**Trust Bank Otago Community Trust Inc.****Trustee Banks Restructuring Act 1988****Trust Bank Otago Community Trust Inc.****Annual Report for the Year Ended 31 March 1996****Trustees**

Mrs C. Melville (Chairperson), Mr R. Allan, Mrs N. Bamford, Mr G. Bell, Mr P. Gibson, Sir R. Gray, Hon. C. Matthewson, Mr R. McKnight, Dr J. Ng, Mr D. Pasley, Mr D. Polson and Mr R. Walls.

**Solicitor:**

Anderson Lloyd, Dunedin.

**Investment Advisors:**

Frank Russell Limited, Auckland.

**Chairperson's Report**

On behalf of trustees I have much pleasure in presenting the eighth annual report of the trust. It has been another very exciting year both in terms of the continued diversification of the trust's investments as well as its increasing donation programme.

**Investment****Managed Funds**

It was an excellent year for managed funds, which was important since it was the first full year that these funds have been operating and it is great to get off to a good start. Income earned was \$8.25 million which represented a real return of 10.4 percent. This compares favourably with our long term benchmark real return of 6.2 percent. Managed funds continue to be invested both in New Zealand and overseas in cash deposits, bonds and shares, and are managed by highly regarded international funds managers. Our independent investment adviser Frank Russell Limited monitors the performance of the managers, on a regular basis.

**Trust Bank Shares**

As reported in previous years, following the float of trust bank on the New Zealand Stock Exchange in March 1994, this trust sold half of its shares in trust bank. Subsequent to balance date, it has agreed to sell its remaining shares to Westpac for approximately \$70 million. As a result, this trust no longer owns shares in trust bank. It will retain the name "trust bank"

because Westpac wishes to continue to operate retail activities using the name and understandably wishes to retain the strong community focus that "trust bank" conveys.

To cut ownership ties with the bank was not a decision trustees took lightly. It was probably the most significant decision ever made since the trust was formed. In the end, the Westpac offer was simply too attractive to turn down. It has made possible full diversification of the trust investment portfolio of nearly \$150 million which for prudential reasons has been a long term investment objective for trustees. It also secures firmly the long term strategic position of trust bank as a mainstream bank. Its competitive position, access to technology and expertise as well as funding opportunities are all strongly enhanced as a result. Our trustees have no doubt that as a major shareholder of the bank the decision to sell will make for a much stronger bank.

Income from dividends during the year totalled \$2.5 million.

### Donations

As we mentioned last year our ability to donate as much as possible is linked to investment policy and investment performance. The very dramatic growth in donations has come about directly as a result of investment diversification. Selling shares in trust bank has unlocked the considerable wealth accumulated within the bank over several years, which can now be used to better assist today's beneficiaries, not just tomorrow's. The effect sees a significant shift in favour of income growth.

Trustees continue to be excited by the enormous beneficial impact the trust can have upon the community as a result of increased income. They note however the increasing requests for assistance from groups and sectors of the community whose traditional funding sources are in many cases diminishing. It is of very real concern to observe that many paid and voluntary hours of work by community organisations are spent fundraising leaving less time to deliver the service they exist to provide.

The trustees primary donation focus is twofold. Firstly, to continue to support community groups big or small who maintain their community activity or service. Secondly, to be able to make a difference to organisations who seek to complete major projects or programmes that have wide regional benefits.

Donations made during the year totalled \$3.1 million to nearly 1000 community organisations, an increase of 16 percent over the previous year. Since the trust commenced donations in 1991 a total of \$10 million has been given to community organisations.

### Trustees

I wish to thank our trustees for their contribution to the success of the trust during the year. The weight of responsibility does become heavier as trustees come to terms with the fact that they manage \$150 million of community assets. They meet more frequently than they used to; they travel more as well. Their commitment to the success of the trust is appreciated. I also wish to publicly acknowledge the work our staff do in meeting the needs of our clients and fulfilling their duties to the trustees in a very professional manner.

CAROL MELVILLE, Chairperson.

#### **Notes to the Consolidated Financial Statements for the Year Ended 31 March 1996**

##### **Statement of Accounting Policies**

These are the consolidated financial statements of Trust Bank Otago Community Trust and Otago Community Charities Limited. The accounts have been prepared to comply with the Companies Act 1955 and the Financial Reporting Act 1993.

The Trust Bank Otago Community Trust (the trust) was formed on 30 May 1988 through the creation of a trust deed in compliance with the Trustee Banks Restructuring Act 1988. Under the terms of the trust deed the trust was settled with 13 500 000 \$1 fully paid ordinary shares in Trust Bank New Zealand Limited. With the restructuring of Trust Bank New Zealand Limited, bonus shares and a share split resulted in a final shareholding of 54 000 000 50 cent fully paid ordinary shares.

In March 1994 30 000 000 shares were sold as part of the public flotation of Trust Bank New Zealand for \$50,452,000. This formed part of the settlement in December 1994 of \$63,000,000 to Otago Community Charities Limited, a charitable company owned by the trust.

##### **General Accounting Policies**

The measurement basis adopted is that of historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the trust is a going concern. Accrual accounting is used to match income and expenditure.

##### **Particular Accounting Policies**

###### *Income*

Income from managed funds includes both realised and unrealised income and is recorded net of fund management expenses.

Dividends from Trust Bank New Zealand are recognised as income when they are received by the trust and exclude imputation tax credits.

Interest is recognised on an accrual basis.

**Donations**

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the trustees.

**Foreign Currencies**

All amounts denominated in foreign currencies are converted to New Zealand dollars at balance date. All realised and unrealised gains and losses are recognised in income and expenditure for the period.

**Taxation**

The trust has been registered as exempt in New Zealand from interest and dividend PAYE and holds a current certificate of exemption, but may be liable to taxation on investment income in some overseas countries. Tax on overseas income is accounted for as a reduction of that income.

The trust is not registered for goods and services tax purposes. Accordingly, these financial statements are stated on a G.S.T. inclusive basis.

**Reserves**

For a 5 year period commencing in 1995 a reserve building programme has been implemented.

The capital maintenance reserve represents the additional amount necessary to preserve the real value of the capital allowing for inflation as measured by the consumers' price index (C.P.I).

The investment fluctuation reserve allows donations at a stable level from year to year even though investment income may fluctuate. If investment income, after necessary transfers to the capital maintenance reserve is more than the target donations level, the excess will be added to the investment fluctuation reserve. If it is less, the deficit will be transferred out of the investment fluctuation reserve.

**Investments**

The shares in Trust Bank New Zealand which are held as a long term investment are valued at year end market value. Any revaluation difference is transferred to an investment revaluation reserve.

**Hedging Instruments**

The trust through its investment managers enters into hedging instruments such as futures, options and forward exchange contracts. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in income and expenditure as net income from managed funds.

**Statement of Cash Flows**

Cash comprises cash at bank and call deposits but does not include cash or deposits held by the fund managers.

**Changes in Accounting Policies**

There have been no material changes in accounting policies during this accounting period.

#### Auditors' Responsibilities

It is our responsibility to express an independent opinion on the consolidated financial statements presented by the trustees and report our opinion to you.

- whether the accounting policies are appropriate to the trust's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with generally accepted auditing standards in New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the consolidated financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the consolidated financial statements.

Our firm carries out other assignments for the trust in the area of special consultancy projects. The firm has no other interests in the trust.

#### Unqualified Opinion

- give a true and fair view of the consolidated financial position of the trust as at 31 March 1996 and the consolidated results of its operations and cash flows for the year ended on that date.
