## Ministry of Research, Science and Technology

### Foundation for Research, Science and Technology Act 1990

#### Notice of Revocation of Ministerial Scheme and Introduction of New Ministerial Schemes Under Section 8A of the Foundation for Research, Science and Technology Act 1990

##### *1. Ministerial Direction to the Foundation for Research, Science and Technology (New Zealand Science and Technology Post-doctoral Fellowships Scheme) Notice 1999*

To the Foundation for Research, Science and Technology ("the Foundation"):

Under section 8A of the Foundation for Research, Science and Technology Act 1990, the Foundation is directed to allocate funds in accordance with the New Zealand Science and Technology Post-doctoral Fellowships Scheme ("the Scheme") specified in this notice.

This Notice revokes and replaces any previous notices which established or amended the New Zealand Science and Technology Post-doctoral Fellowships Scheme. The Notice was issued to the Foundation for Research, Science and Technology by the Minister of Research, Science and Technology on 1 November 1999.

#### **New Zealand Science and Technology Post-doctoral Fellowships Scheme—**

##### *The Nature of the Scheme*

The New Zealand Science and Technology Post-doctoral Fellowships Scheme is intended to develop and enhance science, technology and engineering skills and knowledge in New Zealand researchers who are of outstanding talent, and to apply the benefit accruing therefrom to New Zealand. The Scheme is intended to foster the development of New Zealand's scientists and future science leaders. The New Zealand Science and Technology Post-doctoral Fellowships Scheme complements other Government initiatives implemented to assist New Zealand to compete successfully as a knowledge society.

*The objectives of the Scheme*

The objectives of the Scheme are to:

- Assist New Zealand doctoral graduates to further develop and enhance their skills and knowledge in science, technology and engineering, and where appropriate to focus some of this development and enhancement for the benefit of New Zealand;
- Assist New Zealand post-doctoral researchers to obtain exposure to international developments in science, technology and engineering of potential interest to New Zealand;
- Assist New Zealanders who have completed doctoral degrees overseas to undertake post-doctoral research in New Zealand;
- Assist New Zealanders who have completed a period of up to 5 years of research overseas following completion of their doctoral degree to return to employment in the New Zealand science, technology and engineering sector; and
- Bridge the potential gap between attainment of a doctoral degree and employment in the New Zealand science, technology and engineering sector.

*Mechanisms of the Scheme*

The objectives of the Scheme will be achieved by providing support, in the form of fellowships, for talented New Zealand post-doctoral students undertaking research in approved research institutes or business enterprises in New Zealand or overseas. It is anticipated that recipients of the Fellowship undertaking their research overseas, will upon the completion of their Fellowship, return to New Zealand for employment in the science, technology and engineering sector.

*Targeting of Support*

The Scheme will be targeted at New Zealand doctoral graduates who have recently had their degrees confirmed. It is expected that each individual Fellowship will have a duration of at least 3 years.

*Administration and Selection*

The Scheme will be administered by the Foundation for Research, Science and Technology.

A standard set of robust criteria will be used to select the applicants to be awarded Fellowships.

Where appropriate, the Foundation may depute a potential host organisation the ability to select Fellows against the standard set of criteria for the Scheme.

*Estimated funding*

The amount of funds available for the Scheme will be published in the annual Estimates of Appropriation.

The estimated funding for the Scheme is a maximum of \$2.535 million in 1999/2000 financial year.

*Estimated duration*

The Scheme will operate for a minimum of 5 years from the date of this notice.

*Monitoring*

The Ministry of Research, Science and Technology will monitor the Scheme and the Foundation's management of the Scheme.

## **2. Ministerial Direction to the Foundation for Research, Science and Technology (New Economy Research Fund Scheme) Notice 1999**

To the Foundation for Research, Science and Technology ("the Foundation").

Under section 8A of the Foundation for Research, Science and Technology Act 1990, the Foundation is directed to allocate funds in accordance with the New Economy Research Fund Scheme ("the Scheme") specified in this notice.

This notice establishes the New Economy Research Fund Scheme. The Notice was issued to the Foundation for Research, Science and Technology by the Minister of Research, Science and Technology on 1 November 1999.

### **New Economy Research Fund Scheme—**

*The Nature of the Scheme*

The New Economy Research Fund will support researcher-led innovation aimed at developing capability and knowledge in new areas or applications where industries are emerging or yet to emerge, in order to underpin new high-technology business opportunities. The focus of the research should be on targeted basic research and human capital that will underpin new enterprises and new sectors.

*The Objectives of the Scheme*

The primary objective of the Scheme is to underpin new or emerging knowledge-based enterprises in New Zealand through:

- Supporting investigator-initiated basic research that has the potential to create the advanced technological platforms that will underpin new and emerging industries;
- Building a critical mass of research capability and new knowledge in emerging science and technology areas;
- Developing advanced human capital and skills that draw from rapidly advancing international science and technology; and
- Developing new areas of knowledge to a point where they may be further developed, sustained and/or exploited through other public or private investments.

*Principles for Determining Research Support*

The Scheme will support research proposals that:

- Meet international standards of excellence;
- Seek to build new areas of knowledge and research groupings in areas extending beyond existing industry boundaries;
- Build human capital in advanced science and technology that may underpin the emergence of new industries;
- Are initiated as a basic research concept or idea, and develop towards a research-led commercial opportunity; and
- Involve research based in New Zealand, but which may include appropriate international collaboration to maximise the benefit to New Zealand.

It is recognised and accepted that the research supported by the Scheme may generate uncertain or unpredictable results.

*Selection of Research and Administration of the Scheme*

The Foundation is to focus on investing in skills and basic knowledge that may be applied to support new sectors, rather than simply allocating all available funds. In selecting proposals for funding, the Foundation should apply the following criteria:

- Contestability—Any individual, public or private enterprise or organisation may submit proposals for funding. Applicants must be able to demonstrate the

capability to carry out the proposed research themselves.

- **Full-cost funding**—Research should be fully funded so that it contributes effectively to the objectives of the Scheme. The full costs of carrying out the proposed research, including appropriate international links, communication, and technology transfer, should be met.
- **Fitness for Purpose**—Research proposals should also demonstrate a potential to develop scientific and technological platforms and demonstrate how that may underpin new and emerging industries. The development of human capital in advanced and rapidly changing areas of science and technology is vital. Excellence, originality and rigour in research approach and execution must be demonstrated. Where appropriate, the applicants must also be able to demonstrate the capability to establish research groups to carry out the research proposed.
- **Diversity**—The need to foster a diversity of ideas and approaches must be considered when determining the funding distribution.

All proposals funded must be consistent with the nature and objectives of the Scheme set out above and contribute to the achievement of the Government's goals for its research, science and technology investments.

#### *Funding*

The amount of funds available for the Scheme will be published in the annual Estimates of Appropriation. It is estimated that \$5 million (including G.S.T.) will be available in the 1999/2000 financial year, and approximately \$36 million (including G.S.T.) in the 2000/2001 financial year.

#### *Estimated duration*

The Scheme will operate for a minimum of 5 years from the date of this notice.

#### *Monitoring*

The Ministry of Research, Science and Technology will monitor the Scheme and the Foundation's management of the Scheme.

Dated at Wellington this 1st day of November 1999.

HON. MAURICE WILLIAMSON, Minister of Research, Science and Technology.

## Social Policy

### Social Security Act 1964

#### Childcare Assistance Amendment (No. 4)

Pursuant to section 124 (1) (d) of the Social Security Act 1964, I, Roger Morrison Sowry, Minister of Social Services, Work and Income, approve the following amendment to the Childcare Assistance welfare programme (as established and approved by me on 19 December 1998) to come into effect on the day after its publication in the *Gazette*.

Dated this 15th day of November 1999.

ROGER SOWRY, Minister of Social Services, Work and Income.

#### *Amendment*

In clause 2 (1), the definition of the term "income" is amended by inserting in paragraph (a), after the word "benefit", the words "(other than an orphan's benefit or an unsupported child's benefit)".

#### *Explanatory Note*

*This note is not part of the amendment but is intended to indicate its general effect.*

This amendment removes orphans' benefits and unsupported children's benefits from being counted as income for the purpose of the Childcare Assistance welfare programme.

#### Direction in Relation to Special Benefit Amendment (No. 3)

To: The Chief Executive, Department of Work and Income.

Pursuant to section 5 of the Social Security Act 1964, I, Roger Morrison Sowry, Minister of Social Services, Work and Income, give you the following direction to take effect from the day after the date on which the direction is published in the *Gazette*.

Dated this 15th day of November 1999.

ROGER SOWRY, Minister of Social Services, Work and Income.

#### *Amendments*

I direct that the Direction In Relation To Special Benefit that I gave you on 10 February 1999 must, after this direction takes effect, be read as if the amendments specified in the Schedule were incorporated within it.

#### **Schedule**

| Provision Amended | Amendment  |
|-------------------|--|
| Paragraph 2.1     | By inserting in paragraph (a) of the definition of the term "chargeable income", immediately after the word "benefit", the words "(other than an orphan's benefit or an unsupported child's benefit)". |
| Paragraph 2.1     | By omitting paragraph (b) of the definition of the term "chargeable income".   |

#### *Explanatory Note*

*This note is not part of the Direction but is intended to indicate its general effect.*

This Direction, made by the Minister of Social Services, Work and Income under section 5 of the Social Security Act 1964, amends the Direction In Relation To Special Benefit given by the Minister on 10 February 1999. The amendment removes orphans' benefits and unsupported children's benefits from being counted as chargeable income for the purposes of assessing eligibility for special benefit.

## Transport

### Civil Aviation Act 1990

#### Notice of Variation of a Scheduled International Air Service Licence

Further to a notice in the *New Zealand Gazette* of 15 July 1999 and pursuant to section 87J (6) of the Civil Aviation Act 1990, a delegation from the Minister of Transport dated 27 August 1996, and a subdelegation from the Secretary for Transport dated 28 August 1996, I give notice that the Minister of Transport has varied the Scheduled

International Air Service Licence held by Air New Zealand to provide for, in respect to New Caledonia, 1 weekly frequency with any type of aircraft or up to 2 weekly frequencies with aircraft, the capacity of which does not exceed 300 seats and 1 additional frequency with any type of aircraft during 15 weeks within a 12 month period. The second weekly frequency permitted by this variation must be taken up within 6 months of 7 November 1999.

Signed at Wellington this 12th day of November 1999.

J. G. BRADBURY, General Manager International Relations, Ministry of Transport.
