### CERTIFICATION BY AUDITOR IN RELATION TO ODV VALUATION

#### Powerco Limited

I have examined the valuation of Powerco Limited and dated March 2000, which report contains valuations of system fixed assets as at 31 March 2000.

I certify that, having made all reasonable enquiry, to the best of my knowledge, the valuations contained in the report, including the total valuation of system fixed assets of \$253.264 million, have been made in accordance with the ODV Handbook.

A handwritten signature in black ink that reads 'Ross Buckley'. The signature is written in a cursive style with a large, looping flourish at the end.

## ELECTRICITY (INFORMATION DISCLOSURE) REGULATIONS 1999

STATUTORY DECLARATION IN RESPECT OF STATEMENTS AND  
INFORMATION SUPPLIED TO SECRETARY

I, Steven Ronald Boulton, of Level 2, Civic Centre Building, New Plymouth, being a principal of Powerco Limited, solemnly and sincerely declare that having made all reasonably enquiry, to the best of my knowledge, the information attached to this declaration is a true copy of information made available to the public under the Electricity (Information Disclosure) Regulations 1999.

And I make this solemn declaration conscientiously believing the same to be true and by virtue of the Oaths and Declarations Act 1957.

Declared at New Plymouth this <sup>8<sup>th</sup></sup> ~~2<sup>nd</sup>~~ day of August 2000.

  
MRS CLAIRE STEWART, J.P.  
MAYOR  
New Plymouth District Council  
Private Bag 2025

or other person authorised to take  
a statutory declaration)

**POWERCO LIMITED****ELECTRICITY (INFORMATION DISCLOSURE) REGULATIONS 1999****CERTIFICATION OF VALUATION REPORT OF LINE OWNERS**

We, Barry Raymond Upson, director and Steven Ronald Boulton, director, certify that, having made all reasonable enquiry, to the best of our knowledge –

- (a) The attached valuation report of Powerco Limited, prepared for the purposes of regulation 20 of the Electricity (Information Disclosure) Regulations 1999, complies with the requirements of those regulations; and
- (b) The replacement cost of the line business system fixed assets of Powerco Limited is \$521,699,349; and
- (c) The depreciated replacement cost of the line business system fixed assets of Powerco Limited is \$253,264,729; and
- (d) The optimised depreciated replacement cost of the line business system fixed assets of Powerco Limited is \$253,264,729; and
- (e) The optimised deprival valuation of the line business system fixed assets of Powerco Limited is \$253,264,729; and
- (f) The values in (b) through (e) have been prepared in accordance with the ODV handbook.

These valuations are as at 31 March 2000.

Date: 02 August 2000

**POWERCO LIMITED****ELECTRICITY (INFORMATION DISCLOSURE) REGULATIONS 1999****CERTIFICATION OF FINANCIAL STATEMENTS, PERFORMANCE MEASURES, AND STATISTICS DISCLOSED BY LINE OWNERS OTHER THAN TRANSPower**

We, Barry Raymond Upson, director, and Steven Ronald Boulton, principal of Powerco Limited certify that, having made all reasonable enquiry, to the best of our knowledge:

- (a) The attached audited financial statements of Powerco Limited, prepared for the purposes of regulation 6 of the Electricity (Information Disclosure) Regulations 1999 comply with the requirements of those regulations; and
- (b) The attached information, being the derivation table, financial performance measures, efficiency performance measures, energy delivery efficiency performance measures, statistics, and reliability performance measures in relation to Powerco Limited, and having been prepared for the purposes of regulations 15, 16, 21 and 22 of the Electricity ( Information Disclosure) Regulations 1999, comply with the requirements of those regulations.

The valuations on which those financial performance measures are based are as at 31 March 2000.

02 August 2000

**Deloitte Touche  
Tohmatsu**

**AUDITOR'S REPORT  
TO THE READERS OF THE FINANCIAL STATEMENTS OF POWERCO LIMITED  
FOR THE YEAR ENDED 31 MARCH 2000**

We have audited the financial statements of Powerco Limited on pages 1 to 15. The financial statements provide information about the past financial performance of Powerco Limited and its financial position as at 31 March 2000. This information is stated in accordance with the accounting policies set out on pages 5 to 7.

**Directors Responsibilities**

The Electricity (Information Disclosure) Regulations 1999 require the Directors to prepare financial statements which give a true and fair view of the financial position of Powerco Limited as at 31 March 2000, and results of operations and cash flows for the year then ended.

**Auditor's Responsibilities**

It is our responsibility to express an independent opinion on the financial statements presented by the Directors and report to you.

**Basis of Opinion**

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgements made by the Directors in the preparation of the financial statements; and
- whether the accounting policies are appropriate to Powerco Limited's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with generally accepted auditing standards, including the Auditing Standards issued by the Institute of Chartered Accountants of New Zealand except that our work has been limited as explained below. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

We carry out other assignments on behalf of the company in the areas of taxation and consulting advice. Other than in these capacities we have no relationship with or interest in Powerco Limited or its subsidiaries.

**Qualified Opinion**

The Electricity (Information Disclosure) Regulations 1999 established the mandatory application of an Avoided Cost Allocation Methodology for the current financial disclosures and in doing so does not require the comparative information to be restated for any changes in allocation basis applied in the current financial year. *FRS 2 Presentation of Financial Reports* issued by the Institute of Chartered Accountants of New Zealand requires that comparative figures be restated to correspond with the classification presented in the current period. In this respect alone we have not obtained all the information and explanations we have required.

In our opinion except for adjustments that might have been found necessary had the comparative figures been restated:

- proper accounting records have been maintained by Powerco Limited as far as appears from our examination of those records, and
- the financial statements on pages 1 to 15:
  - (a) comply with generally accepted accounting practice; and
  - (b) give a true and fair view of the financial position of Powerco Limited as at 31 March 2000 and the results of its operations and cash flows for the year then ended; and
  - (c) comply with the Electricity (Information Disclosure) Regulations 1999.

Our audit was completed on 2 August 2000 and our qualified opinion is expressed as at that date.

Deloitte Touche Tohmatsu  
Hamilton

**Deloitte Touche  
Tohmatsu**

**POWERCO LIMITED**

**ELECTRICITY (INFORMATION DISCLOSURE) REGULATIONS 1999**

*Auditor's Opinion of Performance Measures*

We have examined the attached information, being:

- (a) The derivation table in regulation 16; and
- (b) The annual ODV reconciliation report in regulation 16A; and
- (c) The financial performance measures in clause 1 of Part 3 of Schedule 1;  
and
- (d) The financial components of the efficiency performance measures in  
clause 2 of Part 3 of Schedule 1 –

that were prepared by Powerco Limited and dated 2 August 2000 for the purposes of regulation 15 of the Electricity (Information Disclosure) Regulations 1999.

In our opinion, having made all reasonable enquiry, to the best of our knowledge, that information has been prepared in accordance with the Electricity (Information Disclosure) Regulations 1999.

# POWERCO LIMITED

## Notes to the Financial Statements for the year ended 31 March 2000

### 1. Statement of Accounting Policies

#### Reporting Entity

Powerco Limited is a company registered under the Companies Act 1993. The group consists of Powerco Limited, its subsidiaries and its associate.

The following activities were the principal activities undertaken by Powerco Limited during the financial year:

- Distribution of electricity and value added services.
- Distribution of gas and value added services.

These financial statements have been prepared to comply with the provisions of the Electricity (Information Disclosure) Amendment Regulations 2000, Section 44 of the Energy Companies Act 1992, the Companies Act 1993, and the Financial Reporting Act 1993.

#### Measurement Basis

The accounting principles recognised as appropriate for the measurement and reporting of earnings and financial position on an historical cost basis are followed by the Group, with the exception that certain fixed assets have been revalued.

#### Specific Accounting Policies

The following specific accounting policies which materially affect the measurement of financial performance and the financial position have been applied:

##### a) Basis of Consolidation

The consolidated financial statements include those of Powerco Limited and its wholly owned subsidiary, Taranaki Energy Limited. All significant inter-company transactions and balances are eliminated on consolidation. In the parent company financial statements investments in subsidiaries are stated at cost.

##### b) Associate Companies

These are companies in which the group holds substantial shareholdings and exercises significant influence in commercial and financial policy decisions.

Associate companies have been reflected in the consolidated financial statements on an equity accounting basis which shows the group's share of profits in the consolidated statement of financial performance and its share of post acquisition increases or decreases in net assets, in the consolidated statement of financial position.

**c) Fixed Assets**

The capital value of fixed assets is the value at either Optimised Depreciated Replacement Cost (ODRC), economic value or cost.

Valuations of the company electricity and gas network assets were completed by KPMG Independent Consultants. These ODRC valuations are recorded in the financial statements at the date of valuation being 31 March 2000.

**d) Depreciation of Fixed Assets**

Depreciation rates for major classes of asset are:

Land	Not Depreciated
Buildings	1% SL
Furniture and Fittings	10% to 20% DV
Office Equipment	10% to 33% DV
Motor Vehicles	20% DV
Network Systems	1.8% to 2% SL and 5% to 14.4% DV

**e) Receivables**

Accounts receivable are valued at expected realisable value, after providing for doubtful debts. All known bad debts have been written off during the period under review.

**f) Income Tax**

The income tax expense charged to the Statement of Financial Performance includes both the current years expense and the income tax effect of timing differences using the liability method on a comprehensive basis.

**g) Inventory**

Inventory is valued at the lower of historical cost and net realisable value. The weighted average method has been used to determine historical cost.

**h) Investments**

Investments are valued at the lower of cost and net realisable value.

**i) Revenue Recognition**

Revenue from the sale of energy and value added services is recognised when invoices are issued plus an accrual is made for sales at balance date.

**j) Financial Instruments**

The company has various financial instruments with off-balance sheet risk for the primary purpose of reducing its exposure to fluctuations in interest rates. While these financial instruments are subject to risk that the market rates may change subsequent to acquisition.

Financial instruments purchased with the intention of being held for the long term or until maturity are recorded at cost which is adjusted for the amortisation of premiums and accretion of discounts to maturity.

**k) Goodwill**

Goodwill represents the excess of purchase consideration over the fair value of net assets acquired at the time of acquisition of a business or shares in a subsidiary or an associate company.

Goodwill is amortised on a systematic basis over the period benefits are expected to arise, which will generally be twenty years or less.

**l) Identifiable Intangible Asset**

The identifiable intangible asset recognises the purchase price of the network system assets acquired above the certified ODV valuation.

The identifiable intangible asset is amortised over the estimated remaining life of the network system assets which range between 25 and 55 years, on a straight line basis.

**m) Comparative Figures**

In accordance with the Electricity (Information Disclosure) Amendment Regulations 2000, various allocation basis have been changed from those applied and reported for the year ended 31 March 1999.

No restatement of the prior year comparatives disclosed has been made.

**Changes in Accounting Policies**

There have been no changes to accounting policies. All policies have been applied on a basis consistent with prior years.

**Notes to and Forming Part of the Financial Statements**  
For the Year Ended 31 March 2000

**2 SHARE CAPITAL**

	2000 \$000	1999 \$000
<b>Opening issued and paid up capital as at 31 March 1999</b>	<b>\$80,778</b>	80,778
<b>Shares repurchased during the year</b>	<b>\$15,463</b>	
<b>Closing issued and paid up capital as at 31 March 2000</b>	<b>\$65,315</b>	<b>\$80,778</b>

Total number of ordinary shares issued as of 31 March 2000 amounted to 32,182,762.

**3 ASSET REVALUATION RESERVE**

	2000 \$000	1999 \$000
<b>Balance as at 31 March 1999</b>	<b>75,296</b>	75,492
Network asset revaluation	<b>6,481</b>	
Prior year adjustment		(196)
<b>Balance as at 31 March 2000</b>	<b>\$81,777</b>	<b>\$75,296</b>

**4 WORKING CAPITAL ADVANCES FACILITY**

As Powerco is an integrated business, this disclosure relates to the business as a whole. The company has established a Wholesale Capital Advances Facility with the Bank of New Zealand of up to \$15 million. As at 31 March 2000 \$5.75 million was invested in Call Funds on the Working Capital Facility (1999: draw down of \$8.3 million). Interest is calculated to the company according to the daily wholesale rate. The facility is based on a revolving credit and as such does not have set repayment dates. This facility also has the benefit of the Negative Pledge Deed and Group Cross Guarantees referred to in Note 5.

**5 COMMERCIAL PAPER FACILITY**

As Powerco is an integrated business, this disclosure relates to the business as a whole. The company established a commercial paper facility in December 1997 to enable the company to borrow money from the capital market. The programme is supported by a Cash Advances Facility of \$120 million with the Bank of New Zealand and ANZ Investment Bank which continues in force until December 2002. The facility has the benefit of a Negative Pledge Deed declared by Deed Poll on August 1997, which has been joined by Taranaki Energy Limited as a Guaranteeing Subsidiary. At year end a sum of \$108,389,485 (1999: \$98,859,560) of 90 day bills, with varying maturity dates, had been drawn down under the Commercial Paper Programme.

**Notes to and Forming Part of the Financial Statements**

( v ) Indirect Line Cost per Electricity Customer	<b>\$61.98</b>	\$71.71	\$92.02	\$62.80

**Notes to and Forming Part of the Financial Statements**

For the Year Ended 31 March 2000

**9 CONTINGENT LIABILITIES AND COMMITMENTS****Contingencies**

The company has been named as a second defendant in a claim issue by Todd Energy Limited and Kiwi Co-Operative Dairies Limited against Transpower. The Plaintiffs allege various breaches of the Commerce Act 1986 and claim various declarations and injunctions together with damages totalling \$19.9 million. The claim is being defended by Powerco, which contends that it is not in breach of any of its obligations. There is an insurance indemnity available for the company in respect of costs associated with the claim. No provision for the claim has been included in the financial statements.

**Capital Commitments**

The Directors have approved expenditure totalling \$3.3 million over the next years in respect of the AMFM asset management system. At balance date \$78,304 of this has been contractually committed.

**10 FINANCIAL INSTRUMENTS****( i ) Credit Risk**

Financial instruments which potentially subject the Company to credit risk principally consist of bank balances and accounts receivable. The five largest accounts receivable balances as at 31 March 2000 comprise 81.46% of total accounts receivable. These accounts are subject to a Board Prudential Supervision Policy. Cash deposits are only made with registered banks.

**( ii ) Interest Rate Risk**

Interest rate risk is the risk that interest rates will change, increasing or decreasing the cost of borrowing or lending. The company's short-term borrowings are on a floating daily interest rate. Long-term debt is funded via Powerco's Commercial Paper program based on 90 day Bank Bills.

Powerco has entered into interest rate swap agreements to reduce the impact of the changes in interest rates on its Commercial Paper program. At 31 March 2000 the company had interest rate swap agreements outstanding with commercial banks. The total notional principal amount of these arrangements totalled \$61 million with the last of these agreements maturing within 5 years. The weighted average of these swap agreements produce an interest rate of 7.22%.

**Notes to and Forming Part of the Financial Statements**

For the Year Ended 31 March 2000

**11 RELATED PARTY TRANSACTIONS**

As Powerco is an integrated business, the disclosures in this note relate to the business as a whole.

A total sum of \$ 462,266 was paid to Horsley Christie, Solicitors, of Wanganui as legal fees where Mr. Brown is a Partner. Legal fees paid were mainly in respect of merger and acquisition strategies undertaken by the Company during the year under review.

A sum of \$ 29,150 was paid to Upson Associates Limited for consulting services provided, where Mr Upson is a director and a further sum of \$ 101,400 was also paid to the said company for services provided by Mr. Upson as Acting Chief Executive of Powerco for an approximate period of six months.

A sum of \$ 10,846 was paid to Auld Brewer Mazengarb & McEwen, Solicitors, of New Plymouth for consulting services provided where Mr Auld is a partner.

Powerco is also deemed to have a related party relationship with New Plymouth District Council. The New Plymouth District Council holds a material interest in Pukeariki Holdings Limited, who hold a 50.41% shareholding in Powerco Limited.

Powerco paid \$337,252 rent to the New Plymouth District Council at market rates.

Powerco also supplied energy to the New Plymouth District Council under normal terms and conditions, sales being 0.51% of total sales. Rates have been paid to New Plymouth District Council to the value of \$36,752. Other arms length transactions with the New Plymouth District Council amounted to \$87,614.

The rates are disclosed as part of the transfer payment for asset maintenance , therefore are not disclosed separately in the body of note 15.

Powerco has a current account arrangement with Taranaki Energy Limited, a wholly owned subsidiary. Powerco pays interest and other costs on behalf of Taranaki Energy Limited and on-charges these through the current account.

Powerco operates as an intergrated business, therefore no competitive tendering was undertaken during the year. Allocations of construction and maintenance were completed on a cost basis.

<b>Net cashflow from operating activities</b>	<u><u>\$36,991</u></u>	<u><u>\$17,171</u></u>

**13 SUBSEQUENT EVENTS**

Early this year, it was announced that formal negotiations over a possible merger with CentralPower had commenced. The two major shareholders of both companies, Palmerston North City Council and New Plymouth District Council, had indicated their support towards the establishment of a regional energy distribution business. The Boards of both companies expect to make an announcement shortly in relation to the merger discussions.
