Background

1. 2. Under section 290 of the Act, ACC must pay from the Non-Earners' Account, an amount to pay for education-related support for children requiring special assistance as a result of personal injury covered by the Act to enable them to receive education.
3. Section 290 (5) of the Act provides that the amount to be paid, the person to whom it must be paid, and the manner of payment must be as specified in a policy direction.

4. A policy direction was issued on 1 July 1999, which covers the period from 1 July 1999 to 31 December 1999.

5. The following definitions apply in this Policy Direction:

 - Entitled to free education at any state school under section 3 of the Education Act 1989; or
 - ii. Attending an early childhood education service which is, under section 316 of the Education Act 1989, licensed or exempted from licensing requirements, or a home based service chartered under section 312 of that Act.

6. Pursuant to sections 290 and 339 of the Act, I hereby direct that ACC must pay an amount for the costs of education-related support for children requiring special assistance as a result of personal injury covered by the Act to enable them to receive education. The amount is for the period from 1 January 2000 to 31 December 2000, and is to be calculated by adding Amount A to Amount B.

Amount A - Teacher Aides

7. ACC must pay an amount ("Amount A") for the provision of Teacher Aides.
8. Amount A must be calculated by:
 - a ACC's assessing the number of hours that each insured needs to have a Teacher Aide as the result of the injury for which they have cover under the Act; and
 - b Following such an assessment, paying \$13.02 for each hour that a Teacher Aide is assessed as being required for the insured.
9. ACC must pay the relevant parts of Amount A to each Teacher Aide's employer.
10. ACC must make payment after receiving an invoice from each such employer.

Amount B - Transport

11. ACC must pay an amount ("Amount B") being a contribution to the cost of transport between each insured's school or early childhood education service and place of residence. Amount B is the total of, for each

insured who is entitled to Teacher Aide assistance under this Policy Direction, the amounts reached by:

- i Calculating the lowest fare payable on the cheapest of any available scheduled transport; or
 - ii Where there is no scheduled transport, or such transport is not appropriate due to the insured's injury for which they have cover under the Act, calculating at the rate of \$1.00 per kilometre.
12. The amounts calculated must be reduced by any conveyance allowance paid by the Ministry of Education.
13. The amounts calculated must not exceed the amount that would have been calculated for the journey between the insured's place of residence and the nearest appropriate school or early childhood education service that meets the insured's needs.
14. ACC must pay the relevant parts of Amount B:
- i Where it is calculated under paragraph 11 (i) above, to the insured and after the transport has been provided; or
 - ii Where it is calculated under paragraph 11 (ii) above, to each of the providers of the transport, after receiving an invoice from the provider.

Health and Safety in Employment Act 1992

Notice of Intention to Apply for Ministerial Approval for an Amendment to a Code of Practice Under the Health and Safety in Employment Act 1992—Approved Code of Practice for the Management of Noise in the Workplace

Pursuant to section 20 of the Health and Safety in Employment Act 1992, I, R. J. M. Hill, General Manager, Occupational Safety and Health Service of the Department of Labour, in exercise of those powers delegated to me by the Secretary of Labour, pursuant to section 41 of the State Sector Act 1988, hereby give notice of my intention to apply to the Minister of Enterprise and Commerce for his approval for an amendment of an approved code of practice for the health and safety management of noise in the workplace under the Health and Safety in Employment Act 1992.

The Approved Code of Practice for the Management of Noise in the Workplace includes preferred work practices that are designed to describe safety and health precautions that should be taken in the management of noise in the workplace. They are designed to provide employers with practical guidance on how to identify and manage noise hazards in the workplace to minimise the risks to the health and safety of employees and others working with or near excessive noise. These preferred work practices also apply to all designers, manufacturers, and suppliers of plant that produce noise levels greater than the exposure limits, and to all designers, manufacturers, and suppliers of hearing protectors. The amendment will seek to resolve a discrepancy surrounding the notification of Noise Induced Hearing Loss, and to update the code and align it with the recently published AS/NZS 1269 and 1270 Standards.

Dated at Wellington this 26th day of October 1999.

- (d) That the business, involvement, interest or any of the cross-involved entities provide all tenants of any future property of CFSPL or of any company or entity related to CFSPL or otherwise part of the Colonial Group to whom they supply electricity with relevant electricity consumption and billing information, on a timely basis, to enable the tenants to assess competitive options for the supply of their electricity.
- (e) That the Commission is informed of the details of any future property investment and/or management activity, within 20 working days (as that term is defined in the Commerce Act 1986) from the day following the day it undertakes the activity, that is

A Proposed New Standard for Genetically Modified Foods

On Friday, 22 October 1999, Australian and New Zealand Health Ministers considered a draft new standard for genetically modified foods (GMF), which incorporates labelling for all GMFs. Ministers asked that the draft standard be publicly released. Written submissions on the draft standard should be received by **Wednesday, 15 December 1999**.

Call for Submissions Applications to Approve Certain Genetically Modified Foods

The authority has made preliminary assessments of the following applications for genetically modified foods,

accepted them for further consideration and will now make full assessments of them. The foods will be assessed for safety for human consumption in accordance with the authority's approved safety assessment criteria. To assist in this process you are invited to present written submissions to the authority, including the potential regulatory impact on consumers, industry and government, by **Wednesday, 12 January 2000**.

The authority previously made a recommendation to the Australia New Zealand Food Standards Council under section 37 of the Australia New Zealand Food Authority Act 1991 relating to the exemption of foods from the commencement date of Standard A18—Foods Produced Using Gene Technology. This involved the authority making a recommendation to the council as a matter of urgency and to omit to carry out public consultation at that time. The authority is now bound to undertake an inquiry into the recommendation, and you are now invited to present written submissions to the Authority on this matter by **Wednesday, 15 December 1999**.

Call for Submissions—Applications. The authority has made a preliminary assessment, accepted the following application for further consideration and will now make a full assessment of it. You are invited to present written submissions to the authority, including the potential regulatory impact on consumers, industry and government, by **Wednesday, 15 December 1999**.

The authority has completed inquiries into the variations to standards prepared at full assessment of the following applications and has made recommendations to the Australia New Zealand Food Standards Council that the variations be adopted into the Food Standards Code.

- **RoundUp Ready Soybeans (A338)**.
- **Swiss Raw Milk Cheeses (A357)**.

Chairman's Report for the Year Ended 31 March 1999

I am pleased to present my report for the year ended 31 March 1999.

The net realised profit for the year was \$2,129,547 and after making provision for transfers into general reserves, an amount of \$1,597,161 was available for distribution to the Mid and South Canterbury areas.

During the year the trust reconsidered its investment strategy, and with guidance from financial advisers, formulated a new active investment policy. Guardian Trust New Zealand was commissioned to act as investment manager to manage the trust's capital base in accordance with the new policy.

The trustees are very conscious of its responsibilities to the community, and they strive to invest capital prudently to generate a financial return for use in the wider community.

The Community House project was successfully launched, and so far 12 community-based organisations are leasing the excellent office accommodation provided, and taking advantage of the central location and other facilities provided in the house.

The trust's official office is also based in Community House, making it more accessible to the community and enabling a more efficient service to be provided.

The terms of office for trustees, Hon. Jim Sutton, M.P., Mr Peter McIlraith and Mr Eddie Thompson (Chairman), expired on 31 May 1998.

The Minister of Finance advised the trust that Mr McIlraith had been re-appointed for a further term of office expiring on 31 May 2002, and that Mr Sutton and Mr Thompson had been replaced by Mrs Carole Brand and Mrs Huriata Weeks.

The trust acknowledges the outstanding contribution made by Hon. Jim Sutton and Mr Eddie Thompson to the affairs of the trust, and welcomes the two new trustees to our team.

With the departure of Mr Thompson, I was appointed chairperson of the trust, with Mr Peter McIlraith as deputy chairperson. Mr Ken Churcher, secretary of the trust retired on 31 July 1998, and Mr Bruce Strathern was appointed as the trust's executive director from 1 August.

The trust is pleased to contribute to the well-being of the district it serves, not only in the provision of tangible assets, but in assisting in the social welfare of the district.

I would like to pay tribute to the large number of individuals in the district, who voluntarily work for the well-being of the charitable organisations they serve.

R. J. UNDERDOWN, Chairperson.

Notes to the Consolidated Financial Statements for the Year Ended 31 March 1999

1. Statement of Accounting Policies

Reporting Entity

The Community Trust of Mid and South Canterbury Inc. is a charitable trust incorporated under the Trustee Banks Restructuring Act 1988. The financial statements have been prepared in accordance with the Financial Reporting Act 1993 and generally accepting accounting policies.

General Accounting Policies

The general accounting policies adopted in the preparation of these financial statements are:

- The measurement base adopted is that of historical cost, except for the revaluation of investments. Reliance is placed on the fact that the trust is a going concern.
- The matching of revenues earned and expenses incurred using accrual accounting.

Particular Accounting Policies

The following are the particular accounting policies which have a material effect on the measurement of results and financial position:

- Dividend Income*—Dividend income is included in the consolidated statement of financial performance when it is received.
- Donations*—Donations, special projects and community loans are accounted for on an accruals basis.

(c) *Investments*—Investments held as managed funds are shown at market value. Net income including unrealised gains or losses from holding such investments are recorded in the consolidated statement of financial performance.

(d) *Fixed Assets*—Fixed assets are recorded at cost less accumulated depreciation.

(e) *Basis of Consolidation*—The Community Trust of Mid and South Canterbury Inc. and its subsidiary the Trust Bank South Canterbury Community Trust Charities Limited have been consolidated using the purchase method of consolidation.

Changes in Accounting Policies

The policy with respect to investments has changed during the year from taking unrealised gains/losses on debt investments directly to the revaluation reserve to taking these gains/losses through the statement of financial performance on an annual basis. Net unrealised gains/losses on all investments are now recorded in the statement of financial performance to provide consistency in the recognition of movements in the value of all investments. This change has resulted in an increased operating surplus by \$597,910.

In addition we have split the general fund into general fund and donations reserve to provide more detailed analysis of trust equity.

1998 comparative figures have been restated in order to reflect the change in accounting policy regarding presentation of equity components.

All other accounting policies remain unchanged from the previous year.
