### Dumping and Countervailing Duties Act 1988

#### Initiation of Dumping Investigation: Lead Acid Batteries from Thailand

Notice is hereby given that, acting pursuant to section 10 (1) of the Dumping and Countervailing Duties Act 1988, and under delegated authority from the Secretary of Commerce, I have initiated an investigation to determine both the existence and effect of the alleged dumping of the goods described in the Schedule to this notice, originating from Thailand, being satisfied that sufficient evidence has been provided that:

(b) By reason thereof there is a threat of material injury to the New Zealand industry producing like goods, and also being satisfied that the collective output of those New Zealand producers who have, in writing, expressed support for the application constitutes:

(a) Twenty-five percent or more of total New Zealand production of like goods produced for domestic consumption (assessed during the most recent representative period, being not less than 6 months); and

(b) More than 50 percent of the total production of like goods produced for domestic consumption (as so assessed) by those New Zealand producers who have, in writing, expressed support for or opposition to the application.
