- (vi) Regional civil defence (pending the outcome of the present review of civil defence);
- (vii) Ownership of existing port company shares and ex-harbour board assets and liabilities;

(d) Regional councils will be required to contract out any operational aspects of their functions unless there is good reason for them not to;

(e) Regional councils will have the present rating and charging powers of regional councils appropriate to their more limited functions.

3. Membership of Regional Councils

(a) The membership of all regional councils including the Auckland Regional Council will be elected from constituencies.

(b) From the next local authority elections in October 1992,

the maximum membership of regional councils will be 14 and the minimum membership 6.

5. Nelson-Marlborough Region

(a) The Government has approved the abolition of the Nelson-Marlborough Regional Council and the constitution of the Nelson City Council, and the Marlborough and Tasman District Councils as territorial authorities with the functions, duties and powers of regional councils. This approval is subject to the establishment of public support in the region for this concept.

(b) The Government has also agreed that if the Nelson-Marlborough Regional Council is to be abolished, the Kaikoura District will either be:

- (i) Included in the Marlborough District; or
- (ii) Retained as a separate district and be included in the Canterbury Region.

6. Regional Boundaries

B. Matters to be Reported on by the Commission

7. The Commission is to consider, report, and make recommendations on the constituencies and membership of regional councils, including:

(b) Whether any change is required to the current constituency boundaries for all other regions presently constituted (except Gisborne), for the 1992 local authority elections;

(c) The appropriate number of elected members for each region presently constituted (other than Gisborne), and their constituencies;

(d) In respect of the Nelson-Marlborough Region, the constituencies and membership that would apply for the 1992 local authority elections, in the event that the regional council is retained;

C. Criteria to be Taken into Account by the Commission

- (ii) Separation of regulatory functions, as required under section 223c (d) of the Local Government Act 1974; and
- (iii) The fair and effective representation of the different communities of the region.

(b) The criteria set out in section 101L of the Local Government Act, for the consideration of regional councils when reviewing the number and boundaries of constituencies, including:

- (i) That the number and boundaries of constituencies will provide effective representation of communities of interest within the region;
- (ii) That the constituency boundaries coincide with the boundaries of current statistical meshblock areas determined by the Department of Statistics and used for Parliamentary electoral purposes;
- (iii) That, so far as is practical, constituency boundaries coincide with the boundaries of one or more territorial authority districts or the boundaries of wards;
- (iv) That the electors of a constituency receive fair representation having regard to the population of every constituency within the region, and if the circumstances require the rateable values, areas, or other relevant characteristics of the various constituencies;

(c) With the exception of the Auckland Region and where all other criteria have been met, it is desirable as far as practicable for the boundaries of existing constituencies, or combinations of these, to be retained for the 1992 local authority elections;

(d) Such other factors which in the opinion of the Commission are relevant.

11. Without limiting the Commission's discretion in considering, reporting, and making recommendations on the wards and membership of Marlborough District, the Commission may consider such provisions of section 101L of the Local Government Act are applicable.
