Fisheries Act 1983

Fisheries (Bycatch Trade-off) Notice (No. 1) 1998 (No. F74)

Pursuant to section 28ZG of the Fisheries Act 1983 the Policy Manager, Ministry of Fisheries (acting pursuant to delegated authority in accordance with section 41 of the State Sector Act 1988), hereby gives the following notice.

Notice

1. Title and commencement—(1) This notice may be cited as the Fisheries (Bycatch Trade-off) Notice (No. 1) 1998.

(2) This notice shall come into effect the day after the date of its notification in the *Gazette*, and shall expire on the 15th day of April 1998.

2. Interpretation—In this notice:

(a) Any reference to Quota Management Area means the appropriate Quota Management Area as defined in the Fisheries (Quota Management Areas, Total Allowable Catches and Catch Histories) Notice 1986*;

(b) Target species and bycatch species are specified by the way of fishstock codes, being Fishstock Codes defined in the Second Schedule of the Fisheries (Reporting) Regulations 1990†; and

(c) Methods are specified by way of method codes, being Method Codes defined in the Second Schedule of the Fisheries (Reporting) Regulations 1990†.

3. Offering a lease of quota in lieu of paying deemed value—(1) Subject to this clause, as from the date this notice comes into effect, any commercial fisherman who but for section 28ZG of the Fisheries Act 1983, could be required under section 28ZD of that Act to pay the deemed value of any fish that is specified as a bycatch species in this notice, may, not later than 15 days after the end of the month in which the fish were taken, by notice in writing, offer the Chief Executive of the Ministry of Fisheries a lease or sub-lease of the right to take fish, under any quota held or leased by that commercial fisherman that are specified in the Schedule to this notice as a target species in relation to that bycatch species.

(2) The ratios specified in the Schedule to this notice, are the ratios at which a lease or sublease of quota of the target species may be accepted in relation to the amount of the bycatch species for which the offer of quota is made, (e.g. if a fisher could be required to pay deemed value for 1 tonne of Gur 1 and wishes to offer a lease of Fla 1 then the amount that can be offered is 1 tonne × 0.83 = 0.83 tonnes of Fla 1).

(3) The bycatch species must have been taken while fishing for the target species using the method or any of the methods specified in the Schedule, (e.g. in the case of the above example, the Gur 1 bycatch must have been taken using either the method of danish seine or setnetting).

(4) Any offers that relate to bycatch species as specified in this notice must relate to fishing that has occurred in the months of January, February or March 1998 respectively.

4. Revocation—The Fisheries (Bycatch Trade-off) Notice (No. 4) 1997 (No. F69) appearing in the *New Zealand Gazette* on 23 October 1997 is hereby revoked.

Health

Health and Disability Services Act 1993

Notice to the Health Funding Authority of the Crown's Objectives for Health and Disability Services for 1998/99

I, Simon William English, hereby give the Health Funding Authority notice of the Crown's objectives in relation to the matters described in section 8 of the Health and Disability Services Act 1993.

Crown's Objectives

The Crown's primary objective is to improve health status, improve, promote and protect the public health, and to promote the independence of the people of New Zealand.

The Crown's objective for Māori health is to improve Māori health status so Māori will have the opportunity to enjoy the same level of health as non-Māori.

Performance Expectations

The following performance expectations of the HFA Board flow out of the Government's broader strategic direction for the health and disability sector (outlined in the Strategic Result Areas).

Service Expectations

Māori health—contract for services which are responsive and sensitive to the cultural and social beliefs, values and practices of Iwi, hapu and Māori so that they have the opportunity to enjoy the same level of health as non-Māori

- this is to include an immediate emphasis on provider development.

Mental health—improve access to, and co-ordination of, services which contribute to a decrease in the prevalence of mental illness and which contribute to a reduction in the impact of mental disorders on consumers, their families, caregivers, and the general community

- this is to include an immediate emphasis on spending the Mason money in a cost-effective way.

Child health—improve the coverage of services, in particular through targeting those who are in need of additional services, and through identifying cost-effective services that contribute to improving the health status of children and adolescents

- this is to include an immediate emphasis on the Strengthening Families strategy.

Booking systems—ensure that booking systems operate on the basis of clinical priority assessment criteria which are progressed towards national consistency and contract for the provision of a clinically acceptable level of elective surgery on that basis.

Community health initiatives—contribute to the initiation and development of innovative arrangements across organisational boundaries that incorporate community

views and bring together a range of services to meet people's needs

- contract for the pilot initiatives on integrated care and build on information gained from their evaluation for further developments.

Service coverage—clearly articulate service coverage intentions in terms of the range and quality of services, and in terms of access to those services within the available resources, ensuring service coverage delivery, and identify and explain any changes to the service coverage

- work with the Ministry of Health to improve specification of service coverage for inclusion in the 1999/00 Funding Agreement; and
- prepare a service coverage document in plain English form for publication by the beginning of 1999/00.

Ownership Expectations

Strategic direction—ensure that the HFA's strategic direction over the next 3–5 years is consistent with Government's strategic direction, and that the HFA clearly articulates this direction to the public and providers.

Rationing—demonstrate a commitment to ensuring the greatest improvements in health and independence for New Zealanders by maintaining a robust cycle of assessing health need, and of analysing and prioritising the services contracted for, within appropriated funding levels.

Contracting—further develop and refine contracting methodologies, determine the purchasing approach for each type of service/population, negotiate service delivery contracts and monitor delivery against contracts.

Relationships with providers—ensure contracting arrangements are based on effective relationships, that negotiations are carried out in good faith, and that an environment of co-operation and collaboration is fostered between the HFA and providers. In addition the HFA will contribute to an environment of co-operation and collaboration between providers.

Information disclosure—provide clear medium-term purchasing intentions and share information with CHEs on the analysis of current and future health needs, the rationing and pricing methodologies.

Financial management and financial performance—operate, and be able to assure the Government of this, a financially sound and sustainable business, within appropriated funding levels

- this includes an immediate emphasis on reducing and optimising operating costs.

Risk management—manage risk by maintaining effective and efficient risk management strategies and processes within the constraints set by the Crown, including budget and the financial operating environment.

Dated at Wellington this 23rd day of January 1998.

Direction by the Minister of Social Welfare

In the matter of section 5 (2) of the Social Security Act 1964:

To: The Director-General of Social Welfare

Pursuant to section 5 (2) of the Social Security Act 1964, I, Roger Morrison Sowry, Minister of Social Welfare, hereby direct that on or after the date of this direction, the amendments set out in the Schedule to this direction shall be read together with and deemed part of the direction dated 14 April 1997 that I gave to you in relation to grants of special benefit.

Schedule**1. Definition of Chargeable Income Amended**

1.1 The direction is amended by omitting paragraph (f) of the definition of the term "chargeable income" in Part 3, and substituting the following paragraph:

"(f) The amount of any regular payments received under any welfare programme approved under section 124 (1) (d) of the Act (other than payments under the Away from Home Allowance Programme or any regular payments intended to pay or reimburse specified costs of the applicant); and"

2. Schedule Amended

2.1 The direction is amended:

(a) By omitting from each of clauses 1, 10, 11, and 13 of the Schedule the words "job search allowance", and substituting the words "young job seeker's allowance":

(b) By omitting from clause 16 of the Schedule the word "income", and substituting the word "costs".

Dated this 19th day of January 1998.

ROGER SOWRY, Minister of Social Welfare.

Explanatory Note

This direction amends the Direction given by the Minister of Social Welfare relating to the grant of special benefit.

Clause 1 amends the definition of chargeable income to exempt payments of the new Away from Home Allowance from being included in an applicant's chargeable income.

Clause 2 amends the Schedule. The amendments in clause 2.1 (a) are as a result of statutory amendments to the Social Security Act 1964 in force on 1 January 1998. These abolish the job search allowance, and establish a new benefit called the young job seeker's allowance for people under 25. The references to job search allowance in the Schedule are replaced by references to young job seeker's allowance.

The amendment in clause 2.1 (b) corrects a drafting error in the direction.
