Pursuant to section 28ZG of the Fisheries Act 1983, the Policy Manager, Nelson, Ministry of Fisheries (acting pursuant to delegated authority in accordance with section 41 of the State Sector Act 1988), hereby gives the following notice.

#### Notice

**1. Title and commencement**—(1) This notice may be cited as the Fisheries (Bycatch Trade-off) Notice (No. 3) 2000.

(2) This notice shall come into effect the day after the date of its notification in the *New Zealand Gazette*, and shall expire on the 15th day of October 2000.

**2. Interpretation**—In this notice:

- Target species and bycatch species are specified by the way of fishstock codes, being Fishstock Codes defined in the Second Schedule of the Fisheries (Reporting) Regulations 1990†; and
- Methods are specified by way of method codes, being Method Codes defined in the Second Schedule of the Fisheries (Reporting) Regulations 1990†.

**3. Offering a lease of quota in lieu of paying deemed value**—(1) Subject to this clause, as from the date this notice comes into effect, any commercial fisherman who, but for section 28ZG of the Fisheries Act 1983, could be required under section 28ZD of that Act to pay the deemed value of any fish that is specified as a bycatch species in this notice, may, not later than 15 days after the end of the month in which the fish were taken, by notice in writing, offer the Chief Executive of the Ministry of Fisheries a lease or sub-lease of the right to take fish, under any quota held or leased by that commercial fisherman that are specified in the Schedule to this notice as a target species in relation to that bycatch species.

#### Schedule 3

##### Conditions

- (i) The service brake shall incorporate a dual braking system from the service brake foot valve (brake pedal) to the road wheels of the vehicle;

Tests (a) and (b) must be carried out on a gradient of not less than 1 in 5, while the vehicle is facing both up hill and down hill. These tests will ensure that the parking brake is capable of securely holding the laden vehicle for an indefinite period of time:
  - (a) The first test is conducted with the vehicle's maximum load evenly distributed over the area intended to carry the vehicle load. In this state, there is equal weight on the parking brake and tag axles. This will test the ability of the parking brake to hold the total laden weight of the vehicle; and
  - (b) The second test is conducted with the load in the estimated worst case of load distribution within the area intended to carry the vehicle load. In this state, there is minimum weight on the parking brake axle with most either on the tag or front axle depending on the configuration of axle spacing and location of load carry area. This will test the ability of the parking brake to hold the vehicle when most of the load is on axles other than the parking brake axle;

- (vi) Prospective vehicle owners must be fully informed of this notice and the conditions contained within it;
- (vii) This exemption may be revoked at any time;
- (viii) A copy of this notice must be carried in the vehicle at all times and be readily available for inspection.

**Notes to the Financial Statements for the Year Ended 31 March 2000****1. Statement of accounting policies**

The ASB Bank Community Trust ("the trust") is the reporting entity. The trust was formed on 30 May 1988 through the creation of a trust deed in compliance with the Trustee Banks Restructuring Act 1988. Under the terms of the trust deed, the trust was settled with 60 million \$1 fully paid ordinary shares in ASB Bank Limited representing 100% of the issued capital. As at 31 March 1988 the net tangible asset backing of those 60 million shares was \$147,655,000. In 1989 45 million shares were sold to the Commonwealth Bank of Australia for \$252,000,000 which was then donated to the ASB Charitable Trust.

The measurement basis adopted is that of historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the trust is a going concern. The financial statements have been prepared in accordance with the requirements of the Financial Reporting Act 1993.

**Bank**

Bank is stated as the balance in the bank account rather than the balance as per the cash book.

**Statement of cash flows**

Cash comprises cash at bank and call deposits but excludes charitable purposes reserve fund cash at bank and call deposits.

**Dividends**

Dividends are recognised as income when they are received by the trust. They are recorded net of any imputation tax credits.

**Donations**

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the trustees.

**Expenses**

Some expenses are shared jointly with the ASB Charitable Trust. Whilst each trust bears its own specific costs, the joint expenses are allocated between each trust on the basis of the number of applications processed by each.

Joint expense allocations were:

	2000	1999
This trust	40%	40%
ASB Charitable Trust	60%	60%

**Investments**

Investments in shares are valued at the net tangible asset backing as disclosed in the latest published accounts. Any revaluation difference is transferred to the investment reserve. Other investments are stated at market value. Any gains or losses are recognised in income and expenditure for the period.

**Financial instruments**

All assets and liabilities of the trust are financial instruments and are recognised in the balance sheet. All financial instruments are recorded at market value or fair value or are not materially different from market value or fair value.

The quantitative disclosures required by FRS 31 Disclosure of Information about Financial Instruments have been included throughout the financial statements where material.

**Reserves**

The Investment Reserve reflects both the realised and unrealised increase in the net tangible asset value of the shareholding in ASB Group Limited. It excludes the portion of the increases attributable to the Charitable Purposes Reserve Fund.

The Charitable Purposes Reserve Fund represents funds contributed by ASB Charitable Trust to enable the trust to participate in the issue of new equity by ASB Group Limited. In order to maintain the non taxable status of this reserve, the trust is required to segregate these funds contributed from ASB Charitable Trust and the income attributable thereto. There are also certain restrictions on the distribution of income from this fund.

Transfers to other reserves from the unallocated surplus are made at the discretion of the trustees.

**Taxation**

Taxation includes both current and deferred tax. Deferred tax is calculated using the comprehensive liability method.

**Comparatives**

Certain comparatives have been restated for disclosure purposes.

**Changes in accounting policies**

There have been no material changes in accounting policies during the period.

**Audit Report**

*To the Trustees of ASB Bank Community Trust:*

We have audited the financial statements comprising the statement of income and expenditure, the statement of movement in trust funds, the balance sheet, the statement of cash flows and the notes to these financial statements. The financial statements provide information about the past financial performance of the trust and its financial position as at 31 March 2000. This information is stated in accordance with the accounting policies in the notes to these financial statements.

**Trustees' responsibilities**

The trustees are responsible for the preparation of financial statements which give a true and fair view of the financial position of the trust as at 31 March 2000 and the results of its operations and cash flows for the year ended on that date.

**Auditors' responsibilities**

It is our responsibility to express an independent opinion on the financial statements presented by the trustees and report our opinion.

**Basis of opinion**

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- The significant estimates and judgements made by the trustees in the preparation of the financial statements;
- Whether the accounting policies are appropriate to the trust's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with New Zealand Auditing Standards issued by the Institute of Chartered Accountants of New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Other than in our capacity as auditors, we have no relationship with or interest in the trust.

**Unqualified opinion**

We have obtained all the information and explanations we have required.

In our opinion:

- Proper accounting records have been kept by the trust as far as appears from our examination of those records;
- The financial statements:
  - (a) comply with New Zealand generally accepted accounting practice;
  - (b) give a true and fair view of the financial position of the trust as at 31 March 2000 and the results of its operations and cash flows for the year ended on that date.

Our audit was completed on 29 May 2000 and our unqualified opinion is expressed as at that date.

KPMG, Auckland.

**Notes to the Financial Statements for the Year Ended 31 March 2000****1. Statement of accounting policies**

The ASB Charitable Trust ("the Trust") is the reporting entity. The trust was formed on 31 May 1989 through the creation of a trust deed by the ASB Bank Community Trust and a donation of \$252,000,000.

The measurement basis adopted is that of historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the trust is a going concern. The financial statements have been prepared in accordance with the requirements of the Financial Reporting Act 1993.

**Bank**

Bank is stated as the balance in the bank account rather than the balance as per the cash book.

**Statement of Cash Flows**

Cash comprises cash at bank and call deposits but does not include cash or deposits held by the fund managers. Therefore the Statement of Cash Flows does not reflect the cash flows within the fund managers' portfolios.

**Depreciation**

Depreciation is provided over the useful life of the assets. Buildings are depreciated on a straight line basis. Vehicle, office equipment and furniture are depreciated on a diminishing value basis. The rates used are those recommended by the Inland Revenue Department.

**Dividends**

Dividends are recognised as income when they are received by the trust and exclude imputation tax credits.

**Donations**

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the trustees.

**Expenses**

Some expenses are shared jointly with the ASB Bank Community Trust. Whilst each trust bears its own specific costs, the joint expenses are allocated between the trusts on the basis of the number of applications processed by each.

Joint expense allocations were:

	<i>2000</i>	<i>1999</i>
This trust	60%	60%
ASB Bank Community Trust	40%	40%

**Fixed Assets**

Fixed assets are valued at cost less accumulated depreciation.

**Foreign Currencies**

All amounts denominated in foreign currencies are converted to New Zealand dollars at balance date and all realised and unrealised gains and losses are recognised in income and expenditure for the period.

**Investments**

Investments are stated at market value, except for the ASB Group Limited term loan which is to be held to maturity. The ASB Group Limited term loan is stated at cost plus accrued interest. Any gains or losses are recognised in income and expenditure for the period.

Investment transactions are recorded by the fund managers on a settlement date basis. Unsettled transactions are disclosed in the Notes as commitments.

**Financial Instruments**

All assets and liabilities of the trust with the exception of fixed assets are financial instruments and are recognised in the balance sheet. All financial instruments, except for the ASB Group Limited term loan which is to be held to maturity, are recorded at market value or fair value or are not materially different from market value or fair value.

The trust uses financial instruments with off balance sheet risk to reduce exposure to fluctuations in foreign currency exchange rates. Forward exchange contracts are entered into to hedge foreign currency transactions. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the income and expenditure statement.

The quantitative disclosures required by FRS 31 Disclosure of Information about Financial Instruments, have been included throughout the financial statements where material.

**Reserves**

Transfers to the capital maintenance reserve are based on the annual movement in the Consumer Price Index.

Transfers to all other reserves from the unallocated surplus are made at the discretion of the trustees.

**Taxation**

The trust has been accorded tax exempt status in New Zealand and Australia but is liable to taxation on investment income in some other overseas countries. Tax on overseas income is accounted for as a reduction of that income.

**Comparatives**

Certain comparatives have been restated for disclosure purposes.

**Changes in accounting policies**

There have been no material changes in accounting policies during the period.

#### Credit risk

The trust in the normal course of business enters into arrangements with other parties. These arrangements give rise to credit risk for the trust and hence policies and procedures are maintained so that this risk is minimised. No collateral is required in respect of financial assets.

For all classes of financial assets held by the trust, the maximum credit risk exposure to the trust is the carrying value as disclosed in the financial statements at balance date.

Due to the diversification of the investment portfolio and the policies and procedures in place, there is no significant concentrations of credit risk.

#### Fair values

As at 31 March 2000, due to a rise in interest rates, the fair value of the ASB Group Limited term loan of \$60,000,000 was \$57,138,828.

All other financial instruments are carried at market value.

- Whether the accounting policies are appropriate to the trust's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with New Zealand Auditing Standards issued by the Institute of Chartered Accountants of New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Other than in our capacity as auditors, we have no relationship with or interest in the trust.
