Fisheries Act 1983

Fisheries (Bycatch Trade-Off) Notice (No. 3) 2001 (No. F187)

Pursuant to section 28ZG of the Fisheries Act 1983 the Manager Fisheries, Nelson, Ministry of Fisheries (acting pursuant to delegated authority in accordance with section 41 of the State Sector Act 1988), hereby gives the following notice.

Notice

1. Title and commencement—(1) This notice may be cited as the Fisheries (Bycatch Trade-Off) Notice (No. 3) 2001.

(2) This notice shall come into effect the day after the date of its notification in the *New Zealand Gazette*, and shall expire on 15 October 2001.

2. Interpretation—In this notice:

- Any reference to Quota Management Area means the appropriate Quota Management Area as defined in the Fisheries (Quota Management Areas, Total Allowable Catches and Catch Histories) Notice 1986*;
- Target species and bycatch species are specified by the way of fishstock codes, being Fishstock Codes defined in the Second Schedule of the Fisheries (Reporting) Regulations 1990†; and
- Methods are specified by way of method codes, being Method Codes defined in the Second Schedule of the Fisheries (Reporting) Regulations 1990†.

3. Offering a lease of quota in lieu of paying deemed value—(1) Subject to this clause, as from the date this notice comes into effect, any commercial fisherman who, but for section 28ZG of the Fisheries Act 1983, could be required under section 28ZD of that Act to pay the deemed value of any fish that is specified as a bycatch species in this notice may, not later than 15 days after the end of the month in which the fish were taken, by notice in writing, offer the Chief Executive of the Ministry of Fisheries a lease or sub-lease of the right to take fish under any quota held or leased by that commercial fisherman that are specified in the Schedule to this notice as a target species in relation to that bycatch species.

(2) The ratios specified in the Schedule to this notice are the ratios at which a lease or sublease of quota of the target species may be accepted in relation to the amount of the bycatch species for which the offer of quota is made (e.g. if a fisher could be required to pay deemed value for 1 tonne of Jdo 1 and wishes to offer a lease of Fla 1, then the amount that can be offered is 1 tonne x 2.61 = 2.61 tonnes of Fla 1).

(3) The bycatch species must have been taken while fishing for the target species using the method or any of the methods specified in the Schedule (e.g. in the case of the above example, the Jdo 1 bycatch must have been taken using the method of setnetting or Danish seining).

(4) Any offers that relate to bycatch species as specified in this notice must relate to fishing that has occurred in the months of July, August or September 2001 respectively.

4. Revocation—The Fisheries (Bycatch Trade-off) Notice (No. 2) 2001 (No. F179) appearing in the *New Zealand Gazette* on 10 May 2001, No. 48, page 1089, is hereby revoked.

Dated this 7th day of August 2001.

P. R. TODD, Fisheries Manager, Nelson (acting pursuant to delegated authority).

Commerce Commission

Commerce Act 1986

Price Control Study of Airfield Activities

In 1998, the Minister of Commerce (“the Minister”), under section 54 (1) of the Commerce Act 1986, required the Commerce Commission (“the Commission”) to report to him on whether price control should be introduced over prices for airfield activities, as defined by the Airport Authorities Amendment Act 1997, at Auckland, Wellington and Christchurch airports.

A notice to this effect was published in the *New Zealand Gazette* on 13 August 1998, page 2773.

The Commerce Amendment Act 2001 (which came into force on 26 May 2001) amended Parts IV and V of the Commerce Act 1986.

Those Parts are relevant to the request made by the Minister.

On 25 July 2001, the Minister withdrew the request made in 1998 and issued a new request under the new sections 54 and 56 of the Commerce Act 1986 (as amended by the Commerce Amendment Act 2001).

The new request is substantially the same as the 1998 request, but incorporates the wording of the amended provisions of the Commerce Act 1986.

A copy of the request dated 25 July 2001 is available on the Commission’s web site at:

<http://www.comcom.govt.nz/price>

The Commission released a draft report on price control of airfield activities on 3 July 2001.

In the draft report, the Commission applied the post-amendment provisions of the Commerce Act 1986.

The Commission hereby gives notice that the draft report released on 3 July 2001 is now re-released as a draft report under the Minister’s request dated 25 July 2001.

A copy of the draft report can be obtained from the Commission’s web site.

The Commission invites interested persons to give their views on the matters covered by the new request.

Interested persons are invited to make submissions to the Commission on its draft report by 14 August 2001, followed by any cross-submissions by 31 August 2001.

Parties making submissions will be given the opportunity to speak at a conference on 4 to 7, 10 and 12 to 14 September 2001.

Under the 25 July 2001 request, the Commission must report to the Minister by no later than 1 August 2002.

The Commission intends to provide its final report to the Minister in November 2001.

Ngāi Tahu Claims Settlement Act 1998

Notification of the Issue of Protocols

Under section 282 (4) of the Ngāi Tahu Claims Settlement Act 1998, the Minister of Conservation hereby notifies that she has issued protocols on behalf of the Crown regarding the Department of Conservation's interaction with Ngāi Tahu on specified issues, and that the protocols as set out in the Schedule hereto were issued on 22 October 1998.

Schedule

1. Introduction

- 1.1 The purpose of the Conservation Act 1987 is to manage natural and historic resources under that Act and the Acts in the First Schedule of the Conservation Act. Section 4 of the Conservation Act requires that the Act be so interpreted and administered as to give effect to the principles of the Treaty of Waitangi.
- 1.2 The Director-General has certain management responsibilities in terms of legislation and can only delegate or share responsibility for decisions she/he makes within the limits of his/her legislation. However, in making such decisions, the Director-General will provide Te Rūnanga the opportunity for input, consistent with section 4, in its policy, planning and decision-making processes on the matters set out in these protocols.
- 1.3 These protocols apply across the Ngāi Tahu Takiwā, which spans five conservancies, and the southern and central regional offices of the department.
- 1.4 Both the department and Te Rūnanga are seeking a relationship consistent with the Treaty principle of partnership that achieves, over time, the conservation policies, actions and outcomes sought by both Te Rūnanga and the department, as set out in this document.

2. Purpose of Protocols

- 2.1 These protocols are issued pursuant to section 282 of the Ngāi Tahu Claims Settlement Act 1998 and clause 12.12 of the 1997 Deed of Settlement between the Crown and Ngāi Tahu, which specifies the following:

2.1.1 Definitions

Protocol means a statement in writing, issued by the Crown through the Minister of Conservation to Te Rūnanga, which sets out:

- (a) how the Department of Conservation will exercise its functions, powers, and duties in relation to specified matters within the Ngāi Tahu Claim Area; and
- (b) how the Department of Conservation will, on a continuing basis, interact with Te Rūnanga and provide for Te Rūnanga's input into its decision-making process.

2.1.2 Authority to Issue, Amend or Cancel Protocols

Pursuant to section 282 of the Ngāi Tahu Claims Settlement Act 1998, the Minister of Conservation may, from time to time issue, amend, and cancel protocols.

2.1.3 Issue of Protocols

On the settlement date (as defined in section 8 of the Ngāi Tahu Claims Settlement Act 1998), the Crown has agreed through the Minister of Conservation to issue protocols in this form on the following matters:

- (a) cultural materials;
- (b) freshwater fisheries;
- (c) culling of species of interest to Ngāi Tahu;
- (d) historic resources;

- (e) Resource Management Act 1991 involvement; and
- (f) visitor and public information.

2.1.4 Protocols Subject to Crown Obligations

Pursuant to section 283 of the Ngāi Tahu Claims Settlement Act 1998, the protocols are issued and amended, subject to, and without restriction upon:

- (a) the obligations of the Minister of Conservation and the Department of Conservation to discharge their respective functions, powers, and duties in accordance with existing law and Government policy from time to time; and
- (b) the Crown's powers to amend policy, and introduce legislation amending existing law.

This clause is not intended to indicate, and should not be interpreted as indicating, any agreement by Te Rūnanga to any amendment to policy which would adversely affect the redress provided by the Crown pursuant to the Settlement Deed or the ability of either party to fulfil its obligations expressed in the Settlement Deed.

2.1.5 Noting of Protocols on CMS

Pursuant to section 284 of the Ngāi Tahu Claims Settlement Act 1998:

- (a) the existence of protocols, once issued, and as amended from time to time, including a definition of protocols as set out in section 281 of the Ngāi Tahu Claims Settlement Act 1998 and a summary of the terms of issue of protocols, must be noted in conservation management strategies, conservation management plans and national park management plans affecting the Ngāi Tahu Claim Area; and
- (b) Noting of protocols pursuant to section 284 (1) of the Ngāi Tahu Claims Settlement Act 1998 is for the purpose of public notice only and is not an amendment to the relevant strategies or plans for the purposes of section 171 of the Conservation Act 1987 or section 46 of the National Parks Act 1980.

2.1.6 Enforceability of Protocols

Pursuant to section 285 of the Ngāi Tahu Claims Settlement Act 1998:

- (a) the Minister of Conservation must comply with a protocol as long as it remains in force;
- (b) if the Minister of Conservation fails unreasonably to comply with a Protocol, Te Rūnanga may, subject to the Crown Proceedings Act 1950, enforce the protocol by way of public law action against the Minister of Conservation;
- (c) notwithstanding paragraph (b), damages are not available as a remedy for a failure to comply with a protocol; and
- (d) this clause does not apply to any guidelines which are developed pursuant to a protocol.

2.1.7 Limitation of Rights

Pursuant to section 286 of the Ngāi Tahu Claims Settlement Act 1998, except as expressly provided in the Deed of Settlement, the Ngāi Tahu Claims Settlement Act 1998, or in a protocol, a protocol does not, of itself, have the effect of granting, creating, or providing evidence of any estate or interest in, or any rights of any kind whatsoever relating to, land held, managed, or administered under the Conservation Act 1987 or a statute listed in the First Schedule of that Act.

3. Implementation and Communication

- 3.1 The department will seek to establish and maintain communication with Te Rūnanga and its Papatipu Rūnanga on a continuing basis by:
 - (a) maintaining at the conservancy level, with the assistance of Te Rūnanga, information provided on

Papatipu Rūnanga, their office holders and addresses; and

- (b) providing reasonable opportunities for Te Rūnanga and Papatipu Rūnanga to meet with department managers and staff.

3.2 The protocols provide for ongoing implementation of a range of matters, as well as specific projects which will require resourcing. It is not intended that all of the specific projects listed in these protocols will be implemented in any one year. Implementation will be over time. Where these protocols refer to specific projects that require resourcing, their implementation will be subject to provision being made in the relevant conservancy business plan. The process for the department implementing any particular specific project in a business year will be as follows:

- (a) The department will meet with Te Rūnanga in each conservancy and at regional level annually to identify priorities for undertaking specific projects as listed in these protocols for the upcoming business year;
- (b) the identified priorities will be taken forward by the department into its business planning process at the conservancy and regional levels and considered along with other priorities;
- (c) the decision on whether any specific projects will be funded in any business year will be made by the Conservator and the Regional General Manager;
- (d) the department will advise Te Rūnanga of the outcome of this process; and
- (e) Te Rūnanga and the department will then meet again, if required, to finalise a work plan for implementation of the specific projects in that business year, in accordance with the resources which have been allocated in the business plan. The department will apply the allocated resources to give effect to that work plan, subject to unforeseen management requirements which may arise from time to time, such as emergencies, adverse weather, staff shortages or reallocation of resources directed by the Minister.

3.3 The department will:

- (a) meet with Te Rūnanga to review implementation of these protocols and to deal with the matters in clause 3.2; four times per annum, unless otherwise agreed, in each conservancy, twice per annum at regional level, and at least once per annum at Chief Executive level;
- (b) as far as reasonably practicable, train relevant staff on these protocols and provide ongoing training as required; and
- (c) as far as reasonably practicable, brief Conservation Board and NZCA members on these protocols and the Ngāi Tahu Settlement, and provide ongoing information as required.

4. Cultural Materials

4.1 For the purpose of these protocols, cultural materials are defined as:

- (i) plants, plant materials; and
- (ii) materials derived from animals, marine mammals or birds,

to the extent to which the department holds and is responsible for them, and which are important to Ngāi Tahu in maintaining their culture.

4.2 Current legislation means that generally some form of concession or permit is required for any gathering of cultural materials.

4.3 The department will:

- (a) have particular regard to Te Rūnanga's cultural use policy (Kawa Hua Taiao) as it relates to the department's activities, and other relevant Te Rūnanga statements of policy produced from time to time.
- (b) consider request from members of Ngai Tahu Whanui for the customary use of cultural materials in accordance with the appropriate legislation.
- (c) agree, where reasonably practicable, for Ngāi Tahu to have access to cultural materials which become available as a result of departmental operations such as track maintenance or clearance or culling of species.
- (d) consult with Te Rūnanga in circumstances where there are competing requests from non-Ngāi Tahu persons or entities for the use of cultural materials, for example for scientific research purposes, to see if the cultural and scientific or other needs can be reconciled before the department makes a decision in respect of those requests.

4.4 Specific Projects

The department will, subject to clause 3.2, work with Te Rūnanga to:

- (a) Develop and implement guidelines for each conservancy within the Ngāi Tahu Takiwā that help define levels of customary use of cultural materials, and set conditions, after consideration of tikanga, to be met for gathering;
- (b) Identify local sources of plants and provide advice to Te Rūnanga with respect to the establishment by Te Rūnanga of cultivation sites; and
- (c) Establish departmental cultural materials banks for cultural materials which have come into the department's possession, and guidelines for their use.

5. Freshwater Fisheries

5.1 The department has a statutory role in advocating the conservation of aquatic life and freshwater fisheries generally. Its advocacy for freshwater biota, aquatic habitats and fish passage in all areas is primarily taken via statutory planning processes provided by the Resource Management Act 1991.

5.2 Section 48B of the Conservation Act 1987 (inserted by section 305 of the Ngāi Tahu Claims Settlement Act 1998) provides the power to promulgate regulations providing for customary Māori fishing rights with respect to freshwater fisheries within South Island Fisheries Waters. Pursuant to clause 12.14.11 (e) of the Deed of Settlement such regulations are to be promulgated as soon as practicable, and in any event no later than two years after settlement date. Besides generally consulting with Te Rūnanga and providing for its participation in the conservation and management of customary freshwater fisheries and freshwater fish habitats, the department will consult with, and have particular regard to the advice of, Te Rūnanga in its capacity as an Advisory Committee appointed under section 56 of the Conservation Act in all matters concerning the management and conservation by the Department of Conservation of Taonga Fish Species (as defined in section 297 of the Ngāi Tahu Claims Settlement Act 1998) within the Ngāi Tahu Claim Area. This obligation does not derogate from the obligations of the department under section 4 of the Conservation Act 1987 to give effect to the Treaty of Waitangi.

5.3 Advisory Committee

The department will, in relation to the Taonga Fish Species and as far as reasonably practicable, provide the

Advisory Committee with all relevant information to enable it to give informed advice, and will meet with the Advisory Committee at conservancy level as necessary to give effect to the Deed of Settlement and the Ngāi Tahu Claims Settlement Act 1998.

5.4 Customary Freshwater Fisheries Regulations

The department will work with Te Rūnanga at regional and conservancy levels to:

- (a) provide for Te Rūnanga participation in the development and promulgation of customary freshwater fishing regulations by:
 - (i) establishing a joint working group;
 - (ii) setting terms of reference for that working group;
 - (iii) setting timelines for progress; and
 - (iv) providing information to Te Rūnanga in a timely manner and allowing Te Rūnanga an opportunity to comment.

5.5 Specific Projects

The department will, subject to clause 3.2, work with Te Rūnanga to:

- (a) develop and implement guidelines for the department with respect to the promotion of compliance with customary freshwater fisheries regulations;
- (b) develop and implement guidelines for the department with respect to monitoring the efficacy of the customary freshwater fisheries regulations at regular intervals; and
- (c) develop and implement guidelines for the department with respect to sharing accumulated management information and research data on customary freshwater fisheries with Te Rūnanga.

5.6 Other Matters

The department will work with Te Rūnanga at regional and conservancy levels to provide for active participation by Te Rūnanga in the conservation, management and research of customary freshwater fisheries and freshwater fish habitats by:

- (a) seeking to identify areas for co-operation in advocacy, consistent with clause 9, focusing on fish passage, minimum flows, protection of riparian vegetation and habitats, water quality improvement and in the restoration, rehabilitation or enhancement of customary freshwater fisheries and their freshwater habitats; and
- (b) consulting with Te Rūnanga in developing or contributing to research programmes that aim to improve the understanding of the biology of customary freshwater fisheries and their environmental and habitat requirements. The department confirms that it regards Te Rūnanga as a possible science provider or collaborator for research projects funded or promoted by the department in the same manner as other potential providers or collaborators.

5.7 Specific Projects

The department will, subject to clause 3.2, work with Te Rūnanga to:

- (a) conduct research to establish and address ecosystem threats to specified customary freshwater fisheries including barriers to migration, habitat loss and exotic species interaction;
- (b) contribute to the resolution of eel management issues, in particular, the administration of the fish passage regulations in the Freshwater Fisheries Regulations, the promotion of the installation of effective fish passes where necessary and

monitoring of their effects, by participating in discussions with Te Rūnanga and Te Waka a Māui me ona Toka Mahi Tuna; and

- (c) identify the need for, and where necessary prepare, management plans for freshwater fisheries management.

6. Culling of Species of Interest to Ngāi Tahu

6.1 As part of an integrated management regime, or because a species population has risen to become an ecological pest, it may from time to time be necessary for the department to carry out a cull of a protected species under the Wildlife Act 1953. The department recognises that Te Rūnanga is interested in such operations in the following ways:

- (a) the carrying out of such a cull where the species to be culled is causing or is likely to cause ecological damage to species or habitats of particular significance to Ngāi Tahu;
- (b) the methods to be used in such culls; and
- (c) cultural materials arising from the cull.

6.2 The department will:

- (a) have regard to any requests initiated by Te Rūnanga for the carrying out of culling operations;
- (b) consult with, and have particular regard to the views of, Te Rūnanga before deciding to carry out a cull of protected species on land administered by the department, in respect of the reasons for the cull and the method proposed to be used; and
- (c) in situations where either a Fish and Game Council or a regional council intend to carry out a cull of protected species or game bird and the department has a statutory role in the process, request the relevant body to consult with Te Rūnanga before carrying out any such cull.

7. Historic Resources

7.1 The Minister acknowledges the importance to Ngāi Tahu of their wāhi tapu, wāhi taonga and other places of historic significance to them. Liaison with Te Rūnanga is important in the management of those places containing sites of historic and cultural significance to Ngāi Tahu, including places of settlement, horticulture, natural resource harvesting, warfare, communication, and places of cultural and spiritual connection.

7.2 The department notes that non-disclosure of locations of places known to Ngāi Tahu is a practice used by Ngāi Tahu to preserve the sanctity of a place. Respecting the principle of confidentiality brings management difficulties of a particular kind. Where information is not available, management practices which (unintentionally) contravene the cultural value associated with a specific site, may be put in place. Where reasonably practicable, the department will respect the principle of confidentiality that applies to wāhi tapu, wāhi taonga and places of historic significance to Ngāi Tahu. The primary responsibility for identifying and assessing Ngāi Tahu heritage values rests with Te Rūnanga.

7.3 The department will work with Te Rūnanga at regional and conservancy levels to:

- (a) ensure, as far as reasonably practicable, that Ngāi Tahu values attaching to identified wāhi tapu, wāhi taonga and places of historic significance to Ngāi Tahu managed by the department are respected by the department, for example, by the department giving consideration to impacts from visitor numbers, facilities and services;
- (b) manage, as far as reasonably practicable, wāhi tapu, wāhi taonga and places of historic significance to Ngāi Tahu according to the standards of

conservation practice outlined in the ICOMOS New Zealand Charter 1993;

- (c) ensure, as far as reasonably practicable, that when issuing concessions giving authority for other parties to manage land administered by the department, those parties manage the land according to the standards of conservation practice outlined in the ICOMOS New Zealand Charter 1993;
- (d) have particular regard to relevant Te Rūnanga policies, including those relating to Kōiwi Tangata (unidentified human remains) and Archaeological and Rock Art Sites;
- (e) ensure, as far as reasonably practicable, that it uses Ngāi Tahu's cultural information only with the consent of Te Rūnanga; and
- (f) when issuing concessions to carry out activities on the land administered by the department, request that the concessionaire consult with Te Rūnanga before using Ngāi Tahu's cultural information.

7.4 Specific Projects

The department will, subject to clause 3.2, work with Te Rūnanga at regional and conservancy levels to:

- (a) develop and implement guidelines for the identification, inventory and management by the department of wāhi tapu, wāhi taonga and other places of historic significance to Ngāi Tahu that take into consideration the traditional uses and practices of Ngāi Tahu and are, where reasonably practicable, consistent with Ngāi Tahu tikanga;
- (b) identify and actively protect specified wāhi tapu, wāhi taonga or other places of historic significance to Ngāi Tahu on land administered by the department;
- (c) develop and implement guidelines for the active protection of wāhi tapu, wāhi taonga and other places of historic significance to Ngāi Tahu;
- (d) identify co-operative projects covering a range of options for the protection and management of wāhi tapu, wāhi taonga and other places of historic significance to Ngāi Tahu;
- (e) develop and implement guidelines relating to the use of Ngāi Tahu's knowledge of wāhi tapu, wāhi taonga and other places of historic significance to Ngāi Tahu, including the use of this information by the department; and
- (f) consult with and seek participation from Te Rūnanga with respect to research, survey or inventory projects that relate specifically to wāhi tapu, wāhi taonga and other places of historic significance to them.

8. Visitor and Public Information

- 8.1 In providing public information and interpretation services and facilities for visitors on the land it manages, the department recognises the importance to Ngāi Tahu of their cultural, spiritual, traditional and historic values.
- 8.2 The department will work with Te Rūnanga at regional and conservancy levels to encourage respect for Ngāi Tahu values by:
 - (a) as far as reasonably practicable, seeking to raise public awareness of positive conservation partnerships developed between Te Rūnanga, the department and other stakeholders, for example, by way of publications, presentations and seminars;
 - (b) consulting on the provision of interpretation and visitor facilities (if any) at wāhi tapu, wāhi taonga

and other places of historic or cultural significance to Ngāi Tahu;

- (c) ensuring, as far as reasonably practicable, that department information on new panels, signs, and visitor publications includes Te Rūnanga perspectives and references to the significance of the sites to Ngāi Tahu, where appropriate, including the use of traditional Ngāi Tahu place names; and
- (d) encouraging Te Rūnanga participation in the department's volunteer and conservation events programmes.

8.3 Specific Projects

The department will, subject to clause 3.2, work with Te Rūnanga at regional and conservancy levels to:

- (a) develop and implement guidelines on the provision of information and interpretation facilities and services for visitors, so as to identify and consider issues of concern to Te Rūnanga;
- (b) consider possibilities for Te Rūnanga to contribute to visitor appreciation of the cultural value of sites of cultural and historic significance to Ngāi Tahu managed by the department; and
- (c) provide information to education providers, including kohanga reo and kura kaupapa Māori, for the development of educational resources on conservation issues and associated Ngāi Tahu values.

9. Resource Management Act

- 9.1 Te Rūnanga and the department both have concerns with the effects of activities controlled and managed under the Resource Management Act. These include effects on:
 - (a) wetlands;
 - (b) riparian management;
 - (c) effects on freshwater fish habitat;
 - (d) water quality management;
 - (e) protection of historic resources; and
 - (f) protection of indigenous vegetation and habitats.
- 9.2 From time to time, Te Rūnanga and the department will seek to identify further issues of mutual interest for discussion. It is recognised that their concerns in relation to any particular resource management issue may diverge and that each of them will continue to make separate submissions.
- 9.3 The department will work with Te Rūnanga at regional and conservancy levels to discuss the general approach that will be taken by each of Te Rūnanga and the department in respect of advocacy under the Resource Management Act, and seek to identify their respective priorities and issues of mutual concern.
- 9.4 The department will:
 - (a) have regard to the priorities and issues of mutual concern identified in clause 9.3 in making decisions in respect of advocacy under the Resource Management Act.
 - (b) make non-confidential resource information available to Te Rūnanga to assist in improving the effectiveness of Resource Management Act advocacy work at the Papatipu Rūnanga level.

10. Amendment and Review Provisions From the Deed

10.1 Amendment and Cancellation of Protocols

Pursuant to section 282 of the Ngāi Tahu Claims Settlement Act 1998:

- (a) protocols may be amended or cancelled by the Minister of Conservation, from time to time at the initiative of either the Crown or Te Rūnanga;

- (b) the Minister of Conservation may amend or cancel protocols only after consulting Te Rūnanga and having regard to its views; and
- (c) as soon as reasonably practicable after the amendment, or cancellation of a Protocol, the Minister of Conservation must notify such amendment or cancellation in the *New Zealand Gazette*.

Notes to the Financial Statements for the Year Ended 31 March 2001**1. Statement of Accounting Policies**

The ASB Bank Community Trust ("the trust") is the reporting entity. The trust was formed on 30 May 1988 through the creation of a trust deed in compliance with the Trustee Banks Restructuring Act 1988. Under the terms of the trust deed, the trust was settled with 60 million \$1 fully paid ordinary shares in ASB Bank Limited representing 100% of the issued capital. As at 31 March 1988, the net tangible asset backing of those 60 million shares was \$147,655,000. In 1989, 45 million shares were sold to the Commonwealth Bank of Australia for \$252,000,000 which was then donated to the ASB Charitable Trust. In October 2000, the remaining 15 million shares were sold to the Commonwealth Bank of Australia for \$545,000,000.

The measurement basis adopted is that of historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the trust is a going concern. The financial statements have been prepared in accordance with the requirements of the Financial Reporting Act 1993.

Basis of Preparing Consolidated Financial Statements

The financial statements comprise the trust and its subsidiaries. Subsidiaries are those entities controlled by the trust. The financial statements of subsidiaries are included in the financial statements using the purchase method of consolidations.

Bank

Bank is stated as the balance in the bank account rather than the balance as per the cash book.

Statement of Cash Flows

Cash comprises cash at bank and call deposits but excludes charitable purposes reserve fund cash at bank and call deposits.

Dividends

Dividends are recognised as income when they are received by the trust. They are recorded net of any imputation tax credits.

Donations

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the trustees.

Expenses

Some expenses are shared jointly with the ASB Charitable Trust. Whilst each trust bears its own specific costs, the joint expenses are allocated between each trust on the basis of the number of applications processed by each.

Joint expense allocations were:

	2001	2000
This trust	40%	40%
ASB Charitable Trust	60%	60%

Investments

Investments in shares are valued at the net tangible asset backing as disclosed in the latest published accounts. Any revaluation difference is transferred to the investment reserve. Investment in managed funds and other investments are stated at market value. Any gains or losses are recognised in income and expenditure for the period. Investment transactions are recorded by the fund managers on a settlement date basis.

Financial Instruments

All assets and liabilities of the trust are financial instruments and are recognised in the balance sheet. All financial instruments are recorded at market value or fair value or are not materially different from market value or fair value.

The trust uses financial instruments with off balance sheet risk to reduce exposure to fluctuations in foreign currency exchange rates. Forward exchange contracts are entered into to hedge foreign currency transactions. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the income and expenditure statement.

The quantitative disclosures required by FRS 31 Disclosure of Information about Financial Instruments have been included throughout the financial statements where material.

Reserves

Transfers to reserves from the unallocated surplus are made at the discretion of the trustees.

Taxation

Taxation includes both current and deferred tax. Deferred tax is calculated using the comprehensive liability method.

Comparatives

Certain comparatives have been restated for disclosure purposes.

Changes in accounting policies

There have been no material changes in accounting policies during the period.

Balance as at 31 March	<u>0</u>	<u>190,375</u>

The increase in net tangible assets is based on unaudited accounts of ASB Group Limited as at 31 December 1999.

Change in Shareholding

On 30 March 1999, an arrangement was entered into whereby the trust exchanged its 25% shareholding in ASB Bank Limited for a 25% shareholding in ASB Group Limited. The exchange was at net book value with no resulting profit or loss from the exchange in shareholding. The ASB Group Limited holds 100% of the shares in ASB Bank Limited and ASB Life Assurance Limited.

The investment held in ASB Group Limited was disclosed based on the shares held and net tangible assets of ASB Group Limited as at 31 December 1999 in accordance with the trust's accounting policy.

In October 2000, the 25% shareholding in ASB Group Limited was sold for \$545,000,000. The net proceeds attributable to the charitable purposes reserve fund, combined with other transactions during the period, was donated to the ASB Charitable Trust.

Balance as at 31 March	<u>0</u>	<u>18,131</u>
The charitable purposes reserve fund represented funds contributed by ASB Charitable Trust to enable the trust to participate in the issue of new equity by ASB Group Limited. In order to maintain the non taxable status of this reserve, the trust was required to segregate these funds contributed from ASB Charitable Trust and the income attributable thereto. There were also certain restrictions on the distribution of income from this fund.

These subsidiaries have not traded during the year as they were only incorporated on 29 March 2001.

10. Financial Instruments**Currency Risk**

The trust invests in securities that are denominated in foreign currencies and therefore, result in a currency risk. In order to minimise the currency risk, foreign currency assets are hedged.

	<i>2001</i>	<i>2000</i>
	<i>\$000</i>	<i>\$000</i>
Foreign currency denominated assets	274,943	0
Less: Foreign currency contracts	<u>198,900</u>	<u>0</u>
Unhedged exposure	<u>76,043</u>	<u>0</u>

Interest Rate Risk

The trust, through its fund managers, invests in securities that are subject to interest rate risk. The trust actively monitors this risk and changes asset allocations and maturity profiles accordingly.

Credit Risk

The trust, in the normal course of business, enters into arrangements with other parties. These arrangements give rise to credit risk for the trust and hence policies and procedures are maintained so that this risk is minimised. No collateral is required in respect of financial assets.

For all classes of financial assets held by the trust, the maximum credit risk exposure to the trust is the carrying value as disclosed in the financial statements at balance date.

Due to the diversification of the investment portfolio and the policies and procedures in place, there is no significant concentrations of credit risk.

Fair Values

All financial instruments are carried at market value.

11. Foreign Currency Monetary Assets

As at 31 March 2001, the trust had the following foreign currency monetary assets that were not hedged.

Audit Report

To the Trustees of the ASB Bank Community Trust:

We have audited the financial statements comprising the statement of income and expenditure, the statement of movements in trust funds, the balance sheet, the statement of cash flows and the notes to these financial statements. The financial statements provide information about the past financial performance of the trust and its financial position as at 31 March 2001. This information is stated in accordance with the accounting policies in the notes to these financial statements.

Trustees' Responsibilities

The trustees are responsible for the preparation of financial statements which give a true and fair view of the financial position of the trust as at 31 March 2001 and the results of its operations and cash flows for the year ended on that date.

Auditors' Responsibilities

It is our responsibility to express an independent opinion on the financial statements presented by the trustees and report our opinion.

Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgements made by the trustees in the preparation of the financial statements;
- whether the accounting policies are appropriate to the trust's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with New Zealand Auditing Standards issued by the Institute of Chartered Accountants of New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Our firm carries out other assignments for the company in the area of taxation advice and special consultancy projects. The firm has no other interests in the trust.

Unqualified Opinion

We have obtained all the information and explanations we have required.

In our opinion, the financial statements:

- comply with New Zealand generally accepted accounting practice;
- give a true and fair view of the financial position of the trust as at 31 March 2001 and the results of its operations and cash flows for the year ended on that date.

Our audit was completed on 28 May 2001 and our unqualified opinion is expressed as at that date.

KPMG, Auckland.

Notes to the Financial Statements for the Year Ended 31 March 2001**1. Statement of Accounting Policies**

The ASB Charitable Trust ("the trust") is the reporting entity. The trust was formed on 31 May 1989 through the creation of a trust deed by the ASB Bank Community Trust and a donation of \$252,000,000.

The measurement basis adopted is that of historical cost adjusted for the revaluation of certain assets. Reliance is placed on the fact that the trust is a going concern. The financial statements have been prepared in accordance with the requirements of the Financial Reporting Act 1993.

Bank

Bank is stated as the balance in the bank account rather than the balance as per the cash book.

Statement of Cash Flows

Cash comprises cash at bank and call deposits but does not include cash or deposits held by the fund managers. Therefore, the statement of cash flows does not reflect the cash flows within the fund managers' portfolios.

Depreciation

Depreciation is provided over the useful life of the assets. Buildings are depreciated on a straight line basis. Vehicle, office equipment and furniture are depreciated on a diminishing value basis. The rates used are those recommended by the Inland Revenue Department.

Dividends

Dividends are recognised as income when they are received by the trust and exclude imputation tax credits.

Donations

Donations are accounted for as they are distributed or committed to be distributed to eligible organisations as approved by the trustees.

Expenses

Some expenses are shared jointly with the ASB Bank Community Trust. Whilst each trust bears its own specific costs, the joint expenses are allocated between the trusts on the basis of the number of applications processed by each.

Joint expense allocations were:

	2001	2000
This trust	60%	60%
ASB Bank Community Trust	40%	40%

Fixed Assets

Fixed assets are valued at cost less accumulated depreciation.

Foreign Currencies

All amounts denominated in foreign currencies are converted to New Zealand dollars at balance date and all realised and unrealised gains and losses are recognised in income and expenditure for the period.

Investments

Investments are stated at market value, except for the ASB Group Limited term loan which is stated at cost plus accrued interest. Any gains or losses are recognised in income and expenditure for the period.

Investment transactions are recorded by the fund managers on a settlement date basis.

Financial Instruments

All assets and liabilities of the trust with the exception of fixed assets are financial instruments and are recognised in the balance sheet. All financial instrument are recorded at market value or fair value or are not materially different from market value or fair value.

The trust uses financial instruments with off balance sheet risk to reduce exposure to fluctuations in foreign currency exchange rates. Forward exchange contracts are entered into to hedge foreign currency transactions. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the income and expenditure statement.

The quantitative disclosures required by FRS 31 Disclosure of Information about Financial Instruments have been included throughout the financial statements where material.

Reserves

Transfers to the capital maintenance reserve are based on the annual movement in the Consumer Price Index.

Transfers to all other reserves from the unallocated surplus are made at the discretion of the trustees.

Taxation

The trust has been accorded tax exempt status in New Zealand and Australia but is liable to taxation on investment income in some other overseas countries. Tax on overseas income is accounted for as a reduction of that income.

Comparatives

Certain comparatives have been restated for disclosure purposes.

Changes in accounting policies

There have been no material changes in accounting policies during the period.

9. Statement of Cash Flows

The depreciation charged to the cash flow statement includes a sum of \$26,497 (2000 \$28,153) on charged to the ASB Bank Community Trust as facilities rental.

10. Financial Instruments**Currency Risk**

The trust invests in securities that are denominated in foreign currencies and therefore, result in a currency risk. In order to minimise the currency risk, foreign currency assets are hedged.

	2001 \$000	2000 \$000
Foreign currency denominated assets	355,068	329,132
Less foreign currency contracts	<u>248,052</u>	<u>215,668</u>
Unhedged exposure	<u>107,016</u>	<u>113,464</u>

Interest Rate Risk

The trust, through its fund managers, invests in securities that are subject to interest rate risk. The trust actively monitors this risk and changes asset allocations and maturity profiles accordingly.

Credit Risk

The trust, in the normal course of business, enters into arrangements with other parties. These arrangements give rise to credit risk for the trust and hence policies and procedures are maintained so that this risk is minimised. No collateral is required in respect of financial assets.

For all classes of financial assets held by the trust, the maximum credit risk exposure to the trust is the carrying value as disclosed in the financial statements at balance date.

Due to the diversification of the investment portfolio and the policies and procedures in place, there is no significant concentrations of credit risk.

Fair Values

All financial instruments are carried at market value.

11. Foreign Currency Monetary Assets

As at 31 March 2001, the trust had the following foreign currency monetary assets that were not hedged.

Foreign Currency Exposure

Receivables stated in NZ\$ equivalents:

	2001 \$000	2000 \$000
U.S.A. and Canada	29,898	65,611

Audit Report

To the Trustees of ASB Charitable Trust:

We have audited the financial statements comprising the statement of income and expenditure, the statement of movements in trust funds, the balance sheet, the statement of cash flows and the notes to these financial statements. The financial statements provide information about the past financial performance of the trust and its financial position as at 31 March 2001. This information is stated in accordance with the accounting policies in the notes to these financial statements.

Trustees' Responsibilities

The trustees are responsible for the preparation of financial statements which give a true and fair view of the financial position of the trust as at 31 March 2001 and the results of its operations and cash flows for the year ended on that date.

Auditors' Responsibilities

It is our responsibility to express an independent opinion on the financial statements presented by the trustees and report our opinion.

Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgements made by the trustees in the preparation of the financial statements;
- whether the accounting policies are appropriate to the trust's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with New Zealand Auditing Standards issued by the Institute of Chartered Accountants of New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Our firm carries out other assignments for the company in the area of taxation advice and special consultancy projects. The firm has no other interests in the trust.

Unqualified Opinion

We have obtained all the information and explanations we have required.

In our opinion, the financial statements:

- comply with New Zealand generally accepted accounting practice;
- give a true and fair view of the financial position of the trust as at 31 March 2001 and the results of its operations and cash flows for the year ended on that date.

Our audit was completed on 28 May 2001 and our unqualified opinion is expressed as at that date.

KPMG, Auckland.

Meat New Zealand**Meat Board Act 1997****European Union Sheepmeat and Goatmeat and United States Beef and Veal Reserved Quota Allowance Applications for the 2002 Quota Year**

In accordance with the Quota Allowance Allocation System in Respect of European Union Sheepmeat and Goatmeat Tariff Rate Quota and Quota Allowance Allocation System

in Respect of United States Beef and Veal Tariff Rate Quota, up to 3% of each of the total quotas available to New Zealand is set aside as Reserved Quota Allowance for possible allocation to New Entrants.

The closing date for applications from New Entrants (including Year 2 and Year 3 New Entrants) for Reserved Quota Allowance for the 2002 Quota Year for both quotas is 1 September 2001.

Applications must be made in writing on Form 8 or 9, Appendix Three of the Quota Manual.

Printable copies of the appropriate application forms are available from Meat New Zealand's web site at <http://www.meatnz.co.nz/wdbctx/corporate/exporting.home>

The applicant must provide:

- an application fee of \$2,500.00 for each quota (non refundable);
- Meat New Zealand export licence number;
- evidence of procurement details with accompanying letter;
- evidence of ability to process at an E.U. or U.S.D.A. (as appropriate) listed plant or ability to toll process with an accompanying letter(s);
- evidence of marketing arrangements with accompanying letter(s).

Applicants for European Union Sheepmeat and Goatmeat or United States Beef and Veal quota are advised that any New Entrant that has not produced any qualifying product by the end of March in the appropriate production season shall have any conditional Reserved Quota Allowance held for that applicant reallocated to those companies in a position to make use of it, provided that no company shall receive an allowance greater than their original estimate.

Please direct any inquiries to Mary Malone on telephone (04) 474 0838 or Ben O'Brien on telephone (04) 474 0839.

Dated at Wellington this 2nd day of August 2001.

A. DOMETAKIS, Board Secretary, New Zealand Meat Board.
