Parliamentary Summary

Summary of Bills Presented

This section contains a précis of all bills presented to the House this week. Not all bills presented are introduced. The introduction of a bill requires the agreement of the House.

Local Elections (Single Transferable Vote Option)

Enables the option of a single transferable vote (STV) system to be used for local authority elections instead of the first-past-the-post system provided for in the Local Election and Polls Act 1976.

Provides for the use of STV to be optional in two ways:

by resolution of a local authority; or

by the raising of an electoral petition requiring a local authority to conduct a binding poll on whether or not STV should be adopted.

(Richard Northey/Referred to Electoral Law Committee)

Commissions of Inquiry Amendment

Amends the Commissions of Inquiry Act 1908.

The most important amendment is to place a retired High Court Judge in the same position as serving High Court Judges when the retired Judge acts as a Commissioner.

Other amendments relate to the sanctions that can be applied to witnesses who fail to attend in compliance with a summons or refuse to testify; and to the powers of a commission to punish for contempt.

Applies to every commission of inquiry in existence at the commencement of the amending Act as well as to future commissions, but not to anything done or omitted to be done before the commencement of the amending Act.

(Hon D A M Graham/Referred to Justice and Law Reform Committee)

Private Members' Bills

On alternate Wednesdays, the House gives precedence to private members' business (known as a "private members' day"). Three private members' bills (in addition to any introduction interrupted the previous private members' day) can be set down on the House's Order Paper for introduction on each private members' day. To gain one of these places, members lodge notices of their intention to introduce a bill and, in the absence of any agreement among members, a ballot is conducted to select the bills on the Tuesday prior to a private members' day.

This week 24 notices for introduction were received on Tuesday, 18 July for the following bills:

1. Jim Anderton—Health and Disability Services (Objectives Reform and Referendum Demand) Amendment Bill.
2. Hon Margaret Austin—Right of Access to Neighbourhood Schools Bill.

Notes to the Financial Statements for the Year Ended 31 March 1995

1. Statement of Accounting Policies

The ASB Bank Community Trust ("the trust") was formed on 30 May 1988 through the creation of a trust deed in compliance with the Trustee Banks Restructuring Act 1988. Under the terms of the trust deed the trust was settled with 60 million \$1 fully paid ordinary shares in ASB Bank Limited representing 100 percent of the issued capital. As at 31 March 1988 the net tangible asset backing of those 60 million shares was \$147,655,000. In 1989 45 million shares were sold to the Commonwealth Bank of Australia for \$252,000,000 which was then donated to the ASB Charitable Trust.

The measurement basis adopted is that of historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the trust is a going concern. Accrual accounting is used to match income and expenditure.

Bank

Bank is stated as the balance in the bank account rather than the balance as per the cash book.

Statement of Cash Flows

Cash comprises cash at bank and call deposits but excludes Charitable Purposes Reserve Fund cash.

Dividends

Dividends are recognised as income when they are received by the trust, and include imputation tax credits if any.

Donations

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the trustees.

Expenses

Some expenses are shared jointly with the ASB Charitable Trust. Whilst each trust bears its own specific costs, the joint expenses are allocated between each trust on the basis of the number of applications processed by each.

Joint expense allocations were:

	1995	1994
This trust	40 percent	23 percent
ASB Charitable Trust	60 percent	77 percent

Investments

Investments in shares are valued at the net tangible asset backing as disclosed in the latest published accounts. Any revaluation difference is transferred to an investment revaluation reserve. Other investments are stated at market value. Any gains or losses are recognised in income and expenditure for the period.

Financial Instruments

All assets and liabilities of the trust are financial instruments and are recognised in the balance sheet. All financial instruments are recorded at market value or fair value. The quantitative disclosures required by FRS 31 Disclosure of Information About Financial Instruments, have been included throughout the financial statements where material.

Reserves

- The investment revaluation reserve reflects the increase in the net tangible asset value of the shareholding in ASB Bank Limited less that portion attributable to the Charitable Purposes Reserve Fund.
- The Charitable Purposes Reserve Fund represents funds appropriated by ASB Charitable Trust to enable the trust to participate in the issue of new equity by ASB Bank Limited. In order to maintain the non taxable status of this reserve, the trust is required to segregate these funds appropriated from ASB Charitable Trust and the income attributable thereto. There are also certain restrictions on the distribution of income from this fund.
- Transfers to other reserves from the unallocated surplus are made at the discretion of the trustees.

Taxation

Taxation includes both current and deferred tax. Deferred tax is calculated using the comprehensive liability method.

Comparatives

Certain comparatives have been restated for disclosure purposes.

Changes in Accounting Policies

Unrealised gains and losses were previously transferred to the investment fluctuation reserve. In 1995 the balance of the reserve was transferred to uncommitted surplus. There have been no other material changes in accounting policies during this accounting period.

Audit Report to the Trustees of ASB Bank Community Trust

We have audited the financial statements (comprising the statement of income and expenditure, the balance sheet, the statement of cash flows and the notes to these financial statements). The financial statements provide information about the past financial performance of the trust and its financial position as at 31 March 1995. This information is stated in accordance with the accounting policies included in the notes to these financial statements.

Trustees' Responsibilities

The trustees are responsible for the preparation of financial statements which give a true and fair view of the financial position of the trust as at 31 March 1995 and of the results of operations and cash flows for the year ended 31 March 1995.

Auditors' Responsibilities

It is our responsibility to express an independent opinion on the financial statements presented by the trustees and report our opinion.

Basis of opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgments made by the trustees in preparation of the financial statements, and
- whether the accounting policies are appropriate to the trust's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with generally accepted auditing standards in New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements. Other than in our capacity as auditors we have no relationship with or interest in the trust.

Unqualified Opinion

We have obtained all the information and explanations we have required. In our opinion the financial statements:

- comply with generally accepted accounting practice;
- give a true and fair view of the financial position of the trust as at 31 March 1995 and the results of its operations and cash flows for the year ended on that date. Our audit was completed on 22 May 1995 and our unqualified opinion is expressed as at that date.

Notes to the Financial Statements for the Year Ended 31 March 1995

1. Statement of Accounting Policies

The ASB Charitable Trust ("the trust") was formed on 31 May 1989 through the creation of a trust deed by the ASB Bank Community Trust and a donation of \$252,000,000. The measurement basis adopted is that of historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the trust is a going concern. Accrual accounting is used to match income and expenditure.

Bank

Bank is stated as the balance in the bank account rather than the balance as per the cash book.

Statement of Cash Flows

Cash comprises cash at bank and call deposits but does not include cash or deposits held by the fund managers.

Depreciation

Depreciation is provided over the useful life of the assets. Buildings are depreciated on a straight line basis. Vehicle, office equipment and furniture are depreciated on a diminishing value basis. The rates used are those recommended by the Inland Revenue Department.

Dividends

Dividends are recognised as income when they are received by the trust and exclude imputation tax credits.

Income from Fund Managers

Income from fund managers is recorded net of fund management expenses.

Donations

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the trustees.

Expenses

Some expenses are shared jointly with the ASB Bank Community Trust. Whilst each trust bears its own specific costs, the joint expenses are allocated between the trusts on the basis of the number of applications processed by each. Joint expense allocations were:

	1995	1994
This trust	60 percent	77 percent
ASB Bank Community Trust	40 percent	23 percent

Fixed Assets

Fixed assets are valued at cost less accumulated depreciation.

Investment Properties

These are valued at market value. Movements in the valuation of investment properties are recorded in the Statement of Income and Expenditure. No provision for depreciation is made on these properties.

Foreign Currencies

All amounts denominated in foreign currencies are converted to New Zealand dollars at balance date and all realised and unrealised gains and losses are recognised in income and expenditure for the period.

Investments

Investments are stated at market value. Any gains or losses are recognised in income and expenditure for the period. Investment transactions are recorded by the fund managers on a settlement date basis. Unsettled transactions are disclosed in the notes as commitments.

Financial Instruments

All assets and liabilities of the trust with the exception of fixed assets are financial instruments and are recognised in the balance sheet. All financial instruments are recorded at market value or fair value. The trust uses financial instruments with off balance sheet risk to reduce exposure to fluctuations in foreign currency exchange rates. Forward exchange contracts are entered into to hedge foreign currency transactions. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the income and expenditure statement. The quantitative disclosures required by FRS 31 Disclosure of Information About Financial Instruments, have been included throughout the financial statements where material.

Reserves

- Transfers to the capital maintenance reserve are based on the annual movement in the consumer price index.
- Transfers to all other reserves from the unallocated surplus are made at the discretion of the trustees.

Taxation

The trust has been accorded tax exempt status in New Zealand and Australia but is liable to taxation on investment income in some other overseas countries. Tax on overseas income is accounted for as a reduction of that income.

Changes in Accounting Policies

Unrealised gains and losses were previously transferred to the investment fluctuation reserve. In 1995 the balance of the reserve was transferred to uncommitted surplus. There have been no other material changes in accounting policies in this accounting period.

*9. Financial Instruments***Currency Risk**

The trust invests in securities that are denominated in foreign currencies and therefore result in a currency risk. In order to minimise the currency risk, foreign currency assets are hedged.

	1995 \$000
Foreign currency denominated assets	136,757
Less foreign currency contracts	97,850
	<u>\$38,907</u>

Interest Rate Risk

The trust, through its fund managers, invests in securities that are subject to interest rate risk. The trust actively monitors this risk and changes asset allocations and maturity profiles accordingly.

Credit Risk

The trust in the normal course of business enters into arrangements with other parties. These arrangements give rise to credit risk for the trust and hence policies and procedures are maintained so that this risk is minimised. For all classes of financial assets held by the trust the maximum credit risk exposure to the trust is the carrying value as disclosed in the financial statements at balance date.

Due to the diversification of the investment portfolio and the policies and procedures in place, there is no significant concentrations of credit risk.

Fair Values

All financial instruments are carried at market value.

Audit Report to the Trustees of ASB Charitable Trust

We have audited the financial statements (comprising the statement of income and expenditure, the balance sheet, the statement of cash flows and the notes to these financial statements). The financial statements provide information about the past financial performance of the trust and its financial position as at 31 March 1995. This information is stated in accordance with the accounting policies included in the notes to these financial statements.

Trustees' Responsibilities

The trustees are responsible for the preparation of financial statements which give a true and fair view of the financial position of the trust as at 31 March 1995 and of the results of operations and cash flows for the year ended 31 March 1995.

Auditors' Responsibilities

It is our responsibility to express an independent opinion on the financial statements presented by the trustees and report our opinion.

Basis of opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgments made by the trustees in preparation of the financial statements, and
- whether the accounting policies are appropriate to the trust's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with generally accepted auditing standards in New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements. Other than in our capacity as auditors we have no relationship with or interest in the trust.

Unqualified opinion

We have obtained all the information and explanations we have required. In our opinion the financial statements:

- comply with generally accepted accounting practice;
- give a true and fair view of the financial position of the trust as at 31 March 1995 and the results of its operations and cash flows for the year ended on that date.

Our audit was completed on 22 May 1995 and our unqualified opinion is expressed as at that date.

Trustees' Report for the Period Ended 31 March 1995

Objectives of the Trust:

The trust's objectives are to provide financial assistance to organisations carrying on charitable, cultural, philanthropic and recreational work which is of benefit to the community, principally in the regions of South Canterbury and Mid Canterbury.

Policies and Structure of the Trust:

All purposes of the trust are deemed to be charitable, to administer capital and to distribute income for charitable purposes in the Mid and South Canterbury areas.

The community trust now comprises 11 trustees who are representative of the Mid and South Canterbury communities. Trustees are appointed by the Minister of Finance and reside in either Mid or South Canterbury.

Trustees retire by rotation and during the past year the terms of office expired on 31 May 1994 for Messrs A. F. McLay, J. R. Sutton, M.P., and J. E. Thompson. Messrs J. R. Sutton, M.P., and J. E. Thompson were reappointed for a further term of 4 years with Mr Thompson being appointed as chairperson from 1 June 1994. Mr McLay was replaced by Mr P. F. McIlraith. The trustees are grateful to Mr A. F. McLay for his valuable contribution as a trustee and chairperson since the inception of the trust. We are also grateful to Mr A. H. Carlton for his contribution as a trustee since the inception of the trust. Mr Carlton resigned as at 31 March 1994 for health reasons and he has not yet been replaced.

Activities of the Trust:

The past year was indeed a very busy one for the trustees. Apart from the usual pursuit of the objects of the trust which is considering the many applications for financial assistance from a wide variety of community organisations considerable time has been spent examining the merits or otherwise of diversifying a part of the trust's investment. Several meetings with esteemed investment managers have been held without any final decision having been reached at this stage. It has been valuable to have rapport with most of the other trusts. All trusts now operate independently from their banks in terms of their administration services. They are also making significant improvements in publicising the work of the trust to enhance its profile and also to ensure that a wider range of applicants are made aware of the activities of the trust. This has resulted in some increase in costs in these areas.

Review of Results and Financial Position of Trust:

The main income of the trust was received by way of dividends from Trust Bank New Zealand Limited, totalling \$675,000 and after adding the investment income the total gross income was \$728,140. The net income (before donations) was \$668,653. After deducting the donations paid or committed to community groups the surplus transferred to undistributed funds was \$147,600.

It is expected that with the increased income which the trust is receiving we will continue to play a vital part in assisting many community groups in Mid and South Canterbury districts.
