and that I intend to make a declaration to that effect by notice in the *Gazette*.

Areas Affected by the Application

The areas in respect of which the application is made are defined as follows:

America's Cup Village area, being all those waters lying to the south of a line joining the northern most ends of Wynyard Wharf and Princes Wharf;

Race Track area, being all those waters bounded to the south by latitude 36° 46.7 S, to the west by the coastline of the North Shore, to the north by the coastline of the Whangaparaoa Peninsula extended to the southern tip of Tiri Tiri Matangi Island and thence to Shearer Rock, to the east by a line drawn from Shearer Rock to the northern tip of Rakino Island and thence by a line from the northern tip of Rakino Island to Billy Goat Point and along the shoreline of Mototapu and Rangitoto Islands to join with latitude 36° 46.7 S.

Proposed Rules

It is intended that the following rules will apply to the areas described above:

America's Cup Village area—

1. All vessels limited to a maximum speed of 5 knots;
2. No vessel to approach within 100 metres of vessels transferring fuels or chemicals at Wynyard Wharf; and

 - (b) Vessels specifically authorised by the Harbourmaster to use that channel.

Within this area, race courses will be established from day to day and will be publicly announced. Outside the race courses, normal navigation will be permitted. Inside the race courses, it is intended that the following rules will apply:

1. Only competing yachts, associated tenders, and vessels used by umpires and marshals will be permitted to navigate within the race courses throughout the period of racing operations for the day, provided that the event organiser may accredit various other vessels and allow them to navigate within the race courses;
2. All vessels to be navigated in accordance with Maritime Rules, Part 22 – Collision Prevention.

For the America's Cup Village area—

The rules specified for this area will apply 24 hours a day for the entire period covered by the proposed declaration.

The Auckland Regional Council will retain the power to order the abandonment of racing if, in the opinion of the Council's Harbourmaster, adequate levels of public safety cannot be guaranteed. This power will be exercised in consultation with the New Zealand Police, the Event Organiser, and Ports of Auckland Limited.

On race days, the co-ordination and management of commercial shipping in Waitemata Harbour will be conducted jointly by the Auckland Regional Council's Harbourmaster and the Marine Services Manager, Ports of Auckland Limited.

Chairpersons Report 1999

The Community Trust of Otago has had another very good year. Our income has been very pleasing and we committed over \$10 million for distribution into the community. We are starting to realise our potential—creating or adding value as well as sustaining activity—but thankfully are by no means set in our ways.

Investment Performance

Readers will see from our accounts that the trust is again able to report a good result. Our income was \$17.7 million, our managed funds returning 10.3 percent before fees. When we consider the real (inflation adjusted) rate of return—which is what we are interested in, because of the need to preserve our original capital—this return is about twice what we expect to earn on average.

The result enabled us to further improve the size of our reserves. What that means is that we are well placed to maintain a consistent level of donations to the community despite an inevitable degree of volatility in investment performance.

Because of this strong financial position trustees have recently been able to modestly increase the proportion of equity investments in our portfolio. The reason for doing so is, of course, to increase our long-term average predicted income and therefore what we can distribute to the community. I emphasise that this is a decision for the long term. We would be delighted to have another good result in the current year, but we are not expecting that.

Donations Highlights

The trust committed itself to over 900 donations, totalling over \$10.1 million. I mention only a few highlights to show the range of activity supported.

The number of “small” (i.e. less than \$10,000) donations was 792. We continue to see this programme, which helps to sustain community activity of all types, as most important.

We committed \$1.7 million to all the primary schools of Otago for the installation of technology, which we expect will invariably be information technology. This is modelled on our existing scheme for secondary schools, which is developing wonderfully well. We want Otago students to get simply the best start in the country.

We committed \$300,000 to a publicity resource that will be available for Otago interests to use for the good of themselves and the province. We expect this will be useful for business (including tourism), civic, educational and events promotion. It will include a videotape and film library, a commercial 30 minute videotape and a “Southern Man” compact disc. We are excited about the way it is shaping up, and expect that individuals will also be interested in the videotape and the CD. The millions who watched the Super 12 final on Sky Television saw a 3 minutes initial compilation of this visual and audio material, and feedback from that has been that it was “powerful”.

Otago and Southland cancer patients will receive more prompt and accurate radiology treatment as a result of our \$456,000 donation, together with \$274,000 from the Community Trust of Southland, to the Oncology Department at the Dunedin Public Hospital to replace aging equipment there.

We continued to heavily support sport and recreation, believing that the opportunity for active leisure and the pursuit of excellence both separately add to life fulfillment. An exciting new development is “Sportsforce”, a strategic sports support program to be managed by Sport Otago. This will involve 6 sports and more could possibly join later.

The trust has wanted to provide more encouragement to arts and cultural activity, mostly for its own sake but aware also of the positive image that will be transmitted outside the region. The most prominent this year has been to the Frances Hodgkins Fellowship and the Chinese Splendour exhibition. Next year should see some interesting new developments.

The Direction of the Trust

Our strategic plan is under continual review, as are our policies and processes. There are no competitive pressures from outside the trust and so we must generate a culture of improvement from within. Our personality is maturing and the community and operational characteristics that we value are becoming established.

I would like to provide a brief comment about economic development.

Trustees are conscious that economic good health underpins general community good health and are always conscious of this when considering donations proposals.

Merely making \$10 million of donations—which becomes spending of one sort or another—directly creates economic activity, of course. For example, if we make the difference on whether a swimming pool proceeds or not, we help local builders as well as provide family recreation. In this way, we earn income from outside our region and bring that back to invest in strengthening the local economy.

But trustees also support or generate projects directly intended to have an economic impact. The video project I have already mentioned is just one of many good examples. Because of the trust’s financial strength, we are uniquely placed to provide a resource that can be used by others to attract business sales or investment, tourists, students, conferences or future residents. To these direct effects can be added the intangible benefits flowing from the boost that this project might provide to provincial pride and self belief.

Trustees earlier this year made the formal decision to consider whether there are any ways in which we might make other imaginative contributions to economic good health, and this consideration is under way. But we do not expect that we will directly invest in any business, either by way of ownership or by way of being a banker, for any reason other than to meet our investment goal. Our investment goal is to obtain the best possible income at our appropriate level of risk, because that is what will allow us to maximise what we have to spend locally. Nor do trustees believe that the best way for us to assist economic development in the region is for us to attempt ourselves in some way to “pick winners”.

Trustees do not have closed minds on these matters. We want only to do the best for Otago, and we are always open to

suggestions. But we will not be guided by popular sentiment or anything other than rigorous thinking in our desire to get it right.

Our Trustees and Staff

I want to thank fellow trustees for their wise, constructive involvement and for the harmonious way in which the trust operates.

I also want to assert that the trust has high quality staff. Our chief executive, Keith Ellwood, provides quality thinking and leadership, our donations assessor, Carol Melville, remains key to our operations, and Heather Wyatt and Fay Jackson are ever cheerful and efficient.

For myself, I am grateful for the opportunity to be involved.

The trust will continue to do its absolute best to make a positive difference for the people of Otago.

CLIVE MATTEWSON, Chairperson.

Notes to the Consolidated Financial Statements for the Year Ended 31 March 1999

Basis of Preparation

These are the consolidated financial statements of the Community Trust of Otago, Otago Community Charities Limited, the Community Trust Amateur Sports Co Limited, the Community Trust District Improvement Co Limited and Fillmor House Limited. The Community Trust of Otago was incorporated as a charitable trust in accordance with the provisions of the Trustee Banks Restructuring Act 1988.

The financial statements have been prepared to comply with the Financial Reporting Act 1993 and comprise consolidated statements of the following: financial performance, movement in trust funds, financial position, cash flows, as well as notes to these financial statements.

The financial statements are prepared on the basis of historical cost, except for the revaluation of managed funds.

Specific Accounting Policies

Income

Income from managed funds includes both realised and unrealised income and is recorded gross of fund management expenses.

Interest is recognised on an accrual basis.

Donations

Donations are accounted for as they are distributed.

Foreign Currencies

All amounts denominated in foreign currencies are converted to New Zealand dollars at balance date. All realised and unrealised gains and losses are recognised in the statement of financial performance.

Taxation

Income tax is recognised on the surplus after distribution, adjusting for differences between taxable and accounting income. Future tax benefits are not recognised unless realisation of the asset is virtually certain.

Fixed Assets

Fixed assets are recorded at cost less accumulated depreciation.

Depreciation

Depreciation has been charged to the financial statement using rates, which will write off the cost of assets less their estimated residual value over their estimated economic lives. The depreciation rates used are:

Buildings	4 percent
Office furniture and equipment	12–48 percent

G.S.T.

The trust is not registered for G.S.T. purposes and therefore the financial statements have been prepared on a G.S.T. inclusive basis.

Capital Maintenance Reserve

The capital maintenance reserve represents the additional amount necessary to preserve the real value of the capital allowing for inflation as measured by the consumers' price index (CPI).

Investments

Investments are valued at year end market value. All realised and unrealised gains and losses are recognised in the statement of financial performance.

Hedging Instruments

The trust through its investment managers enters into hedging instruments such as futures, options and forward exchange contracts. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in income and expenditure as income from managed funds.

Statement of Cash Flows

Cash comprises cash at bank and call deposits but does not include cash or deposits held by the fund managers.

Changes in Accounting Policies

There have been no changes in accounting policies during this accounting period.

Changes in Comparative Figures

Where applicable, certain comparatives have been restated to comply with the accounting presentation adopted for the current period.
