### Dumping and Countervailing Duties Act 1988

---

#### **Anti-dumping Duties: Notice That Anti-dumping Duties on Abrasive Discs and Wheels From Korea and Taiwan are to Cease to Apply**

Subject to section 14 (9) of the Dumping and Countervailing Duties Act 1988 ("the Act"), anti-dumping duties imposed on abrasive discs and wheels from Korea and Taiwan\* will cease to apply to those goods on 17 October 2000 unless, at that date, the goods are subject to review under section 14 (8) of the Act.

Any interested party that might request the Secretary of Commerce to initiate a review before the termination date referred to above, should be aware that positive evidence justifying the need for a review must be provided to the Secretary.

If an application is received which provides positive evidence justifying the need for a review, the Secretary must undertake a review investigation and report to the Minister of Commerce within 180 days on whether the anti-dumping duties should continue to be applied. Positive evidence

justifying the need for a review would need to provide reasons for believing that the expiration of anti-dumping duties would see the continuation or recurrence of dumping of abrasive discs and wheels from Korea and Taiwan, and for believing that such dumping would be likely to cause the continuation or recurrence of material injury to the New Zealand industry producing abrasive discs and wheels. The reasons should be supported by evidence and not based on mere allegations or assertions.

Signed at Wellington this 11th day of April 2000.
