### **Trustee Banks Restructuring Act 1988**

#### **Trust Bank Otago Community Trust Inc.**

##### *Annual Report for the Year Ended 31 March 1995*

#### **Trust Particulars**

The Trust Bank Otago Community Trust Inc. was incorporated as a charitable trust in accordance with the provisions of the Trustee Banks Restructuring Act 1988. The purpose of the trust is to provide charitable, cultural, philanthropic and recreational benefits to the community.

#### *Trustees*

Trustees are appointed by the Minister of Finance. While the initial term of appointment varies, replacement appointments are for a standard term of 4 years. The present trustees are:

Mrs C. A. Melville, Chairperson, Mr R. R. Allan, Mrs N. Bamford, Mr G. R. Bell, Mr P. C. L. Gibson, Sir Robin Gray, Mr R. S. McKnight, Mr C. D. Matthewson, Dr J. Ng, Mr D. Pasley, Mr J. D. Polson and Mr R. F. Walls.

#### *Executive Director:*

Mr K. G. Ellwood, 60-66 Tennyson Street, P.O. Box 5751, Dunedin.

#### *Bankers:*

Trust Bank Otago Limited.

#### *Solicitors:*

Anderson Lloyd.

#### *Auditors:*

Taylor McLachlan.

#### **Chairperson's Report**

It is with much pleasure that I submit the seventh annual report of the trust. It has been another year of considerable development as results of investment diversification begin to have significant impact on the income of the trust. This in turn will have a direct beneficial effect on the level of funds available for donations.

#### **Investment Policies**

Trustees have always been very conscious of their requirement to act prudently, not just conservatively, in respect of investment policy. This is well defined by the Trustee Amendment Act 1988. For some years trustees have felt a duty to diversify and not to have all investments in a single asset, in this case trust bank shares. Accordingly, following the sale of 30 million shares in March 1994, the proceeds, some \$63 million, were placed with professional fund managers. In conjunction with appropriate professional advice the funds have been diversified across cash, bond and investments both in New Zealand and globally. Current policy is two fold. First, it is important to minimise the risk of loss of capital. Second, there is a need to build up reserves to a comfortable level to ensure that longer term, a stable level of donations may be paid notwithstanding fluctuating investment returns.

Trustees continue to be extremely satisfied with the performance of Trust Bank New Zealand Limited, in which the trust holds 24 million shares or just over 5 percent of the issued capital of the bank. Notwithstanding that the trust now has less than half of the shares it owned prior to the float, it has still received a similar dividend amount as it did pre-float. This income, plus the returns from its managed funds has enabled income growth for the trust.

#### **Donations Policy**

Investment policy is linked to donations policy. Our policy is to donate as much to the community of Otago as possible bearing in mind the need to avoid losing capital and indeed to protect its real value. Donations policy aims to pay steady amounts each year, notwithstanding the volatility of investment returns. This should be achievable following a reserving period of about 5 years during which time a larger proportion of surplus income will be retained at the expense of donations. Therefore while donations are expected to increase over the next 5 years, because of the need to establish reserves during that

period they will not increase at the same rate as income is expected to. Once reserves are fully established the percentage of donations paid relative to income received should increase.

In anticipation of larger sums becoming available for donations, trustees will be making several policy changes designed to:

- (a) Increase the profile of the trust so more community groups become aware of its existence.
- (b) Upgrade assessment procedures for larger applications to ensure funds are donated in the most appropriate and effective way.
- (c) Increase general knowledge of overall community need always trying to reach an acceptable balance in donations policy across the categories of education, health, sport, recreation, community welfare, culture, heritage and the environment.
- (d) Increase the frequency of donations. Whereas in the past there has been a single annual donations round, two rounds will be introduced annually for applications less than \$10,000. Larger applications will be accepted at any time during the year.

The trust will become a source of increasing community funding. Its ability to assess and process applications as well as keep abreast of ongoing and changing community needs will make growing demands upon its resources. Trustees are determined the trust will respond to this exciting challenge and in so doing play its role in promoting community networks, sporting developments and welfare services throughout Otago.

### Administration

In view of the increasing responsibilities that will be placed upon trustees consequent upon the expansion outlined above, a full time executive director was appointed to the trust in November 1994. Mr Keith Ellwood has assumed that position having formerly acted as secretary/treasurer to the trust. The trust appreciates the professionalism and commitment Keith has made to the organisation. In addition there are 2 part-time office staff. Short-term office facilities have been secured in Skeggs House, Tennyson Street, pending a decision about a long-term home for the trust.

### Trustees

Currently there are 12 trustees appointed by the Minister of Finance. In addition to having skills and interests which enable them to react both sensitively and sensibly to donation requests from the community each of the trustees must live in the Otago area. The term of appointment of 2 trustees, Mrs Shirley Jones and Mrs Holly Russell ended during the year. Both were foundation trustees and it is appropriate to mention their significant contribution to the success of the trust since 1988. Mr John Edgecombe resigned following his shift out of the area. To each of these trustees the trust as a whole extends its grateful thanks. Their wisdom and advice contributed so much for which we are truly indebted. We warmly welcomed 1 new appointment from Balclutha, Mrs Nancy Bamford.

### Public Information

The trust has a responsibility to the public under its trust deed. It is required to hold an annual meeting and to publish its annual accounts and donations list. In keeping with its growing capacity to serve the community the trust plans to create a greater public awareness of its activities in a number of different areas.

The role of the trust and its relationship with the bank is not fully understood. They continue to be seen as the same organisation. The next several years however will witness a continuing emergence of the trust in its own right and a wider public recognition of its very major role in supporting community groups in Otago.

CAROL MELVILLE, Chairperson.

#### **Notes to the Consolidated Financial Statements for the Year Ended 31 March 1995**

##### **Statement of Accounting Policies**

These are the consolidated financial statements of Trust Bank Otago Community Trust and Otago Community Charities Limited. The accounts have been prepared to comply with the Companies Act 1955.

The Trust Bank Otago Community Trust (the trust) was formed on 30 May 1988 through the creation of a trust deed in compliance with the Trust Bank's Restructuring Act 1988. Under the terms of the trust deed the trust was settled with 13 500 000 \$1 fully paid ordinary shares in Trust Bank New Zealand Limited. With the restructuring of Trust Bank New Zealand Limited, bonus shares and a share split resulted in a shareholding of 54 000 000 50 cent fully paid ordinary shares.

In March 1994 30 000 000 shares were sold as part of the public flotation of Trust Bank New Zealand for \$50,452,000. This formed part of the settlement in December 1994 of \$63,000,000 to Otago Community Charities Limited, a charitable company owned by the trust.

##### **General Accounting Policies**

The measurement base adopted is the historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the trust is a going concern. Accrual accounting is used to match income and expenditure.

**Particular Accounting Policies***Income*

Income from managed funds includes both realised and unrealised income and is recorded net of fund management expenses. Dividends from Trust Bank New Zealand Limited are recognised as income when they are received by the trust and exclude imputation tax credits.

Interest is recognised on an accrual basis.

*Donations*

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the trustees.

*Foreign Currencies*

All amounts denominated in foreign currencies are converted to New Zealand dollars at balance date. All realised and unrealised gains and losses are recognised in income and expenditure for the period.

**Taxation**

The trust has been registered as exempt in New Zealand from interest and dividend PAYE and holds a current certificate of exemption but may be liable to taxation on investment income in some overseas countries. Tax on overseas income is accounted for as a reduction of that income.

The trust is not registered for goods and services tax purposes. Accordingly, these financial statements are stated on a G.S.T. inclusive basis.

**Reserves**

For a 5 year period commencing in 1995 a reserve building programme has been implemented.

The capital maintenance reserve represents the additional amount necessary to preserve the real value of the capital allowing for inflation as measured by the consumers' price index (CPI).

The investment fluctuation reserve allows donations at a stable level from year to year even though investment income may fluctuate. If investment income, after necessary transfers to the capital maintenance reserve is more than the target donations level, the excess will be added to the investment fluctuation reserve. If it is less, the deficit will be transferred out of the investment fluctuation reserve.

**Investments**

The shares in Trust Bank New Zealand Limited which are held as a long-term investment are valued at year end market value. Any revaluation difference is transferred to an investment revaluation reserve.

**Hedging Instruments**

The trust through its investment managers enters into hedging instruments such as futures, options and forward exchange contracts. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in income and expenditure as net income from managed funds.

**Statement of Cash Flows**

Cash comprises cash at bank and call deposits but does not include cash or deposits held by the fund managers.

We conducted our audit in accordance with generally accepted auditing standards in New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the consolidated financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the consolidated financial statements.
