Foundation for Research, Science and Technology Act 1990

Notice of Amendment of the Government Priorities Under Section 7 (1) of the Foundation for Research, Science and Technology Act 1990 ("the Act")

Under section 7 (1) of the Act, the Foundation for Research, Science and Technology ("the Foundation") is hereby advised of an amendment to the Government's priorities that

the Foundation must adhere to in carrying out its functions under section 5 (1) (a) of the Act.

This notice amends the previous notice that was published as a Supplement to the *New Zealand Gazette* on Friday, 4 June 1999 (as amended in May 2000 to reflect the Moratorium on Genetic Modification).

1. Delete Appendix Two and replace with the following text:

"2000/01 Output Classes and Outputs purchased by the Foundation pursuant to section 5 (1)(a) of the Foundation for Research, Science and Technology Act 1990.

Output Class 07—Research for Industry

Description

This output class improves the competitiveness of New Zealand's industrial sectors using research, science and technology.

Outputs comprise the following:

- Supporting development of innovative food and fibre industries. The outputs will enhance the capacity of food and fibre enterprises to innovate. \$117,316,500
- Supporting development of innovative manufacturing and services enterprises. The outputs will help manufacturing and services enterprises (including tourism) to innovate. It also includes research on the broad factors affecting business and economic life. \$24,696,600
- Supporting development of innovative infrastructure. The outputs will help infrastructure services, such as communications, energy, water and waste, to innovate cost effectively. It also includes New Zealand's mineral wealth and understanding of physical hazards. \$29,098,900

As it invests under each of these outputs, the Foundation will give priority to portfolios of research that meet the following investment criteria:

- scientific and technological excellence;
- boost competitiveness of New Zealand enterprises; and
- develop a robust infrastructure to underpin economic development.

Output Class 011—Māori Knowledge and Development Research

Description

This class provides funding to develop research capability and knowledge for Māori development. It will encourage excellence in the delivery of knowledge for Māori, consolidate the Māori knowledge base, and broaden and deepen the Māori research skill base in New Zealand. \$2,253,000

As it invests under each of these outputs, the Foundation will give priority to portfolios of research that meet the following investment criteria:

- relevance and contribution to improving outcomes for Māori;
- contribution to the development of Māori research capability; and
- research excellence.

Output Class 012—Health Research

Description

This class of outputs supports public good research, science and technology that improves the health status of New Zealanders. The Foundation for Research, Science and Technology will invest, on behalf of the Minister, in research portfolios that have the greatest potential to improve the health and quality of life of New Zealanders. \$1,050,000

Outputs comprise the following:

- Knowledge and understanding of the factors influencing health status, including health disparities between New Zealanders.
- Technology, products and services for improving health status and reducing health inequalities.

As it invests under each of these outputs, the Foundation will give priority to portfolios of research that meet the following investment criteria:

- scientific and technological excellence; and
- contribution to improving health and social well-being.

Output Class 013—Social Research

Description

This output class supports public good research, science and technology that improves societal well-being. The Foundation for Research, Science and Technology will invest, on behalf of the Minister, in science and research portfolios that have the greatest potential to have a positive impact on families and communities, culture and identity. \$4,337,000

Outputs will be research on community and family dynamics.

As it invests under each of these outputs, the Foundation will give priority to portfolios of research that meet the following investment criteria:

- scientific and technological excellence; and
- contribution to improving social well being.

Output Class 014—Environmental Research

Description

This output class supports public good research, science and technology that enhances the understanding and management of our environment. The research contributes to the understanding of ecosystems, as well as understanding the species, habitats and systems that contribute to them, the human, pests and other influences to which they are exposed.

It provides the knowledge that underpins the management, protection and enhancement of natural ecosystems. It also includes sustainable use of ecosystems and the productive sector's environment. At a global level these outputs contribute to an understanding of the global biophysical environment and the impact of atmospheric, climatic and other global changes on natural, agricultural and other human ecosystems. The Foundation for Research, Science and Technology will invest, on behalf of the Minister, in science and research portfolios that generate widespread benefits over time.

Outputs comprise the following:

- Improving the health, diversity and resilience of New Zealand ecosystems. The outputs will increase knowledge and awareness of the state of New Zealand's ecosystems. \$29,066,000
- Increasing understanding of the global biophysical environment. The outputs will increase knowledge of the global environment. \$25,119,400
- Improving the quality of human environments. The outputs will enhance capacity to use and manage ecosystems efficiently and sustainably. \$4,272,000
- Sustainable management of the productive sector's environment. \$25,546,600

As it invests under each of these outputs, the Foundation will give priority to portfolios of research that meet the following investment criteria:

- scientific and technological excellence; and
- contributions made to the understanding and management of natural and human induced environmental systems.

2. Delete all references to "14 impact expectations" and replace with "6 impact expectations".

On page 1506 of the previous notice delete the bullet point list beginning "expanding the knowledge base" and concluding with "improving social well-being".

Replace with the following text:

- "enhancing New Zealand's ability to create new knowledge;
- stimulating an innovative and entrepreneurial culture;
- enabling the success of new New Zealand enterprises in the global knowledge economy;
- putting knowledge and technology to work in New Zealand enterprises;
- gaining knowledge of the environment to improve quality and mitigate risks; and
- building knowledge which contributes to social well-being."

Dated at Wellington this 9th day of August 2000.

PETE HODGSON, Minister of Research, Science and Technology.

Chairman's Report for the Year Ended 31 March 2000***"To help build, maintain and enhance Bay of Plenty Communities."***

That is the objective your Trust has set for itself.

In my first year as Chair, I am delighted to be able to report to Trust beneficiaries, that is, all the people of the Bay of Plenty, that the Trust has kept this objective solidly in mind, as the results will show.

In the year to 31 March 2000, your Trust has:

- Distributed \$2,557,189 to 254 community groups serving the Bay of Plenty.
- Paid a total of \$57,535 in Dillon Scholarships to 41 people with disabilities who are undertaking tertiary study.
- Extended the very successful *CoachForce* partnership with Sport Bay of Plenty for a further 3 years at a total cost to the Trust (last three years and next three) of \$3,900,000.
- Commenced a "Regional Facilities Reserve" with an initial deposit of \$1,926,000, to enable significant contributions to major Bay of Plenty sports, recreational and cultural facilities in the future.
- Entered into discussions with all the Region's Mayors (collectively) to reach agreement on how the Trust can best assist in the funding of projects with regional significance.
- Reserved \$636,000 to cover inflation and population growth.
- Reserved \$4,942,000 as a buffer against possible poor income years ahead.

All this has been made possible by a record income of \$10,929,000 and a pleasing net surplus before donations of \$10,119,000. A lower inflation rate and a slightly lower Bay of Plenty population growth rate have also freed up funds for other uses.

Every hour of every day our lives is enriched by people in our communities who devote time, energy and passion to helping others. I genuinely congratulate all those people, and especially those who have received Trust funding. We can't assist every group, every time, but my Trustees and I do our best to allocate the funds we have available in ways which we consider will give the greatest long-term Bay of Plenty benefits.

Four new trustees joined us in August 1999 – Hilary Brown (Taupo), Jeanette Knudsen (Tauranga), Ray Sharp (Opotiki) and Berys Ross (Te Puke). Each has brought the benefits of her/his own skills and experience to the board table and the Trust is richer for that. With regret we farewell Rotorua trustee Stewart Edward, who retires after eight years, and acknowledge the enormous contribution he has made.

Finally, my thanks also to Trust manager Bruce Cronin and donations officer Cindy Currie for their contribution and efforts over the past year. My role as Chair has been easier and the performance of the Trust has been significantly enhanced by their hard work and dedication.

GLENYS SEARANCKE, Chair.

16 June 2000.

Notes to the Financial Statements for the Year Ended 31 March 2000

1. Statement of accounting policies

Reporting entity

The Trust is a charitable trust in accordance with the provisions of the Community Trusts Act 1999. The group consists of Bay of Plenty Community Trust Inc and its subsidiary Bay of Plenty Community Trust Charities Limited.

The financial statements have been prepared as required by the Community Trusts Act 1999 and the trust deed dated 30 May 1988 and in accordance with the Financial Reporting Act 1993.

Measurement base

The accounting principles recognised as appropriate for the measurement and reporting of financial performance and financial position on an historical cost basis are followed by the Group, with the exception of investments which are stated at market value as at 31 March 2000.

Specific accounting policies

The following specific accounting policies which materially affect the measurement of financial performance and the financial position have been applied:

(a) Donations:

Donations made during the year from revenue are included in the income statement. Those made from Trust Capital have been included in the Statement of Movements in Equity.

(b) Investments:

All investments are stated at assessed market value.

- (c) Fixed assets:
Fixed assets are stated at cost less accumulated depreciation.
- (d) Depreciation:

Depreciation is charged to write off the cost of fixed assets over their expected economic lives using the diminishing value method at rates from 12% to 40% per annum.

- (e) Accounts receivable:
Accounts receivable are recorded at their estimated realisable value.
- (f) Financial instruments:

The Trust includes all financial instrument arrangements in the balance sheet using the concept of accrual accounting. Financial instruments are valued as per note 1, Measurement Base. These instruments arise as a result of everyday operations and include bank, accounts receivable, accounts payable and investments. Revenues and expenses in relation to all financial instruments are recognised in the Statement of Financial Performance. Financial instruments are shown at their fair values.

- (g) Consolidation:

The Bay of Plenty Community Trust and its subsidiary Charitable Company, Bay of Plenty Community Trust Charities Limited have been consolidated using the purchase method of consolidation.

Changes in accounting policies

There have been no changes in accounting policies. All policies have been applied on bases consistent with those used in previous years.

4. Financial instruments		

Investments are stated at market value as at balance date. Accrued interest, accounts payable, community loans and donations approved not yet paid are stated at the amounts expected to be received or paid. Accordingly, the trustees consider that the fair value of each class of financial assets and financial liabilities is the same as the carrying value in the financial position.

Concentration of investments

Ninety-nine point seven percent (99.7%) of the assets of the Trust are represented by investments held with a range of financial institutions. However, the trustees consider the risk of non-recovery of these investments to be minimal. Maximum exposure to credit risk as at balance date is:

	\$(000)	\$(000)
Bank balances	103	187
Bank term deposits	181	600
Accounts receivable	0	12
Community loans	19	0
Investments	118,644	110,657

Currency risk

The Trust incurs currency risk as a result of investment transactions entered into by fund managers. The Trust has a policy of fully hedging Global Bonds and fifty percent hedging of Global Equities.

Interest rate risk

The following investments of the Trust are sensitive to changes in interest rates Bank call accounts and deposits, government and local authority securities, and securities held by fund managers.

Fair value

The carrying value is considered to be the fair value for financial instruments.

5. Investments

The value of investments which are held in equities and fixed interest are subject to market fluctuations. The total investment portfolio has been structured in such a way that any reductions in value in particular asset classes should be offset by increases in other classes; therefore no provision has been made for potential gains or losses that could occur due to market fluctuations. The investment portfolio as at 31 March 2000 is diversified as follows:

	<i>ANZ Asset Management</i>	<i>State Street Global Advisors</i>	<i>Tower Asset Management</i>	<i>Total</i>
