Termination of Undertaking Applying to Carbon-Zinc Primary Cell Batteries From Korea

Pursuant to section 15 of the Dumping and Countervailing Duties Act 1988, I, Philip Burdon, Minister of Commerce, hereby give notice that I have terminated the undertaking entered into by the Rocket Electric Company Limited of Korea, notified in the *New Zealand Gazette* of 25 June 1992 at page 2169, that it will export carbon-zinc primary cell batteries of Australian standard AS2176, sizes AA, C and D (and the equivalent sizes irrespective of which identification system is used for those types), to New Zealand at prices equal to or above the assessed normal values established by investigation. The brief reasons for releasing the company from the undertaking are:

- (a) There is no longer a New Zealand industry producing the goods; and
- (b) There can therefore be no injurious effects upon a New Zealand industry required to be counteracted by the undertaking.

Dated at Wellington this 24th day of September 1993.

PHILIP BURDON, Minister of Commerce.
