Notes to the Financial Statements FOR THE PERIOD ENDED 31 MARCH 1991

1. STATEMENT OF ACCOUNTING POLICIES

The ASB Bank Community Trust ("the Trust") was formed on 30 May 1988 through the creation of a trust deed in compliance with the Trustee Banks Restructuring Act 1988. Under the terms of the trust deed the Trust was settled with 60 million \$1 fully paid ordinary shares in ASB Bank Limited representing 100% of the issued capital. Subsequently 45 million shares were sold in 1989 to the Commonwealth Bank of Australia.

GENERAL ACCOUNTING POLICIES

The measurement basis adopted is that of historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the Trust is a going concern. Accrual accounting is used to match income and expenditure.

PARTICULAR ACCOUNTING POLICIES

Bank
Bank is stated as the balance in the bank account rather than the balance as per the cash book.

Investments
Investments in shares are valued at the net tangible asset backing as disclosed in the latest published accounts. Any revaluation difference is transferred direct to an investment revaluation reserve.

Fixed Assets
Fixed Assets were valued at cost less accumulated depreciation.

Depreciation
Office equipment and furniture were depreciated on a diminishing value basis.

Taxation
Taxation includes both current and deferred tax. Deferred tax is calculated using the liability method.

Dividends
Dividends are recognised as income when they are received by the Trust, and include imputation tax credits if any.

Donations
Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the Trustees except that where donations approved are payable over a number of accounting periods the future donations payable are accounted for in the year in which they are paid.

Changes in Accounting Policies
The accounting policy for disclosure of bank balances has been changed (refer Bank note above). The effect is to increase the bank account and committed donations by \$120,733. The comparatives have been adjusted accordingly, increasing bank and committed grants by \$33,010.
