V.A. MANKS, Ministry of Commerce

**PROPOSED DUTY CONCESSION FOR CHILDREN'S CLOTHING :
REQUEST FOR SUBMISSIONS**

Explanatory Note

- 1 Currently some items of apparel are subject to alternative specific tariffs, i.e. tariffs that apply as a set dollar amount per garment. These tariffs impact particularly on lower-cost garment imports. Because the impact of specific tariffs increases as the cost of garments decrease, these tariffs can have a significant effect on the price of garments for smaller children. Given the relatively limited amount of local manufacture of such garments, manufacturers, retailers and importers have agreed to make a joint submission to the Minister of Commerce for a duty concession to eliminate alternative specific tariffs for garments designed to be worn by children between 2 and 7 years of age. It should be noted that this application by the industry relates only to the removal of the alternative specific tariffs and eligible garments would still be subject to the ad valorem tariff.
- 2 The submission specifically excludes those garments where there is a more significant level of production, namely briefs, underpants, singlets, vests, socks, swimwear and skivvies.
- 3 This concession request is unusual and will require the approval of the Minister of Commerce. Once any objections arising from the advertising of this concession have been considered, a final report on the industry request will be made to the Minister of Commerce.
- 4 If the concession is approved, and subsequently found, through monitoring, not to be enforceable at the border, it will be withdrawn.

Concession Coverage

- 5 The proposed concession relates to children's garments made of textiles or plastic, designed to be worn by children between two and seven years of age, of a height exceeding 86cm but not exceeding 123cm. The following garments will be excluded from the coverage:

Briefs and underpants
Singlets and other vests (but not T-Shirts)
Socks
Swimwear
Skivvies (thin, high or roll necked, long sleeved, knitted garment with/or without neckline opening)

- 6 The goods covered by this concession are included in the following tariff headings of Chapters 39, 61 and 62:

3926.20	6101	6102	6103
6104	6105	6106	6107
6108	6109	6110	6112
6114	6115	6201	6202
6203	6204	6205	6206
6207	6208	6210	6211
6212	6214	6215	

- 7 **Maximum Garment Measurements**

To be eligible for concessionary entry the garments imported must not exceed the maximum garment measurements specified below:

- Garments, long sleeved, having a maximum dimension of 59cm, measured from the cervical, (being the top centre back of the garment at the point where any trim, rib, collar, etc., joins the body of the garment) to the cuff. (Note: where sleeve terminates with a turned up cuff, measurements must not exceed 62 cm when cuff is turned down).
- Garments designed to be worn on the upper part of the body, short sleeved or sleeveless, having a maximum chest circumference of 81cm, measured armpit to armpit.
- Other short sleeved or sleeveless garments, having a maximum length of 88cm measured from the highest point in the back to bottom of hem.
- Skirts, having a maximum length of 60cm measured from waist to bottom of hem.

- Trousers, full length, having a maximum length of 76cm measured from waist to bottom of hem. (Note: where trousers terminate with a turned up cuff, measurement must not exceed 79cm when the cuff is turned down).
- Trousers, short, having a maximum length of 61cm, measured from waist-crutch-waist.

Garments, (other than those specifically excluded in paragraph one above) in respect of which the Collector is satisfied that they are designed to be worn by children with an age between 2 and seven years of age and with a body height exceeding 86cm but not exceeding 123cm.

These maximum measurements are based on measurements for children of 7 years of age, as specified by NZ Standard 8772:1973 and NZ Standard 8774:1973.

Girls -	Height	Chest	Waist	Hip
average build	122cm	68cm	61cm	73cm
taller & slimmer than average	125cm	66cm	59cm	71cm
shorter & plumper than average	119cm	70cm	63cm	75cm
Boys -		123cm	68cm	61cm

8 **Labelling Requirements**

To be eligible for concessionary entry, at the time of importation all garments must have a permanently attached label stating the age or height of the child for which the garment is designed.

9 **Tariff Payable**

The tariff applicable to the garments will be the current ad valorem rate applicable under Part I of the Tariff.

Note: This concession does not apply to babies' and young infants (up to 2 year of age) garments which are designed for young children of a body height not exceeding 86cm. These garments may be eligible under the infantswear concessions of Tariff Chapters 61 and 62.

10 **Submissions**

Written submissions from interested parties regarding the proposed concession are welcome. The closing date for receipt by the Ministry of Commerce is 14 January 1997. Submissions should be addressed to:
