and Bell Atlantic will reduce their combined ownership of Telecom to 49.9% over the next three years by selling a combined 10% interest to Freightways and Fay, Richwhite and 40.1% to the public via stock offerings. At the completion of this transaction period, Ameritech and Bell Atlantic will each own 24.95% of Telecom.

The Crown will continue to hold a special rights convertible preference share (the "Kiwi share") in Telecom which assures that: -Local free calling will be maintained for all residential customers

-The Standard Residential Rental for ordinary residential telephone service will not rise faster than the cost of living as measured by the Consumers' Price Index unless Telecom's Regional Operating Company profits are unreasonably affected

-Line rentals for residential customers in rural areas will be no higher than the Standard Residential Rental, and ordinary residential telephone service will remain as widely available as it is as at 11 September 1990.

These financial statements are published to comply with the Telecommunications (Disclosure) Regulations 1990 which came into force on the 1st of July 1990. As separate financial statements for the six months ended 30 September 1989 had not been prepared, no comparative figures for that period are included in these financial statements.

The principal activity of Telecom Auckland Limited is the provision of telecommunication services in the Auckland and Northland regions.

(ii) GENERAL ACCOUNTING POLICIES

These financial statements report on the affairs of the company as a going concern.

The measurement basis adopted is historical cost. Accrual accounting is used to match income and expenses.

(iii) SPECIFIC ACCOUNTING POLICIES

(A) FIXED ASSETS

Fixed assets are valued at the cost at which they were purchased by Telecom Corporation of New Zealand Limited from the Crown as at 1 April 1987, adjusted by subsequent additions at cost, disposals and depreciation. The fixed assets were purchased from the Crown on the basis of depreciated replacement cost using estimated remaining lives as at 1 April 1987.

Telecom Auckland Limited purchased fixed assets from Telecom as at 1 April 1989 at cost (as above) less accumulated depreciation pursuant to a Sale and Purchase Agreement dated 31 March 1989 and a supplementary agreement dated 28 September 1989. Subsequent additions have been recorded at cost.

The cost of additions to plant and equipment constructed within the Telecom Group subsequent to 1 April 1987 consists of all appropriate costs of development, construction and installation comprising material, labour, direct overheads and transport costs. For each fixed asset project having a cost in excess of \$10 million and a construction period of not less than 12 months, interest cost incurred during the period of time that is required to complete and get the fixed asset ready for its intended use is capitalised as part of the total cost.

Where capital project commitments are hedged against foreign currency rate risk, the capital project is recorded at the hedged exchange rate.

Telecommunication equipment includes that part of the network system up to and including the contracted demarcation point, terminal equipment installed within customers' premises and the cabling and wiring within commercial buildings where this has been supplied by the Group in its own right.

Costs associated with the installation, connection and provision of services are charged to earnings.

Maintenance and repairs, including minor renewals and betterments, are charged to earnings as incurred.

NOTES TO THE FINANCIAL STATEMENTS—continued

(B) DEPRECIATION

Depreciation is charged on a straight line basis so as to write down the cost of the fixed assets to their estimated residual value over their estimated economic lives, which are as follows:

Telecommunication equipment and plant:

Customer local loop	•••		•••					• •				•••		5-30 vears
Junctions and trunk tra	ansmis	sion :	systems					••						10–30 years
Switching equipment	••	• •	•••				••	• •				••		5-15 years
Customer premises equ	uipmer	nt	• •	• •	••	••	• •	••		• •			••	5 years
Other network equipm	ent	••	••	••	••	••		••	••	••	••	••		5-25 years
Buildings	••	••	••	••	• •	• •	• •	••	••	••	••		••	40-100 years
Motor vehicles	••	••	••		• •	••	••	• •	• •	••	••	• •	••	5 years
Furniture and fittings	••	••	••	••	• •	••	• •	••			••	••	••	5-10 years
Computer equipment	••	••	••		••	• •	• •	••				• •	••	3–5 years
I and and canital work in n	roaroo		not do	nrania	tod									

Land and capital work in progress are not depreciated.

(C) INVENTORIES

Inventories are comprised of materials for self constructed network assets, critical maintenance spares and customer premises equipment held for rental or resale. They are stated at the lower of cost and net realisable value after provision for excess and obsolete items. Cost is determined on a first in first out basis.

Inventories also include revenue work in progress. Profit is recognised on completion of the contract.

(D) ACCOUNTS RECEIVABLE

Accounts receivable are recorded at expected realisable value after providing for doubtful debts.

(E) LEASES

The Company is lessor of customer premises equipment. Rental income applicable to operating leases, under which substantially all the benefits and risks of ownership remain with the lessor, are taken to revenue as earned.

Additionally the Company is lessee of certain plant, equipment, land and buildings under operating leases. Expenses relating to operating leases are charged against earnings as incurred.

No material finance leases have been entered into as lessor or lessee.

(F) COMPENSATED ABSENCES

The liability for employees' compensation for future absences is accrued in respect of employees' services already rendered and where the obligation relates to rights which have vested. Such liability is reflected as personnel accruals within accounts payable and accruals.

(G) LIABILITY FOR EMPLOYEES' SEVERANCE PAYMENTS

Employees whose services with the Company are terminated are normally entitled to lump-sum severance payments determined by reference to current basic rate of pay, length of service and conditions under which the termination occurs. The continued period during which a terminating employee served both the New Zealand Post Office and subsequently the Telecom Group constitutes the length of service.

Severance payments are accrued in respect of any employees whose positions have been specifically designated as being surplus to the needs of the Company. Such liabilities are reflected as personnel accruals within accounts payable and accruals.

(H) PENSIONS

Contributions are made into the Government Superannuation Fund (the "Fund") in respect of those employees who are members of the Fund at a rate specified under the Sale and Purchase Agreement whereby Telecom acquired the telecommunication business of the New Zealand Post Office on 1 April 1987. Additionally, full provision is made for the accrued pension costs relating to members of the Telecom Employees' Pension Plan (the "Plan") upon the basis of actuarial valuations which are to be made at least once every three years. Contributions to the Fund and the Plan are charged against earnings.

(I) FOREIGN CURRENCIES

The financial statements are expressed in New Zealand dollars. Foreign currency transactions are recorded at the exchange rate ruling at the date of the transaction except for hedged transactions which are recorded at the hedged exchange rate. Monetary assets and liabilities denominated in foreign currencies have been translated to New Zealand currency at the spot rates of exchange ruling at balance date. Realised and unrealised profits and losses on foreign exchange transactions are recognised in earnings for the period.

The Company enters into contracts with Telecom (as the Group's central treasury operation) to manage the Company's foreign exchange exposure.

NOTES TO THE FINANCIAL STATEMENTS—continued

(J) TAXATION

The taxation expense charged to earnings includes both current and deferred tax and is calculated after allowing for permanent differences. Deferred taxation calculated using the liability method is accounted for on all significant timing differences between the earnings stated in the financial statements and the assessable income computed for taxation purposes. Deferred taxation is recognised only on those timing differences which are expected to reverse within the foreseeable future.

(iv) CHANGES IN ACCOUNTING POLICIES

There have been no material changes in accounting policies during the period.

Other fixed assets include tools and plant, vehicles, office equipment, furniture and fittings and computer equipment. Included in telecommunication equipment at 30 September 1990 and 31 March 1990 respectively, is equipment leased to customers under operating leases with a cost of \$189.9 million and \$184.2 million, together with accumulated depreciation of \$94.6 million and \$92.2 million.

REGISTRATION OF TITLE TO LAND

Certificates of title for freehold interests in land included in the assets purchased from the Crown are being progressively raised by the Crown and transferred to Group companies. Titles for more than half the freehold interests have been issued and, for the remainder, equitable ownership rests with the Group.

LAND CLAIMS

Under the Treaty of Waitangi Act 1975 all land or interest in land included in the assets purchased from the Crown is subject to claims to the Waitangi Tribunal which has the power to recommend in appropriate circumstances that the land be resumed by the Crown in order that it be returned to Maori claimants. In the event that land is resumed by the Crown, compensation will be paid to Telecom under the provisions of the Public Works Act 1981. If this is insufficient to cover the loss certain additional compensation is payable under the provisions of the Sale and Purchase Agreement between Telecom and the Crown.

Under the State Owned Enterprises Act 1986 the Governor General may if satisfied that any land or interest in land held by Telecom is Wahi Tapu (being land of special spiritual, cultural or historical tribal significance) declare by order in Council that the land be resumed by the Crown, with compensation payable to Telecom under the provisions of the Public Works Act 1981.

15 COMMITMENTS

(A) OPERATING LEASES

Operating lease commitments are mainly in respect of leases of land and buildings. Minimum rental commitments as at 30 September 1990 for all non-cancellable operating leases for the years ended 30 September are:

-1991	12.0	
-1992	12.6	
-1993	12.4	
-1994	12.2	
-1995	11.4	
-Thereafter	38.7	
	\$99.3	million

(B) CAPITAL COMMITMENTS

As at 30 September 1990 capital expenditure amounting to \$60.9 million has been committed under contractual arrangements.

NOTES TO THE FINANCIAL STATEMENTS—continued

16 CONTINGENT LIABILITIES

(A) LAND CLAIMS

As stated in Note 14, land or interest in land included in assets purchased from the Crown is subject to claims to the Waitangi Tribunal or may be deemed to be Wahi Tapu and, in either case, may be resumed by the Crown, with provision for compensation to Telecom.

Certain claims have been brought or are pending against the Crown under the Treaty of Waitangi Act 1975. Some of these claims may affect land transfers to Telecom by the Crown and/or by Telecom to its subsidiary companies.

(B) LAWSUITS AND OTHER CLAIMS

Various lawsuits and claims have been brought or asserted against the Company. The Directors do not consider them to be material to the Company's financial position.

(C) GUARANTEES

The Company had guaranteed, together with other subsidiary companies, approximately \$780 million of the indebtedness of the parent company and other subsidiary companies at 30 September 1990, principally under the following agreements:

- (i) \$29.7 million under a facility agreement dated 31 August 1988 with the Bank of New Zealand establishing a \$400 million promissory note facility in favour of the parent company.
- (ii) \$474.7 million under a trust deed made as of 25 October 1988 with the New Zealand Guardian Trust Company Limited providing for the constitution and issue of securities in respect of indebtedness from time to time of the parent company and/or any guaranteeing subsidiary.
- (iii) \$275 million under a trust deed made as of 20 September 1989 and certain supplemental trust deeds with the Law Debenture Trust Corporation PLC providing for the constitution and issue of securities in respect of indebtedness from time to time of the parent company and/or any guaranteeing subsidiary.

Under the Trust Deeds referred to in (ii) and (iii) above the Company together with the other guaranteeing subsidiaries has given a negative pledge that while any of the guaranteed indebtedness remains outstanding it will not create or permit to exist any charge over any of its assets, subject to the exceptions provided within the Trust Deeds.

17 FELLOW SUBSIDIARY COMPANIES

At 30 September 1990 the principal fellow subsidiaries of the Company were as follows:

- Telecom Central Limited
- Telecom Wellington Limited
- Telecom South Limited
- Telecom Networks and International Limited
- Telecom Directories Limited
- Telecom Equipment Supplies Limited
- Telecom Cellular Limited
- Telecom Mobile Radio Limited
- Telecom Repair Services Limited
- Telecom Paging Limited
- New Zealand Telecommunications Systems Support Centre Limited
- Comtel Communications Limited
- Telecom Corporation of New Zealand (Overseas Finance) Limited
- Telecom Operations Limited
- Telecom North Limited

18 RELATED PARTY TRANSACTIONS

The Company is wholly owned by Telecom Corporation of New Zealand Limited which in turn was owned by the Crown until 12 September 1990. During that time the Company undertook many transactions with other State Owned Enterprises and government departments which were carried out at arm's length and in the normal course of business.

During the period the Company derived revenue from access fees, maintenance services, and asset construction services provided to fellow subsidiaries. The Company also utilised network capacity and related services and group management services provided by fellow subsidiaries. Additionally, certain inventory and network assets were procured from and serviced by fellow subsidiaries.

NOTES TO THE FINANCIAL STATEMENTS—continued

Outstanding intercompany balances as at 30 September 1990 are:

Intercompany Receivable	••			• •		••	••				\$5.1 million
Intercompany Payable and current account	••			• •		••		••	••		\$192.8 million
Intercompany Term Liabilities	••	••	••	••	••		••	••	••	••	\$284.5 million

With the exception of the current account and the term liability, the balances are payable on normal trading terms. The current account is on call and the term liability has no fixed date for repayment. No related party debts have been written off or forgiven during the year.

19 SEGEMENTAL REPORTING

The Company's principal business activity is the provision of telecommunication services, constituting more than 90% of total operating revenues, operating earnings and identifiable assets.

The Company's business is conducted in New Zealand and is therefore within one geographical area for reporting purposes.

AUDITORS' REPORT

REPORT OF THE AUDITORS

TO THE MEMBERS OF TELECOM AUCKLAND LIMITED

The financial statements are in agreement with the accounting records which, in our opinion, have been properly kept. We obtained the information and explanations we required.

In our opinion, the financial statements give, under the historical cost convention, a true and fair view of the state of the Company's affairs at 30 September 1990 and of the earnings for the 6 months ended on that date and they comply with the Telecommunications (Disclosure) Regulations 1990.

On behalf of the Board

D R CAMPBELL

N R NICHOLLS MANAGING DIRECTOR

CHAIRMAN

HAMILTON, 28 NOVEMBER 1990

NOTES TO THE FINANCIAL STATEMENTS

1 STATEMENT OF ACCOUNTING POLICIES

(i) CONSTITUTION, OWNERSHIP AND ACTIVITIES

Telecom Central Limited (the "Company"), was incorporated on 6th December 1988 and is a wholly-owned subsidiary of Telecom Corporation of New Zealand Limited (the "parent company" or "Telecom").

With effect from 1 April 1989 Telecom was restructured into a number of Regional Operating and New Venture companies and as a result, transferred to certain subsidiaries, including Telecom Central Limited, at net book value, the telecommunication equipment and other assets and liabilities relating to business previously conducted by Telecom. Telecom and its subsidiaries now together form the Telecom "Group".

Telecom Central Limited acquired the shares and net assets of Telecom Midland Limited with effect from 1 April 1990, and now provides telecommunication services in the area previously serviced by Telecom Midland Limited as well as its own previously designated area. The comparative figures for the year ended 31 March 1990 are those of Telecom Central Limited.

The parent company was wholly owned by the Crown until 12 September 1990, when, pursuant to an agreement dated 14 June 1990, the Crown sold its shares to a consortium consisting of two American companies, American Information Technologies Corporation ("Ameritech") and Bell Atlantic Corporation ("Bell Atlantic") and two New Zealand companies, Freightways Holdings Ltd ("Freightways") and Fay, Richwhite Holdings Ltd ("Fay, Richwhite"). To comply with this agreement, Ameritech and Bell Atlantic will reduce their combined ownership of Telecom to 49.9% over the next three years by selling a combined 10% interest to Freightways and Fay, Richwhite and 40.1% to the public via stock offerings. At the completion of this transaction period, Ameritech and Bell Atlantic will each own 24.95% of Telecom.

The Crown will continue to hold a special rights convertible preference share (the "Kiwi share") in Telecom which assures that:

- Local free calling will be maintained for all residential customers
- The Standard Residential Rental for ordinary residential telephone service will not rise faster than the cost of living as measured
- by the Consumers' Price Index unless Telecom's Regional Operating Company profits are unreasonably affected - Line rentals for residential customers in rural areas will be no higher than the Standard Residential Rental, and ordinary residential telephone service will remain as widely available as it is as at 11 September 1990.

These financial statements are published to comply with the Telecommunications (Disclosure) Regulations 1990 which came into force on the 1st of July 1990. As separate financial statements for the six months ended 30 September 1989 had not been prepared, no comparative figures for that period are included in these financial statements.

The principal activity of Telecom Central Limited is the provision of telecommunication services in the North Island excluding the Auckland, Northland and Wellington regions.

(ii) GENERAL ACCOUNTING POLICIES

These financial statements report on the affairs of the company as a going concern.

The measurement basis adopted is historical cost. Accrual accounting is used to match income and expenses.

(iii) SPECIFIC ACCOUNTING POLICIES

(A) FIXED ASSETS

Fixed assets are valued at the cost at which they were purchased by Telecom Corporation of New Zealand Limited from the Crown as at 1 April 1987, adjusted by subsequent additions at cost, disposals and depreciation. The fixed assets were purchased from the Crown on the basis of depreciated replacement cost using estimated remaining lives as at 1 April 1987.

Telecom Central Limited purchased fixed assets from Telecom as at 1 April 1989 at cost (as above) less accumulated depreciation pursuant to a Sale and Purchase Agreement dated 31 March 1989 and a supplementary agreement dated 28 September 1989. Subsequent additions have been recorded at cost.

The cost of additions to plant and equipment constructed within the Telecom Group subsequent to 1 April 1987 consists of all appropriate costs of development, construction and installation comprising material, labour, direct overheads and transport costs. For each fixed asset project having a cost in excess of \$10 million and a construction period of not less than 12 months, interest cost incurred during the period of time that is required to complete and get the fixed asset ready for its intended use is capitalised as part of the total cost.

Where capital project commitments are hedged against foreign currency rate risk, the capital project is recorded at the hedged exchange rate.

Telecommunication equipment includes that part of the network system up to and including the contracted demarcation point, terminal equipment installed within customers' premises and the cabling and wiring within commercial buildings where this has been supplied by the Group in its own right.

Costs associated with the installation, connection and provision of services are charged to earnings.

Maintenance and repairs, including minor renewals and betterments, are charged to earnings as incurred.

24 DECEMBER

NOTES TO THE FINANCIAL STATEMENTS—continued

(B) DEPRECIATION

Depreciation is charged on a straight line basis so as to write down the cost of the fixed assets to their estimated residual value over their estimated economic lives, which are as follows:

Telecommunication equipment and plant:

Customer local loop	р	••	••		• •	 	••	 	 	••	5–30 years
Junctions and trunk	c transm	ission	system	s		 		 	 		10–30 years
Switching equipment	nt.					 		 	 		5–15 vears
Customer premises	equipm	ent				 		 	 		5 vears
Other network equi	ipment					 		 	 		5–25 vears
Buildings	•					 		 	 		40–100 years
Motor vehicles						 		 	 		5 vears
Furniture and fittings				• •		 		 	 		5-10 years
Computer equipment						 		 	 		3-5 years
I and and conital works	-		not de								

Land and capital work in progress are not depreciated.

(C) INVENTORIES

Inventories are comprised of materials for self constructed network assets, critical maintenance spares and customer premises equipment held for rental or resale. They are stated at the lower of cost and net realisable value after provision for excess and obsolete items. Cost is determined on a first in first out basis.

Inventories also include revenue work in progress. Profit is recognised on completion of the contract.

(D) ACCOUNTS RECEIVABLE

Accounts receivable are recorded at expected realisable value after providing for doubtful debts.

(E) LEASES

The Company is lessor of customer premises equipment. Rental income applicable to operating leases, under which substantially all the benefits and risks of ownership remain with the lessor, are taken to revenue as earned.

Additionally the Company is lessee of certain plant, equipment, land and buildings under operating leases. Expenses relating to operating leases are charged against earnings as incurred.

No material finance leases have been entered into as lessor or lessee.

(F) COMPENSATED ABSENCES

The liability for employees' compensation for future absences is accrued in respect of employees' services already rendered and where the obligation relates to rights which have vested. Such liability is reflected as personnel accruals within accounts payable and accruals.

(G) LIABILITY FOR EMPLOYEES' SEVERANCE PAYMENTS

Employees whose services with the Company are terminated are normally entitled to lump-sum severance payments determined by reference to current basic rate of pay, length of service and conditions under which the termination occurs. The continued period during which a terminating employee served both the New Zealand Post Office and subsequently the Telecom Group constitutes the length of service.

Severance payments are accrued in respect of any employees whose positions have been specifically designated as being surplus to the needs of the Company. Such liabilities are reflected as personnel accruals within accounts payable and accruals.

(H) PENSIONS

Contributions are made into the Government Superannuation Fund (the "Fund") in respect of those employees who are members of the Fund at a rate specified under the Sale and Purchase Agreement whereby Telecom acquired the telecommunication business of the New Zealand Post Office on 1 April 1987. Additionally, full provision is made for the accrued pension costs relating to members of the Telecom Employees' Pension Plan (the "Plan") upon the basis of actuarial valuations which are to be made at least once every three years. Contributions to the Fund and the Plan are charged against earnings.

(I) FOREIGN CURRENCIES

The financial statements are expressed in New Zealand dollars. Foreign currency transactions are recorded at the exchange rate ruling at the date of the transaction except for hedged transactions which are recorded at the hedged exchange rate. Monetary assets and liabilities denominated in foreign currencies have been translated to New Zealand currency at the spot rates of exchange ruling at balance date. Realised and unrealised profits and losses on foreign exchange transactions are recognised in earnings for the period.

The Company enters into contracts with Telecom (as the Group's central treasury operation) to manage the Company's foreign exchange exposure.

NOTES TO THE FINANCIAL STATEMENTS—continued

(J) TAXATION

The taxation expense charged to earnings includes both current and deferred tax and is calculated after allowing for permanent differences. Deferred taxation calculated using the liability method is accounted for on all significant timing differences between the earnings stated in the financial statements and the assessable income computed for taxation purposes. Deferred taxation is recognised only on those timing differences which are expected to reverse within the foreseeable future.

(iv) CHANGES IN ACCOUNTING POLICIES

There have been no material changes in accounting policies during the period.

Other fixed assets include tools and plant, vehicles, office equipment, furniture and fittings and computer equipment. Included in telecommunication equipment at 30 September 1990 and 31 March 1990 respectively, is equipment leased to customers under operating leases with a cost of \$100.4 million and \$49.9 million, together with accumulated depreciation of \$59.5 million and \$29.3 million.

REGISTRATION OF TITLE TO LAND

Certificates of title for freehold interests in land included in the assets purchased from the Crown are being progressively raised by the Crown and transferred to Group companies. Titles for more than half the freehold interests have been issued and, for the remainder, equitable ownership rests with the Group.

LAND CLAIMS

Under the Treaty of Waitangi Act 1975 all land or interest in land included in the assets purchased from the Crown is subject to claims to the Waitangi Tribunal which has the power to recommend in appropriate circumstances that the land be resumed by the Crown in order that it be returned to Maori claimants. In the event that land is resumed by the Crown, compensation will be paid to Telecom under the provisions of the Public Works Act 1981. If this is insufficient to cover the loss certain additional compensation is payable under the provisions of the Sale and Purchase Agreement between Telecom and the Crown.

Under the State Owned Enterprises Act 1986 the Governor General may if satisfied that any land or interest in land held by Telecom is Wahi Tapu (being land of special spiritual, cultural or historical tribal significance) declare by order in Council that the land be resumed by the Crown, with compensation payable to Telecom under the provisions of the Public Works Act 1981.

15 COMMITMENTS

(A) OPERATING LEASES

Operating lease commitments are mainly in respect of leases of land and buildings. Minimum rental commitments as at 30 September 1990 for all non-cancellable operating leases for the years ended 30 September are:

-1991	0.3	
-1992	0.1	
-1993	0.7	
-1994	0.2	
-1995	4.1	
-Thereafter	21.3	
	\$26.7	million

(B) CAPITAL COMMITMENTS

As at 30 September 1990 capital expenditure amounting to \$35.3 million has been committed under contractual arrangements.

NOTES TO THE FINANCIAL STATEMENTS—continued

16 CONTINGENT LIABILITIES

(A) LAND CLAIMS

As stated in Note 14, land or interest in land included in assets purchased from the Crown is subject to claims to the Waitangi Tribunal or may be deemed to be Wahi Tapu and, in either case, may be resumed by the Crown, with provision for compensation to Telecom.

Certain claims have been brought or are pending against the Crown under the Treaty of Waitangi Act 1975. Some of these claims may affect land transfers to Telecom by the Crown and/or by Telecom to its subsidiary companies.

(B) LAWSUITS AND OTHER CLAIMS

Various lawsuits and claims have been brought or asserted against the Company. The Directors do not consider them to be material to the Company's financial position.

(C) GUARANTEES

The Company had guaranteed, together with other subsidiary companies, approximately \$780 million of the indebtedness of the parent company and other subsidiary companies at 30 September 1990, principally under the following agreements:

- (i) \$29.7 million under a facility agreement dated 31 August 1988 with the Bank of New Zealand establishing a \$400 million promissory note facility in favour of the parent company.
- (ii) \$474.7 million under a trust deed made as of 25 October 1988 with the New Zealand Guardian Trust Company Limited providing for the constitution and issue of securities in respect of indebtedness from time to time of the parent company and/or any guaranteeing subsidiary.
- (iii) \$275 million under a trust deed made as of 20 September 1989 and certain supplemental trust deeds with the Law Debenture Trust Corporation PLC providing for the constitution and issue of securities in respect of indebtedness from time to time of the parent company and/or any guaranteeing subsidiary.

Under the Trust Deeds referred to in (ii) and (iii) above the Company together with the other guaranteeing subsidiaries has given a negative pledge that while any of the guaranteed indebtedness remains outstanding it will not create or permit to exist any charge over any of its assets, subject to the exceptions provided within the Trust Deeds.

17 FELLOW SUBSIDIARY COMPANIES

At 30 September 1990 the principal fellow subsidiaries of the Company were as follows:

- Telecom Auckland Limited
- Telecom Wellington Limited
- Telecom South Limited
- Telecom Networks and International Limited
- Telecom Directories Limited
- Telecom Equipment Supplies Limited
- Telecom Cellular Limited
- Telecom Mobile Radio Limited
- Telecom Repair Services Limited
- Telecom Paging Limited
- New Zealand Telecommunications Systems Support Centre Limited
- Comtel Communications Limited
- Telecom Corporation of New Zealand (Overseas Finance) Limited
- Telecom Operations Limited
- Telecom North Limited

18 RELATED PARTY TRANSACTIONS

The Company is wholly owned by Telecom Corporation of New Zealand Limited which in turn was owned by the Crown until 12 September 1990. During that time the Company undertook many transactions with other State Owned Enterprises and government departments which were carried out at arm's length and in the normal course of business.

During the period the Company derived revenue from access fees, maintenance services, and asset construction services provided to fellow subsidiaries. The Company also utilised network capacity and related services and group management services provided by fellow subsidiaries. Additionally, certain inventory and network assets were procured from and serviced by fellow subsidiaries. Outstanding intercompany balances as at 30 September 1990 are:

Intercompany Receivable											\$1.1 million
Intercompany Payable and current account											\$128.6 million
Intercompany Term Liabilities	••	••	••	••	••	••	••	••	••	••	\$254.0 million

With the exception of the current account and the term liability, the balances are payable on normal trading terms. The current account is on call and the term liability has no fixed date for repayment. No related party debts have been written off or forgiven during the year.

19 SEGEMENTAL REPORTING

The Company's principal business activity is the provision of telecommunication services, constituting more than 90% of total operating revenues, operating earnings and identifiable assets.

The Company's business is conducted in New Zealand and is therefore within one geographical area for reporting purposes.

AUDITORS' REPORT

REPORT OF THE AUDITORS

TO THE MEMBERS OF TELECOM CENTRAL LIMITED

The financial statements are in agreement with the accounting records which, in our opinion, have been properly kept. We obtained the information and explanations we required.

In our opinion, the financial statements give, under the historical cost convention, a true and fair view of the state of the Company and its subsidiary's affairs at 30 September 1990 and of the earnings for the 6 months ended on that date and they comply with the Telecommunications (Disclosure) Regulations 1990.

On behalf of the Board

DR P TROUGHTON

CHAIRMAN

A J BORREN MANAGING DIRECTOR

WELLINGTON, 28 NOVEMBER 1990

NOTES TO THE FINANCIAL STATEMENTS

1 STATEMENT OF ACCOUNTING POLICIES

(i) CONSTITUTION, OWNERSHIP AND ACTIVITIES

Telecom Wellington Limited (the "Company"), was incorporated on 6th December 1988 and is a wholly-owned subsidiary of Telecom Corporation of New Zealand Limited (the "parent company" or "Telecom").

With effect from 1 April 1989 Telecom was restructured into a number of Regional Operating and New Venture companies and as a result, transferred to certain subsidiaries, including Telecom Wellington Limited, at net book value, the telecommunication equipment and other assets and liabilities relating to business previously conducted by Telecom. Telecom and its subsidiaries now together form the Telecom "Group".

The parent company was wholly owned by the Crown until 12 September 1990, when, pursuant to an agreement dated 14 June 1990, the Crown sold its shares to a consortium consisting of two American companies, American Information Technologies Corporation ("Ameritech") and Bell Atlantic Corporation ("Bell Atlantic") and two New Zealand companies, Freightways Holdings Ltd ("Freightways") and Fay, Richwhite Holdings Ltd ("Fay, Richwhite"). To comply with this agreement, Ameritech and Bell Atlantic will reduce their combined ownership of Telecom to 49.9% over the next three years by selling a combined 10% interest to Freightways and Fay, Richwhite and 40.1% to the public via stock offerings. At the completion of this transaction period, Ameritech and Bell Atlantic will each own 24.95% of Telecom.

The Crown will continue to hold a special rights convertible preference share (the "Kiwi share") in Telecom which assures that: - Local free calling will be maintained for all residential customers

- The Standard Residential Rental for ordinary residential telephone service will not rise faster than the cost of living as measured by the Consumers' Price Index unless Telecom's Regional Operating Company profits are unreasonably affected
- Line rentals for residential customers in rural areas will be no higher than the Standard Residential Rental, and ordinary residential telephone service will remain as widely available as it is as at 11 September 1990.

These financial statements are published to comply with the Telecommunications (Disclosure) Regulations 1990 which came into force on the 1st of July 1990. As separate financial statements for the six months ended 30 September 1989 had not been prepared, no comparative figures for that period are included in these financial statements.

The principal activity of Telecom Wellington Limited is the provision of telecommunication services in the Wellington region.

(ii) GENERAL ACCOUNTING POLICIES

These financial statements report on the affairs of the company as a going concern.

The measurement basis adopted is historical cost. Accrual accounting is used to match income and expenses.

(iii) SPECIFIC ACCOUNTING POLICIES

(A) FIXED ASSETS

Fixed assets are valued at the cost at which they were purchased by Telecom Corporation of New Zealand Limited from the Crown as at 1 April 1987, adjusted by subsequent additions at cost, disposals and depreciation. The fixed assets were purchased from the Crown on the basis of depreciated replacement cost using estimated remaining lives as at 1 April 1987.

Telecom Wellington Limited purchased fixed assets from Telecom as at 1 April 1989 at cost (as above) less accumulated depreciation pursuant to a Sale and Purchase Agreement dated 31 March 1989 and a supplementary agreement dated 28 September 1989. Subsequent additions have been recorded at cost.

The cost of additions to plant and equipment constructed within the Telecom Group subsequent to 1 April 1987 consists of all appropriate costs of development, construction and installation comprising material, labour, direct overheads and transport costs. For each fixed asset project having a cost in excess of \$10 million and a construction period of not less than 12 months, interest cost incurred during the period of time that is required to complete and get the fixed asset ready for its intended use is capitalised as part of the total cost.

Where capital project commitments are hedged against foreign currency rate risk, the capital project is recorded at the hedged exchange rate.

Telecommunication equipment includes that part of the network system up to and including the contracted demarcation point, terminal equipment installed within customers' premises and the cabling and wiring within commercial buildings where this has been supplied by the Group in its own right.

Costs associated with the installation, connection and provision of services are charged to earnings.

Maintenance and repairs, including minor renewals and betterments, are charged to earnings as incurred.

NOTES TO THE FINANCIAL STATEMENTS—continued

(B) DEPRECIATION

Depreciation is charged on a straight line basis so as to write down the cost of the fixed assets to their estimated residual value over their estimated economic lives, which are as follows:

Telecommunication equipment and plant:

Customer local loop	• • •	••	••		••				• •		••			5–30 years
Junctions and trunk t	ransmis	ssion s	systems		••	••	• •	••	••			••	••	10–30 years

Computer equipment	••	••	••	••	••	• •	••	••	••	••	••	••	••	3–5 years
T 1 1 1 1 1 1					. 1									

Land and capital work in progress are not depreciated.

(C) INVENTORIES

Inventories are comprised of materials for self constructed network assets, critical maintenance spares and customer premises equipment held for rental or resale. They are stated at the lower of cost and net realisable value after provision for excess and obsolete items. Cost is determined on a first in first out basis.

Inventories also include revenue work in progress. Profit is recognised on completion of the contract.

(D) ACCOUNTS RECEIVABLE

Accounts receivable are recorded at expected realisable value after providing for doubtful debts.

(E) LEASES

The Company is lessor of customer premises equipment. Rental income applicable to operating leases, under which substantially all the benefits and risks of ownership remain with the lessor, are taken to revenue as earned.

Additionally the Company is lessee of certain plant, equipment, land and buildings under operating leases. Expenses relating to operating leases are charged against earnings as incurred.

No material finance leases have been entered into as lessor or lessee.

(F) COMPENSATED ABSENCES

The liability for employees' compensation for future absences is accrued in respect of employees' services already rendered and where the obligation relates to rights which have vested. Such liability is reflected as personnel accruals within accounts payable and accruals.

(G) LIABILITY FOR EMPLOYEES' SEVERANCE PAYMENTS

Employees whose services with the Company are terminated are normally entitled to lump-sum severance payments determined by reference to current basic rate of pay, length of service and conditions under which the termination occurs. The continued period during which a terminating employee served both the New Zealand Post Office and subsequently the Telecom Group constitutes the length of service.

Severance payments are accrued in respect of any employees whose positions have been specifically designated as being surplus to the needs of the Company. Such liabilities are reflected as personnel accruals within accounts payable and accruals.

(H) PENSIONS

Contributions are made into the Government Superannuation Fund (the "Fund") in respect of those employees who are members of the Fund at a rate specified under the Sale and Purchase Agreement whereby Telecom acquired the telecommunication business of the New Zealand Post Office on 1 April 1987. Additionally, full provision is made for the accrued pension costs relating to members of the Telecom Employees' Pension Plan (the "Plan") upon the basis of actuarial valuations which are to be made at least once every three years. Contributions to the Fund and the Plan are charged against earnings.

(I) FOREIGN CURRENCIES

The financial statements are expressed in New Zealand dollars. Foreign currency transactions are recorded at the exchange rate ruling at the date of the transaction except for hedged transactions which are recorded at the hedged exchange rate. Monetary assets and liabilities denominated in foreign currencies have been translated to New Zealand currency at the spot rates of exchange ruling at balance date. Realised and unrealised profits and losses on foreign exchange transactions are recognised in earnings for the period.

The Company enters into contracts with Telecom (as the Group's central treasury operation) to manage the Company's foreign exchange exposure.

NOTES TO THE FINANCIAL STATEMENTS—continued

(J) TAXATION

The taxation expense charged to earnings includes both current and deferred tax and is calculated after allowing for permanent differences. Deferred taxation calculated using the liability method is accounted for on all significant timing differences between the earnings stated in the financial statements and the assessable income computed for taxation purposes. Deferred taxation is recognised only on those timing differences which are expected to reverse within the foreseeable future.

(iv) CHANGES IN ACCOUNTING POLICIES

There have been no material changes in accounting policies during the period.

Other fixed assets include tools and plant, vehicles, office equipment, furniture and fittings and computer equipment. Included in telecommunication equipment at 30 September 1990 and 31 March 1990 respectively, is equipment leased to customers under operating leases with a cost of \$95.0 million and \$102.1 million, together with accumulated depreciation of \$61.4 million and \$64.6 million.

REGISTRATION OF TITLE TO LAND

Certificates of title for freehold interests in land included in the assets purchased from the Crown are being progressively raised by the Crown and transferred to Group companies. Titles for more than half the freehold interests have been issued and, for the remainder, equitable ownership rests with the Group.

LAND CLAIMS

Under the Treaty of Waitangi Act 1975 all land or interest in land included in the assets purchased from the Crown is subject to claims to the Waitangi Tribunal which has the power to recommend in appropriate circumstances that the land be resumed by the Crown in order that it be returned to Maori claimants. In the event that land is resumed by the Crown, compensation will be paid to Telecom under the provisions of the Public Works Act 1981. If this is insufficient to cover the loss certain additional compensation is payable under the provisions of the Sale and Purchase Agreement between Telecom and the Crown.

Under the State Owned Enterprises Act 1986 the Governor General may if satisfied that any land or interest in land held by Telecom is Wahi Tapu (being land of special spiritual, cultural or historical tribal significance) declare by order in Council that the land be resumed by the Crown, with compensation payable to Telecom under the provisions of the Public Works Act 1981.

15 COMMITMENTS

(A) OPERATING LEASES

Operating lease commitments are mainly in respect of leases of land and buildings. Minimum rental commitments as at 30 September 1990 for all non-cancellable operating leases for the years ended 30 September are:

-1991	10.5	
-1992	9.6	
-1993	9.0	
-1994	8.7	
-1995	8.4	
-Thereafter	44.6	
	\$90.8	million

(B) CAPITAL COMMITMENTS

As at 30 September 1990 capital expenditure amounting to \$8.7 million has been committed under contractual arrangements.

NOTES TO THE FINANCIAL STATEMENTS—continued

16 CONTINGENT LIABILITIES

(A) LAND CLAIMS

As stated in Note 14, land or interest in land included in assets purchased from the Crown is subject to claims to the Waitangi Tribunal or may be deemed to be Wahi Tapu and, in either case, may be resumed by the Crown, with provision for compensation to Telecom.

Certain claims have been brought or are pending against the Crown under the Treaty of Waitangi Act 1975. Some of these claims may affect land transfers to Telecom by the Crown and/or by Telecom to its subsidiary companies.

(B) LAWSUITS AND OTHER CLAIMS

Various lawsuits and claims have been brought or asserted against the Company. The Directors do not consider them to be material to the Company's financial position.

(C) GUARANTEES

The Company had guaranteed, together with other subsidiary companies, approximately \$780 million of the indebtedness of the parent company and other subsidiary companies at 30 September 1990, principally under the following agreements:

- (i) \$29.7 million under a facility agreement dated 31 August 1988 with the Bank of New Zealand establishing a \$400 million promissory note facility in favour of the parent company.
- (ii) \$474.7 million under a trust deed made as of 25 October 1988 with the New Zealand Guardian Trust Company Limited providing for the constitution and issue of securities in respect of indebtedness from time to time of the parent company and/or any guaranteeing subsidiary.
- (iii) \$275 million under a trust deed made as of 20 September 1989 and certain supplemental trust deeds with the Law Debenture Trust Corporation PLC providing for the constitution and issue of securities in respect of indebtedness from time to time of the parent company and/or any guaranteeing subsidiary.

Under the Trust Deeds referred to in (ii) and (iii) above the Company together with the other guaranteeing subsidiaries has given a negative pledge that while any of the guaranteed indebtedness remains outstanding it will not create or permit to exist any charge over any of its assets, subject to the exceptions provided within the Trust Deeds.

17 FELLOW SUBSIDIARY COMPANIES

At 30 September 1990 the principal fellow subsidiaries of the Company were as follows:

- Telecom Auckland Limited
- Telecom Central Limited
- Telecom South Limited
- Telecom Networks and International Limited
- Telecom Directories Limited
- Telecom Equipment Supplies Limited
- Telecom Cellular Limited
- Telecom Mobile Radio Limited
- Telecom Repair Services Limited
- Telecom Paging Limited
- New Zealand Telecommunications Systems Support Centre Limited
- Comtel Communications Limited
- Telecom Corporation of New Zealand (Overseas Finance) Limited
- Telecom Operations Limited
- Telecom North Limited

18 RELATED PARTY TRANSACTIONS

The Company is wholly owned by Telecom Corporation of New Zealand Limited which in turn was owned by the Crown until 12 September 1990. During that time the Company undertook many transactions with other State Owned Enterprises and government departments which were carried out at arm's length and in the normal course of business.

During the period the Company derived revenue from access fees, maintenance services, and asset construction services provided to fellow subsidiaries. The Company also utilised network capacity and related services and group management services provided by fellow subsidiaries. Additionally, certain inventory and network assets were procured from and serviced by fellow subsidiaries. Outstanding intercompany balances as at 30 September 1990 are:

Intercompany Receivable	• •				 	 			\$3.7 million
Intercompany Payable and current account					 	 			\$31.2 million
Intercompany Term Liabilities	••	• •	••	••	 • •	 	••	• •	\$132.4 million

With the exception of the current account and the term liability, the balances are payable on normal trading terms. The current account is on call and the term liability has no fixed date for repayment. No related party debts have been written off or forgiven during the year.

19 SEGEMENTAL REPORTING

The Company's principal business activity is the provision of telecommunication services, constituting more than 90% of total operating revenues, operating earnings and identifiable assets.

The Company's business is conducted in New Zealand and is therefore within one geographical area for reporting purposes.

AUDITORS' REPORT

REPORT OF THE AUDITORS

TO THE MEMBERS OF TELECOM WELLINGTON LIMITED

The financial statements are in agreement with the accounting records which, in our opinion, have been properly kept. We obtained the information and explanations we required.

In our opinion, the financial statements give, under the historical cost convention, a true and fair view of the state of the Company's affairs at 30 September 1990 and of the earnings for the 6 months ended on that date and they comply with the Telecommunications (Disclosure) Regulations 1990.

On behalf of the Board

J A CARTER

CHAIRMAN

W J HARRISON MANAGING DIRECTOR

CHRISTCHURCH, 28 NOVEMBER 1990

NOTES TO THE FINANCIAL STATEMENTS

1 STATEMENT OF ACCOUNTING POLICIES

(i) CONSTITUTION, OWNERSHIP AND ACTIVITIES

Telecom South Limited (the "Company"), was incorporated on 6th December 1988 and is a wholly-owned subsidiary of Telecom Corporation of New Zealand Limited (the "parent company" or "Telecom").

With effect from 1 April 1989 Telecom was restructured into a number of Regional Operating and New Venture companies and as a result, transferred to certain subsidiaries, including Telecom South Limited, at net book value, the telecommunication equipment and other assets and liabilities relating to business previously conducted by Telecom. Telecom and its subsidiaries now together form the Telecom "Group".

The parent company was wholly owned by the Crown until 12 September 1990, when, pursuant to an agreement dated 14 June 1990, the Crown sold its shares to a consortium consisting of two American companies, American Information Technologies Corporation ("Ameritech") and Bell Atlantic Corporation ("Bell Atlantic") and two New Zealand companies, Freightways Holdings Ltd ("Freightways") and Fay, Richwhite Holdings Ltd ("Fay, Richwhite"). To comply with this agreement, Ameritech and Bell Atlantic will reduce their combined ownership of Telecom to 49.9% over the next three years by selling a combined 10% interest to Freightways and Fay, Richwhite and 40.1% to the public via stock offerings. At the completion of this transaction period, Ameritech and Bell Atlantic will each own 24.95% of Telecom.

The Crown will continue to hold a special rights convertible preference share (the "Kiwi share") in Telecom which assures that: -Local free calling will be maintained for all residential customers

-The Standard Residential Rental for ordinary residential telephone service will not rise faster than the cost of living as measured by the Consumers' Price Index unless Telecom's Regional Operating Company profits are unreasonably affected

-Line rentals for residential customers in rural areas will be no higher than the Standard Residential Rental, and ordinary residential telephone service will remain as widely available as it is as at 11 September 1990.

These financial statements are published to comply with the Telecommunications (Disclosure) Regulations 1990 which came into force on the 1st of July 1990. As separate financial statements for the six months ended 30 September 1989 had not been prepared, no comparative figures for that period are included in these financial statements.

The principal activity of Telecom South Limited is the provision of telecommunication services in the South Island.

(ii) GENERAL ACCOUNTING POLICIES

These financial statements report on the affairs of the company as a going concern.

The measurement basis adopted is historical cost. Accrual accounting is used to match income and expenses.

(iii) SPECIFIC ACCOUNTING POLICIES

(A) FIXED ASSETS

Fixed assets are valued at the cost at which they were purchased by Telecom Corporation of New Zealand Limited from the Crown as at 1 April 1987, adjusted by subsequent additions at cost, disposals and depreciation. The fixed assets were purchased from the Crown on the basis of depreciated replacement cost using estimated remaining lives as at 1 April 1987.

Telecom South Limited purchased fixed assets from Telecom as at 1 April 1989 at cost (as above) less accumulated depreciation pursuant to a Sale and Purchase Agreement dated 31 March 1989 and a supplementary agreement dated 28 September 1989. Subsequent additions have been recorded at cost.

The cost of additions to plant and equipment constructed within the Telecom Group subsequent to 1 April 1987 consists of all appropriate costs of development, construction and installation comprising material, labour, direct overheads and transport costs. For each fixed asset project having a cost in excess of \$10 million and a construction period of not less than 12 months, interest cost incurred during the period of time that is required to complete and get the fixed asset ready for its intended use is capitalised as part of the total cost.

Where capital project commitments are hedged against foreign currency rate risk, the capital project is recorded at the hedged exchange rate.

Telecommunication equipment includes that part of the network system up to and including the contracted demarcation point, terminal equipment installed within customers' premises and the cabling and wiring within commercial buildings where this has been supplied by the Group in its own right.

Costs associated with the installation, connection and provision of services are charged to earnings.

Maintenance and repairs, including minor renewals and betterments, are charged to earnings as incurred.

TELECOM SOUTH LIMITED

NOTES TO THE FINANCIAL STATEMENTS—continued

(B) DEPRECIATION

Depreciation is charged on a straight line basis so as to write down the cost of the fixed assets to their estimated residual value over their estimated economic lives, which are as follows:

Telecommunication equipment and plant:

Customer local loop	•		-		 • •	 •••	••		••			5–30 years
Junctions and trunk to	ransmi	ssion	systems	5	 	 		• •	••	••		10–30 years
Switching equipment			·	••	 	 ••		• •	••	••	••	5–15 years
Customer premises ed	juipme	ent		••	 ••	 		••	••	••	••	5 years
Other network equipr	nent			••	 	 		••	••	••	••	5–25 years
Buildings			••		 	 	••	••	••	••	••	40–100 years
Motor vehicles	••		• •		 	 		••	• •	•••	••	5 years
Furniture and fittings	••	••			 	 		••	••	••	••	5–10 years
Computer equipment	• •	••			 ••	 ••		••	••	••	••	3–5 years
				• .								

Land and capital work in progress are not depreciated.

(C) INVENTORIES

Inventories are comprised of materials for self constructed network assets, critical maintenance spares and customer premises equipment held for rental or resale. They are stated at the lower of cost and net realisable value after provision for excess and obsolete items. Cost is determined on a first in first out basis.

Inventories also include revenue work in progress. Profit is recognised on completion of the contract.

(D) ACCOUNTS RECEIVABLE

Accounts receivable are recorded at expected realisable value after providing for doubtful debts.

(E) LEASES

The Company is lessor of customer premises equipment. Rental income applicable to operating leases, under which substantially all the benefits and risks of ownership remain with the lessor, are taken to revenue as earned.

Additionally the Company is lessee of certain plant, equipment, land and buildings under operating leases. Expenses relating to operating leases are charged against earnings as incurred.

No material finance leases have been entered into as lessor or lessee.

(F) COMPENSATED ABSENCES

The liability for employees' compensation for future absences is accrued in respect of employees' services already rendered and where the obligation relates to rights which have vested. Such liability is reflected as personnel accruals within accounts payable and accruals.

(G) LIABILITY FOR EMPLOYEES' SEVERANCE PAYMENTS

Employees whose services with the Company are terminated are normally entitled to lump-sum severance payments determined by reference to current basic rate of pay, length of service and conditions under which the termination occurs. The continued period during which a terminating employee served both the New Zealand Post Office and subsequently the Telecom Group constitutes the length of service.

Severance payments are accrued in respect of any employees whose positions have been specifically designated as being surplus to the needs of the Company. Such liabilities are reflected as personnel accruals within accounts payable and accruals.

(H) PENSIONS

Contributions are made into the Government Superannuation Fund (the "Fund") in respect of those employees who are members of the Fund at a rate specified under the Sale and Purchase Agreement whereby Telecom acquired the telecommunication business of the New Zealand Post Office on 1 April 1987. Additionally, full provision is made for the accrued pension costs relating to members of the Telecom Employees' Pension Plan (the "Plan") upon the basis of actuarial valuations which are to be made at least once every three years. Contributions to the Fund and the Plan are charged against earnings.

(I) FOREIGN CURRENCIES

The financial statements are expressed in New Zealand dollars. Foreign currency transactions are recorded at the exchange rate ruling at the date of the transaction except for hedged transactions which are recorded at the hedged exchange rate. Monetary assets and liabilities denominated in foreign currencies have been translated to New Zealand currency at the spot rates of exchange ruling at balance date. Realised and unrealised profits and losses on foreign exchange transactions are recognised in earnings for the period.

The Company enters into contracts with Telecom (as the Group's central treasury operation) to manage the Company's foreign exchange exposure.

NOTES TO THE FINANCIAL STATEMENTS—continued

(J) TAXATION

The taxation expense charged to earnings includes both current and deferred tax and is calculated after allowing for permanent differences. Deferred taxation calculated using the liability method is accounted for on all significant timing differences between the earnings stated in the financial statements and the assessable income computed for taxation purposes. Deferred taxation is recognised only on those timing differences which are expected to reverse within the foreseeable future.

(iv) CHANGES IN ACCOUNTING POLICIES

There have been no material changes in accounting policies during the period.

Other fixed assets include tools and plant, vehicles, office equipment, furniture and fittings and computer equipment. Included in telecommunication equipment at 30 September 1990 and 31 March 1990 respectively, is equipment leased to customers under operating leases with a cost of \$116.9 million and \$113.0 million, together with accumulated depreciation of \$66.9 million and \$64.5 million.

REGISTRATION OF TITLE TO LAND

Certificates of title for freehold interests in land included in the assets purchased from the Crown are being progressively raised by the Crown and transferred to Group companies. Titles for more than half the freehold interests have been issued and, for the remainder, equitable ownership rests with the Group.

LAND CLAIMS

Under the Treaty of Waitangi Act 1975 all land or interest in land included in the assets purchased from the Crown is subject to claims to the Waitangi Tribunal which has the power to recommend in appropriate circumstances that the land be resumed by the Crown in order that it be returned to Maori claimants. In the event that land is resumed by the Crown, compensation will be paid to Telecom under the provisions of the Public Works Act 1981. If this is insufficient to cover the loss certain additional compensation is payable under the provisions of the Sale and Purchase Agreement between Telecom and the Crown.

Under the State Owned Enterprises Act 1986 the Governor General may if satisfied that any land or interest in land held by Telecom is Wahi Tapu (being land of special spiritual, cultural or historical tribal significance) declare by order in Council that the land be resumed by the Crown, with compensation payable to Telecom under the provisions of the Public Works Act 1981.

15 COMMITMENTS

(A) OPERATING LEASES

Operating lease commitments are mainly in respect of leases of land and buildings. Minimum rental commitments as at 30 September 1990 for all non-cancellable operating leases for the years ended 30 September are:

-1991	3.7	
-1992	3.4	
-1993	2.7	
-1994	1.5	
-1995	1.4	
-Thereafter	3.2	
	\$15.9	million

(B) CAPITAL COMMITMENTS

As at 30 September 1990 capital expenditure amounting to \$62.0 million has been committed under contractual arrangements.

NOTES TO THE FINANCIAL STATEMENTS—continued

16 CONTINGENT LIABILITIES

(A) LAND CLAIMS

As stated in Note 14, land or interest in land included in assets purchased from the Crown is subject to claims to the Waitangi Tribunal or may be deemed to be Wahi Tapu and, in either case, may be resumed by the Crown, with provision for compensation to Telecom.

Certain claims have been brought or are pending against the Crown under the Treaty of Waitangi Act 1975. Some of these claims may affect land transfers to Telecom by the Crown and/or by Telecom to its subsidiary companies.

(B) LAWSUITS AND OTHER CLAIMS

Various lawsuits and claims have been brought or asserted against the Company. The Directors do not consider them to be material to the Company's financial position.

(C) GUARANTEES

The Company had guaranteed, together with other subsidiary companies, approximately \$780 million of the indebtedness of the parent company and other subsidiary companies at 30 September 1990, principally under the following agreements:

- (i) \$29.7 million under a facility agreement dated 31 August 1988 with the Bank of New Zealand establishing a \$400 million promissory note facility in favour of the parent company.
- (ii) \$474.7 million under a trust deed made as of 25 October 1988 with the New Zealand Guardian Trust Company Limited providing for the constitution and issue of securities in respect of indebtedness from time to time of the parent company and/or any guaranteeing subsidiary.
- (iii) \$275 million under a trust deed made as of 20 September 1989 and certain supplemental trust deeds with the Law Debenture Trust Corporation PLC providing for the constitution and issue of securities in respect of indebtedness from time to time of the parent company and/or any guaranteeing subsidiary.

Under the Trust Deeds referred to in (ii) and (iii) above the Company together with the other guaranteeing subsidiaries has given a negative pledge that while any of the guaranteed indebtedness remains outstanding it will not create or permit to exist any charge over any of its assets, subject to the exceptions provided within the Trust Deeds.

17 FELLOW SUBSIDIARY COMPANIES

At 30 September 1990 the principal fellow subsidiaries of the Company were as follows:

- Telecom Auckland Limited
- Telecom Central Limited
- Telecom Wellington Limited
- Telecom Networks and International Limited
- Telecom Directories Limited
- Telecom Equipment Supplies Limited
- Telecom Cellular Limited
- Telecom Mobile Radio Limited
- Telecom Repair Services Limited
- Telecom Paging Limited
- New Zealand Telecommunications Systems Support Centre Limited
- Comtel Communications Limited
- Telecom Corporation of New Zealand (Overseas Finance) Limited
- Telecom Operations Limited
- Telecom North Limited

18 RELATED PARTY TRANSACTIONS

The Company is wholly owned by Telecom Corporation of New Zealand Limited which in turn was owned by the Crown until 12 September 1990. During that time the Company undertook many transactions with other State Owned Enterprises and government departments which were carried out at arm's length and in the normal course of business.

During the period the Company derived revenue from access fees, maintenance services, and asset construction services provided to fellow subsidiaries. The Company also utilised network capacity and related services and group management services provided by fellow subsidiaries. Additionally, certain inventory and network assets were procured from and serviced by fellow subsidiaries. Outstanding intercompany balances as at 30 September 1990 are:

Intercompany Receivable	••										\$14.0 million
Intercompany Payable and current account	• •		• •	••	• •						\$42.2 million
Intercompany Term Liabilities	••	••	••	••	• •	• •	•••	••	••	••	\$244.8 million

With the exception of the current account and the term liability, the balances are payable on normal trading terms. The current account is on call and the term liability has no fixed date for repayment. No related party debts have been written off or forgiven during the year.

19 SEGEMENTAL REPORTING

The Company's principal business activity is the provision of telecommunication services, constituting more than 90% of total operating revenues, operating earnings and identifiable assets.

The Company's business is conducted in New Zealand and is therefore within one geographical area for reporting purposes.

AUDITORS' REPORT

REPORT OF THE AUDITORS

TO THE MEMBERS OF TELECOM SOUTH LIMITED

The financial statement are in agreement with the accounting records which, in our opinion, have been properly kept. We obtained the information and explanations we required.

In our opinion, the financial statements give, under the historical cost convention, a true and fair view of the state of the Company's affairs at 30 September 1990 and of the earnings for the 6 months ended on that date and they comply with the Telecommunications (Disclosure) Regulations 1990.
