Notice is hereby given that, acting pursuant to section 10 (1) of the Dumping and Countervailing Duties Act 1988, and under delegated authority from the Secretary of Commerce, I have initiated an investigation to determine both the existence and effect of the alleged subsidisation of the goods described and from the country of origin specified in the Schedule to this notice, being satisfied that sufficient evidence has been provided that—

- (b) More than 50 percent of the total production of like goods produced for domestic consumption (as so assessed) by those New Zealand producers who have, in

writing, expressed support for or opposition to the application.
