$B = \text{Normal Value} - \text{Export Price}$

WHERE:

“RSP” is the Raw Sugar Price per tonne, established as follows:

(a) Where the refined sugar is purchased under a fixed price contract, then the RSP shall be that published by the New York Coffee, Sugar & Cocoa Exchange for its No. 11 contract spot price on the day preceding the date of the contract; or

(b) Where the refined sugar is purchased under a variable price contract with the raw sugar component of the final contract price being variable according to the date the option to purchase is exercised, then the RSP shall be that published by the New York Coffee, Sugar & Cocoa Exchange for its No. 11 contract spot price on the day preceding the date of the exercise of the purchase option.

“Cost difference” in respect of each such country is that listed beside that country as follows:

Note:

All amounts expressed in units of currency other than New Zealand dollars shall be converted to New Zealand dollars for the purposes of applying this formula (for example, the raw sugar price is quoted in US dollars per tonne, as are the normal values). The exchange rate applicable for converting any such unit of currency into New Zealand dollars shall be the rate as gazetted by New Zealand Customs in the appropriate Customs Exchange Rate Notice, applying at the date of importation.”

Notes to the Financial Statements for the year ended 31 March 1993

1. STATEMENT OF ACCOUNTING POLICIES

The ASB Bank Community Trust ("the Trust") was formed on 30 May 1988 through the creation of a trust deed in compliance with the Trustee Banks Restructuring Act 1988. Under the terms of the trust deed the Trust was settled with 60 million \$1 fully paid ordinary shares in ASB Bank Limited representing 100% of the issued capital. As at 31 March 1988 the net tangible asset backing of those 60 million shares was \$147,655,000. In 1989 45 million shares were sold to the Commonwealth Bank of Australia for \$252,000,000 which was then donated to the ASB Charitable Trust.

GENERAL ACCOUNTING POLICIES

The measurement basis adopted is that of historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the Trust is a going concern. Accrual accounting is used to match income and expenditure.

PARTICULAR ACCOUNTING POLICIES

Bank

Bank is stated as the balance in the bank account rather than the balance as per the cash book.

Statement of Cashflows

Cash comprises cash at bank and call deposits.

Dividends

Dividends are recognised as income when they are received by the Trust, and include imputation tax credits if any.

Donations

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the Trustees except that where donations approved are payable over a number of accounting periods the future donations payable are accounted for in the year in which they are paid.

Expenses

Some expenses are shared jointly with the ASB Charitable Trust. Whilst each Trust bears its own specific costs, the joint expenses are allocated between each Trust on the basis of the number of applications processed by each.

Joint expense allocations were:

| | 1993 | 1992 |
|----------------------|------|------|
| This Trust | 40% | 40% |
| ASB Charitable Trust | 60% | 60% |

Investments

Investments in shares are valued at the net tangible asset backing as disclosed in the latest published accounts. Any revaluation difference is transferred to an Investment Revaluation Reserve.

Reserves

The Investment Fluctuation Reserve consists of unrealised gains for the period which are recognised as income. The Investment Revaluation Reserve reflects the increase in the net tangible asset value of the shareholding in ASB Bank Ltd. Transfers to other Reserves from the Unallocated Surplus are made at the discretion of the Trustees.

Taxation

Taxation includes both current and deferred tax. Deferred tax is calculated using the liability method.

Changes in Accounting Policies

There have not been any material changes in accounting policy during this accounting period.

REPORT OF THE AUDITORS TO THE TRUSTEES OF THE ASB BANK COMMUNITY TRUST

KPMG Peat Marwick - Chartered Accountants

We have examined the accompanying balance sheet, statement of income and expenditure and statement of cashflows and have obtained all the information and explanations we have required.

We are of the opinion that proper accounting records have been kept by the Trust, that the balance sheet, statement of income and expenditure and statement of cashflows are properly drawn up and give, on an historical cost basis, adjusted by the revaluation of certain assets, a true and fair view of the financial position of the Trust as at 31 March 1993 and its results and cashflows for the year ended on that date.

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the Trustees. Where donations approved are payable over a number of accounting periods the future donations payable are accounted for in the year in which they are paid.

Expenses

Some expenses are shared jointly with the ASB Bank Community Trust. Whilst each Trust bears its own specific costs, the joint expenses are allocated between the Trusts on the basis of the number of applications processed by each.

Joint expense allocations were:

| | 1993 | 1992 |
|--------------------------|------|------|
| This Trust | 60% | 60% |
| ASB Bank Community Trust | 40% | 40% |

Fixed Assets

Fixed assets are valued at cost less accumulated depreciation.

Investment Properties

These are valued at market value. Movements in the valuation of investment properties are recorded in the Statement of Income and Expenditure. No provision for depreciation is made on these properties.

Foreign Currencies

All amounts denominated in foreign currencies are converted to New Zealand dollars at balance date and all realised and unrealised gains and losses are recognised in income and expenditure for the period.

Investments

Investments are stated at market value. Any unrealised gains or losses are recognised in income and expenditure for the period. Investment transactions are recorded by the Fund Managers on a settlement date basis. Unsettled transactions are disclosed in the Notes as commitments.

Reserves

The Investment Fluctuation Reserve consists of unrealised gains, which are recognised as income for the period. Transfers to all other Reserves from the Unallocated Surplus are made at the discretion of the Trustees. Transfers to the Capital Maintenance Reserve are based on the annual movement in the Consumer Price Index.

Taxation

The Trust has been accorded tax exempt status in New Zealand and Australia but is liable to taxation on investment income in some other overseas countries. Tax on overseas income is accounted for as a reduction of that income.

Changes in Accounting Policies

There have not been any material changes in accounting policies in this accounting period.

REPORT OF THE AUDITORS TO THE TRUSTEES OF THE ASB CHARITABLE TRUST

KPMG Peat Marwick - Chartered Accountants

We have examined the accompanying balance sheet, statement of income and expenditure and statement of cashflows and have obtained all the information and explanations we have required.

We are of the opinion that proper accounting records have been kept by the Trust, that the balance sheet, statement of income and expenditure and statement of cashflows are properly drawn up and give, on an historical cost basis, adjusted by the revaluation of certain assets, a true and fair view of the financial position of the Trust as at 31 March 1993 and its results and cashflows for the year ended on that date.
