Using the Gazette

The *New Zealand Gazette*, the official newspaper of the Government of New Zealand, is published weekly on Thursday. Publishing time is 4 p.m.

Notices for publication and related correspondence should be addressed to:

Gazette Office,
Department of Internal Affairs,
P.O. Box 805,
Wellington.
Telephone (04) 495 7200
Facsimile (04) 499 1865

or lodged at the Gazette Office, Seventh Floor, Dalmuir House, 114 The Terrace, Wellington.

Closing time for lodgment of notices at the Gazette Office is 12 noon on the Tuesday preceding publication (except for holiday periods when special advice of earlier closing times will be given).

Notices are accepted for publication in the next available issue, unless otherwise specified.

Notices being submitted for publication must be reproduced copies of the originals. Dates, proper names and signatures are to be shown clearly. A covering instruction setting out requirements must accompany all notices.

Copy will be returned unpublished if not submitted in accordance with these requirements.

Availability

The *New Zealand Gazette* is available on subscription from Legislation Services, P.O. Box 12-418, Wellington or over the counter at the following locations:

Bennetts Bookshop Limited

Housing Corporation Building, 25 Rutland Street, Auckland.

147 Hereford Street, Christchurch.

Cargill House, 123 Princes Street, Dunedin.

38-42 Broadway Avenue, Palmerston North.

Waikato Polytechnic, Gate 5, Tristram Street, Private Bag, Waikato.

Bowen House, Lambton Quay, Wellington.

Other issues of the Gazette:

Commercial Edition—Published weekly on Wednesdays.

Customs Edition—Published weekly on Tuesdays.

Special Editions and Supplements—Published as and when required.

Advertising Rates

The following rates for the insertion of material in the Principal Edition of the *New Zealand Gazette* apply as from 1 July 1991:

Category 1

Single column notices, e.g.: Notices under the Transport Act, Public Works Act — 55c per word.

Category 2

Notices in table form or taking up two columns across the page, e.g.: Regulation Summaries, notices under the Medicines Act — 60c per word.

The appropriate rate to be applied to an advertisement will be determined at the time of setting up the notice for publication. Customers will be invoiced in accordance with standard commercial practices. Advertising rates are not negotiable.

All rates shown are inclusive of G.S.T.

Research, Science and Technology

Foundation for Research, Science and Technology Act 1990

Direction to Allocate Funds Under the Ministerial Scheme "Technology for Business Growth" for the 1992-93 Financial Year

To: Dr I. Axford, Chairperson of The Foundation for Research, Science and Technology, P.O. Box 12-240, Wellington.

Dear Dr Axford — In accordance with section 8 of the Foundation for Research, Science and Technology Act 1990, I direct the Foundation for Research, Science and Technology to allocate funds under the Ministerial Scheme "Technology for Business Growth" for the 1992-93 financial year.

The funds allocated are intended to develop, or assist in the development of, skills relating to research, science and technology, and to promote or facilitate the application of the results or research and technological developments. Annex A details the specific nature, objectives, criteria, and funding levels applying to the Scheme, and nominates the agency that is to monitor the Scheme. The Foundation is to report to me on the operation of the Scheme within 2 months of the end of the 1992-93 financial year. The report should describe the specific projects to which funds have been allocated and should provide an assessment of the degree to which these allocations have contributed to the specific objectives of the

Scheme. The report should also provide an assessment of the Scheme in relation to the performance measures identified for the allocation of funds on behalf of the Crown for technological innovation in the Foundation's 1992-93 Corporate Plan.

Monitoring action by the Ministry of Research, Science and Technology shall comprise a commentary on the report provided by the Foundation.

This instruction relates only to the operation of the Scheme for the 1992-93 financial year. A more comprehensive framework for existing and proposed Ministerial Schemes will be developed and notified to you in due course, for the operation of Schemes for the 1993-94 financial year.

In accordance with the Foundation Act, this notice will be published in the *Gazette* and a copy laid before the House of Representatives.

Annex A. Ministerial Scheme—Technology for Business Growth Scheme

The Nature of the Scheme

The Technology for Business Growth Scheme (TBG) is intended to develop, or assist in the development of, skills relating to research, science and technology and to promote or facilitate the application of the results of research or technological developments.

The TBG assists businesses accessing technology by funding the secondment of scientists and/or technologists into companies and by part funding co-operative research projects between small companies and research agencies. Suitable research agencies may be any organisation whose principal activity is technological research and development. These organisations are:

- Crown Research Institutes
- Government Departments
- Research Associations
- Polytechnics
- Universities

The Objectives of the Scheme

The goals of the Technology for Business Growth Scheme are to improve the technological performance and innovation of New Zealand business and industry by:

- increasing the quantity and quality of R&D in industry;
- promoting the R&D of new, technology-based products, processes and services with commercial potential;
- encouraging business growth and international competitiveness through development of technology in industry; and
- encouraging co-operation between research institutions and industry in the development, exploitation and transfer of technology.

The mechanisms supported are staff secondments from suitable research institutions or matching finance when the project is not best pursued by secondment.

The Foundation is directed to call for proposals under this scheme.

Funding for the Scheme

The Foundation for Research, Science and Technology will be appropriated \$4.3 million through Vote : Research, Science and Technology for the 1992-93 financial year which will be disbursed to participants through the allocative processes adopted by the Foundation.

Future appropriations for this scheme will be dependent on the annual budgetary process of Government.

Monitoring of the Scheme

The scheme will be monitored by the Ministry of Research, Science and Technology.

Dated at Wellington this 12th day of May 1993.

SIMON UPTON, Minister of Research, Science and Technology.

Land and Interests Over Land Acquired for the Te Atatu Central Pumping Station No. 55 in Waitakere City

Pursuant to section 20 (1) of the Public Works Act 1981, and to a delegation from the Minister of Lands, the Manager, Lands and Property, Department of Survey and Land Information, Auckland, declares that, an agreement to that effect having been entered into,

(a) The land described in the First Schedule, and

(b) The easements in gross described in the Second Schedule, over the land described in the Third and Fourth Schedules,

are acquired for sanitary works (sewage pumping station site), and the said land and easements shall vest in The Auckland Regional Council on the date of publication of this declaration in the *Gazette*.

First Schedule**North Auckland Land District**

530 square metres, being part Lot 3, D.P. 370; shown marked "A" on S.O. Plan 66352, lodged in the office of the Chief Surveyor at Auckland.

Second Schedule**North Auckland Land District****(Easements)**

The Waitakere City Council together with its successors and assigns (hereinafter called "the owner") is the registered proprietor of the land described in Fifth Schedule (hereinafter called "the servient land") and is the grantor and The Auckland Regional Council (hereinafter called "the council") is the grantee of easements in gross and in perpetuity being:

(a) A 6.0 metre wide sewage rising main easement over that portion of the servient land described in the Third Schedule (hereinafter called "the easement land") with the right to convey and lead sewage and waste water upon the terms set out in the fourth and fifth paragraphs to the Seventh Schedule to the Land Transfer Act 1952, and as modified by the additional terms and conditions set out in the Schedule hereto,

(b) A 6.0 metre wide right of way easement over that portion of the servient land described in the Fourth Schedule (hereinafter called "the accessway") for the purpose of providing access to the pumping station over and across the accessway and generally on those terms specified in the Seventh Schedule of the Land Transfer Act 1952, and the Ninth Schedule to the Property Law Act 1952, and as modified by the additional terms and conditions set out in the Schedule hereto,

(c) A 6.0 metre wide water supply easement over the accessway with the right to convey and lead water within, over, through and across the accessway and generally on those terms specified in the second and fifth paragraphs of the Seventh Schedule to the Land Transfer Act 1952, and as modified by the additional terms and conditions set out in the Schedule hereto, for the purpose of providing a water supply to the pumping station.

Schedule**Additional Terms and Conditions**

(1) The term of the easements shall be in perpetuity provided however if the owner shall offer to the council at any time or times hereafter an alternative water route or right of way route or sewage rising main easement over the servient land which shall have the effect of enabling the council to maintain as suitable a water supply or accessway or rising main to the pumping station as is provided for in these presents and shall grant to the council at the owner's cost an easement in perpetuity over such alternative route or routes on the same terms and conditions as are contained in these presents (but excluding this present covenant) then the easements granted herein in respect of that right or rights shall cease and determine as from the date upon which subsequent easement shall be created PROVIDED that the council will meet all costs involved in the physical relocation of the said water supply or accessway and will relocate that service or services in a fashion consistent with the owner's subdivisional requirements in respect of any subdivision of the servient land AND PROVIDED FURTHER that the council shall always retain the sole and unfettered option to relocate the rising main upon any such request from the owner but only if in the council's view it is technically feasible to relocate the said rising main AND PROVIDED FURTHER that all costs involved in any such relocation shall be met by the owner together with the costs of the provision of the underground electrical supply in excess of the costs incurred to establish such supply by the shortest possible direct route from Te Atatu Road.

(2) The owner shall not at any time on or over the above described easement land and/or accessway without the prior written consent of the council:

(a) place any buildings, erections or fences or permanent improvements of any nature;

(b) do permit or suffer any act whereby the rights, powers, licences and liberties hereby granted to the council may be interfered with or affected; or

(c) do permit or suffer any act whereby the said water supply pipes or sewage rising main may be interfered with or damaged.

(3) Where the terms of these presents require the consent of the council to be obtained in respect of any matter herein referred to, then the council shall not unreasonably or arbitrarily withhold such consent.

(4) The council will:

(a) At all times repair and maintain such sewage rising mains and pipes as may be constructed or laid through or under the easement land and/or the accessway and/or the servient land in pursuance of these presents in a good and efficient state of repair for purposes for which the same are designed and will prevent the same from becoming a nuisance;

(b) Cause as little damage as possible to the surface of the easement land and accessway and repair and make good all damage caused by any such works to fences and drains in upon or around the servient land and accessway;

(c) Construct, form, seal, repair and maintain a road on and across the accessway to the extent of the council's requirements and to an acceptable standard commensurate with the owner's subdivisional requirements to enable it to maintain the full intended use of the accessway or where the need for such maintenance or repair is directly attributable to the use of the accessway by the council. In the event of the owner being responsible for causing damage to the accessway by reason of abnormal or negligent use of the accessway then the owner shall be solely responsible for the cost of repairing such damage.

(5) Nothing herein contained or implied shall be deemed to compel the council to convey water through the said pipes or pump, lead or convey sewage or waste water through the said

rising main and the council may from time to time cease to continue to convey or receive water through the said pipes or pump sewage, or waste water through the said rising main at will.

(6) All disputes and differences between the owner and the council (hereinafter called "the parties") concerning the rights herein acquired and the terms and conditions relating thereto shall be submitted to the arbitration of a single arbitrator if the parties can agree upon one but otherwise to two arbitrators (one to be appointed by each party) and their umpire (who shall be appointed prior to their entering upon the arbitration) such arbitration to be carried out in accordance with the provisions of the Arbitration Act 1908 or any then subsisting statutory provisions relating to arbitration.
