Trust Bank Bay of Plenty Community Trust Incorporated

Trustee Banks Restructuring Act 1988

Trust Particulars

The Trust Bank Bay of Plenty Community Trust was incorporated on 5 August 1988 as a charitable trust in accordance with the provisions of the Trustee Banks Restructuring Act 1988. The purpose of the community trust is to provide charitable, cultural, philanthropic and recreational benefits to the community.

Trustees:

Mr R. B. Tait (Chairman), Mr J. M. Black, Mr T. A. Currie, Mr S. J. Edward, Mr P. J. Howard, Ms H. P. Jones, Mr E. E. Ogier, Mrs M. E. Rex Benner, Mr B. J. Scantlebury, Mrs G. P. Searancke, Mr T. Te Heuheu, Mr L. Thurston and Mrs M. B. Townshend.

Secretary:

Mr A. T. Short.

Bankers:

Trust Bank Bay of Plenty, Tauranga.

Auditor:

Ingham Mora Malcolm & Russell, Tauranga.

Chairman's Report for the Year Ended 31 March 1996

Objectives of the Trust:

To receive income and allocate such income for charitable, cultural, philanthropic, recreational and other purposes, being purposes beneficial to the community principally in the Bay of Plenty area.

Policies and Structure of the Trust:

A charitable trust designed to administer capital and distribute income for charitable purposes in the Bay of Plenty area.

Activities of the Trust:

The 1995-96 financial year of the trust has seen record dividends being received from the trust's key investment in Trust Bank New Zealand Limited (TBNZ). Dividends received totalled \$3,210,000, which is an increase on the previous year of \$1,312,143. The increased net funds available after operating costs and investments has permitted the trust to donate a total of \$1,188,636 and to exercise some new initiatives in the donation process. Over and above the normal donations round, the trust has donated to employment related projects in the Bay of Plenty region under the umbrella of Business Grow and Task Force Green. The trust's annual Dillon Memorial Scholarship to assist disabled persons to attain tertiary education continues to be well supported with very worth-while results being achieved.

Late in the 1995-96 year, the board of trustees, along with other community trust trustees throughout New Zealand, was extensively involved in considering share purchase offers for its TBNZ shares. A decision has been made "post balance date", to accept a specific share purchase offer and my statement later in these annual accounts gives background to that decision.

Review of Results and Financial Position of the Trust:

The trust's net income for the year ended 31 March 1996 reflects the higher dividend earnings coming from TBNZ operations and the increased shareholding stemming from the TBNZ 1994 bonus share issue. Net income after operating costs and donations totals \$2,041,082. This is a record for the trust and has been achieved after increased operating costs brought about by TBNZ share investment matters and the setting up of a trust office in Tauranga. The latter decision has proved to be a wise one as the increased business of the trust in the new financial year and subsequent years will accelerate considerably due to additional investment capital coming to hand.

Thanks and Appreciation

I take this opportunity of recording my grateful thanks to my fellow trustees and to the trust secretary for the considerable time and effort expended during a busy and eventful year.

ROB TAIT, Chairman.

Statement From the Chairman, Mr Rob Tait, on Behalf of the Trust Bank Bay of Plenty Community Trustees

The Trust Bank Bay of Plenty Community Trust recently voted in support of a Westpac offer to buy its shares in trust bank. The trust will invest the sale proceeds of approximately 90 million dollars and expects to increase the level of donations to the Bay of Plenty communities.

Since the formation of the trust in 1988, the assets have comprised almost entirely its holding of shares in Trust Bank New Zealand Limited. The income of the trust has been the dividends received on the shares. Donations will now be made from the income received from the diversified investments planned by the trust.

The trust owned approximately 7 percent of TBNZ which it held on behalf of the Bay of Plenty community who built and supported Trust Bank Bay of Plenty (formerly Bay of Plenty Savings Bank Limited) since its formation in 1964.

Why Sell?

As a result of inquiries from other banks, a number of the regional trust bank community trusts considered a sales of their TBNZ shares and wished to diversify their asset base. This effectively, for all shareholders, placed the bank on the market. Our trust was obliged to analyse any proposal, and if a sale was to proceed, ensure that the Bay of Plenty community receive maximum value.

Considerations

The trust placed emphasis on the historical roots of trust bank and gave great weight to such factors as community links, the regional focus and New Zealand ownership of the bank. We regarded it as imperative to ensure that in any sale, a premium in value was extracted for those unique features.

Steps Taken

Our trustees sought advice from 2 sets of economic and investment analysts. We also sought specialist legal advices and in particular as to our obligations as trustees to act prudently and to spread investment risk.

The advice necessitated that the sale process be a contestable one to ensure that maximum value was obtained for our investment.

This was done and the offer is reflective of one of the highest prices paid for an Australasian bank.

When the Westpac offer was finalised, the advice given to our trustees was unequivocal and recommended that we should accept.

The Future

1. *Trust Bank:* The founders of trust bank have provided an extraordinary legacy for the communities of New Zealand. The trust bank name will continue and will be part of a vibrant robust banking organisation serving the banking needs of our community. The trust is satisfied that the founders desire for the community to have sound banking services and an asset for the benefit of the community are now being respected to an extent they might never have envisaged.

2. *The Trust:* The trust will receive approximately \$90,000,000.00. This capital fund will be invested in a wide range of local, regional and national assets. The income flow from those investments will continue to be available for donations and

scholarships to assist the people of the Bay of Plenty. In 1995 the trust returned \$1.1 million to the Bay of Plenty, and that is likely to be substantially increased. This sale will see the Bay of Plenty Trust set on a sound financial base with a diversified portfolio of investments which will ensure the continuation of support to communities in this region for the future.

3. *The Community:* The Bay of Plenty community can be proud of trust bank which has provided a wonderful legacy for future generations of the Bay. The trustees live and work in the Bay of Plenty and are anxious to ensure a significant donation flow to the wide range of community organisations.

Notes to the Financial Statements for the Year Ended 31 March 1996

1. Statement of Accounting Policies

General Accounting Policies

The following general accounting policies have been adopted in the preparation of the financial statements.

- (i) Trust Bank Canterbury Community Trust Inc. was incorporated as a charitable trust in accordance with the provisions of the Trustee Banks Restructuring Act 1988. These financial statements have been prepared in accordance with applicable financial reporting standards.
- (ii) The measurement base adopted is that of historical cost, except for the revaluation of investments. Reliance is placed on the fact that the trust is a going concern.
- (iii) The matching of revenue earned and expenses incurred using accrual accounting concepts.

Specific Accounting Policies

Depreciation

Depreciation has been charged in the financial statements using rates which will write off the cost of assets less their estimated residual value over their estimated economic lives. The depreciation rates used are:

Office equipment
Motor vehicles

6-36% c.p.
18-21.6% c.p.

Fixed Assets

Fixed assets are recorded at cost less accumulated depreciation.

Investments

Investments held as managed funds are shown at market value. Net income including realised and unrealised gains or losses from holding or trading these investments are recorded in the statement of financial performance.

Other investments represent assets to be held to maturity or as long-term strategic investments and are shown at market value. Unrealised gains or losses from holding such investments are transferred directly to the revaluation reserve. These unrealised gains or losses when realised on subsequent disposal of investments are transferred from the revaluation reserve to the statement of financial performance. Differences between the book value and sale proceeds of investments realised are also recorded in the statement of financial performance.

Donations, Special Projects and Community Loans

Donations, special projects and community loans are accounted for on an accruals basis.

Dividend Income

Dividend income is included in the statement of financial performance when it is received.

Income Tax

Income tax expense is recognised on the surplus available for distribution before taxation, adjusting for differences between taxable and accounting income.

Goods and Services Tax

The subsidiary of Canterbury Trust House Limited is registered for G.S.T. Accordingly its financial performance and financial position have been consolidated within the accounts on a G.S.T. exclusive basis.

Subject to the above, the trust is not registered for G.S.T. purposes and therefore the financial statements have been prepared on a G.S.T. inclusive basis.

Financial Instruments

Foreign currency transactions are translated to New Zealand currency at the exchange rate ruling at the dates of the transactions. Amounts receivable and payable in foreign currencies at balance date are translated at the exchange rate at that date. Exchange differences arising from the translation of amounts payable and receivable in foreign currencies are recognised in the statement of financial performance.

Off-balance sheet financial instruments that are designated as hedges are recognised on the same basis as the underlying hedged item. Off-balance sheet transactions that do not constitute specific hedges are stated at market value and any resultant gain or loss is recognised in the statement of financial performance.

Basis of Consolidation

The Trust Bank Canterbury Community Trust, Canterbury Community Trust Charities Limited and its subsidiary Canterbury Trust House Limited have been consolidated using the purchase method of consolidation.

Changes in Accounting Policies

There have been no changes in accounting policies. All policies have been applied on bases consistent with those used in the previous year.
