- C. has breached the Act/Rules of the Institute; and
- D. has breached the Code of Ethics of the Institute.

IN THAT in the course of the member's role as joint receiver, with a non-member:

Dumping and Countervailing Duties Act 1988

Countervailing Duties: Notice That Countervailing Duties on Canned Peaches From European Union May Cease to Apply

Under section 14 (9) of the Dumping and Countervailing Duties Act 1988 (“the Act”), countervailing duties imposed on canned peaches (halves, slices and pieces) packed in retail sized cans* will cease to apply to those goods on 9 January 2003 unless, at that date, the goods are subject to review under section 14 (8) of the Act.

Any interested party that might request the Chief Executive of the Ministry of Economic Development to initiate a review before the cessation date referred to above, should be aware that positive evidence justifying the need for a review must be provided to the Chief Executive.

If an application is received which provides positive evidence justifying the need for a review, the Chief Executive must undertake and complete a review investigation within 180 days of initiation, on whether the countervailing duties should continue to be applied.

Positive evidence justifying the need for a review would need to include reasons for believing that the expiry of countervailing duties would be likely to lead to the continuation or recurrence of subsidisation of canned peaches from the European Union and of material injury to the New Zealand industry producing canned peaches.

The reasons should be supported by evidence and not based on mere allegations or assertions.

Injury Prevention, Rehabilitation, and Compensation Act 2001

Direction to the Accident Compensation Corporation Relating to Government Policy on the Non-Compliers Fund Established Under the Accident Insurance Act 1998 and Continued Under the Injury Prevention, Rehabilitation, and Compensation Act 2001

To: The Accident Compensation Corporation.

Background

The Non-Compliers Fund ("the fund") was established under the Accident Insurance Act 1998 ("the AI Act") in order to cover the cost of claims relating to the employees of employers who failed to take out accident insurance cover for work-related personal injury under that Act.

As well as administering the fund, the Regulator has the role of ensuring that where an employer failed to enter into, or maintain in force, an accident insurance contract, as required by the AI Act, any employee of that employer receives any statutory entitlements from the fund to which they are entitled.

With the return of the provision of workplace accident insurance to the Accident Compensation Corporation ("the corporation") and the winding down of the various roles of the Regulator under the AI Act, the Government has decided to transfer the role of the Regulator in relation to the fund to the corporation.

Under section 345 of the Injury Prevention, Rehabilitation, and Compensation Act 2001, the Minister for ACC may direct the corporation to assume the Regulator's role in relation to the fund.

The effect of such a direction is that the corporation assumes the role of the Regulator in all respects in relation to the fund and the Regulator has no further responsibilities in relation to the fund.

Under section 345 (4), the corporation and the Regulator must then enter into an agreement to achieve the effect of the direction.

Policy Direction

Pursuant to section 345 of the Injury Prevention, Rehabilitation, and Compensation Act 2001, I hereby direct:

- the corporation to assume the Regulator's role in relation to the fund; and
- that in administering the fund, the corporation must comply with the accounting requirements set out in section 277 of the Accident Insurance Act 1998, as that section applies to the fund.

This direction continues in force until it is revoked.

Dated at Wellington this 19th day of June 2002.

LIANNE DALZIEL, Minister for ACC.

The Waikato Community Trust Incorporated Notes To and Forming Part Of the Consolidated Financial Statements for the Year Ended 31 March 2002

1. Statement of Accounting Policies

Basis of Reporting

The financial statements presented here are for the reporting entity The Waikato Community Trust Incorporated and its wholly-owned subsidiary Trust Waikato Charities Limited, Trust Waikato Amateur Sport Limited and Trust Waikato District Improvements Limited.

The financial statements have been prepared in accordance with the requirements of the Institute of Chartered Accountants of New Zealand for the measurement and reporting of profit on an historical cost basis with the exception of investments which are recorded at market value.

Specific Accounting Policies

The following specific accounting policies which materially affect the measurement of financial performance and the financial position have been applied:

(a) Reserves Policy

The following reserving policies were adopted by the trust in 1998. These policies were reviewed in conjunction with the strategic asset allocation review undertaken in 2000. These policies were further reviewed in November 2001, following 18 months of poor investment performance, and the consequential reduction of the investment fluctuation reserve below target levels.

Trust Funds

In order to prudently manage the financial affairs of the trust, the trustees have adopted the following policies for accounting for the trust's capital and retained earnings.

• **Capital**

Following the sale of the trust's shares in Trust Bank New Zealand Limited in April 1996, the trustees agreed that the value of the trust at that time should be maintained for the benefit of current and future generations living in the Waikato region. For this purpose, the trustees agreed that \$169,800,000 would be considered as the "initial capital" of the trust. The "initial capital value" is increased each year to show the "base capital value" which reflects growth due to inflation and regional growth. An amount was transferred from retained earnings in 1997 to increase the capital of the trust from its original amount

of \$21,316,622 to the "initial capital value" and to provide for growth during the 1997 year. Each year an appropriate amount is transferred from income to allow for growth due to inflation and regional population growth.

• **Investment Fluctuation Reserve**

The trustees have adopted an investment strategy with a targeted long term annual rate of return of 8.4% (2001 – 8.4%) of the trust's "base capital value". Recognising that actual returns are likely to fluctuate from year to year, the trust holds the variation from the target in an investment fluctuation reserve. In years when investment returns are less than the target, an appropriate amount will be transferred to income. At the trust's current risk profile, the investment fluctuation reserve should have a lower limit of 9% (2001 – 10%) and an upper limit of 25% (2001 – 26%) of the "base capital value". If the reserve falls below the lower limit, then the level of expenditure and distributions will be reviewed by the trust. If the reserve exceeds the upper limit, then any further excess returns will be transferred to the donation reserve.

• **Donation Reserve**

The trust's present donation policy is to distribute annually as donations 5.0% (2001 – 4.9%, subject to the investment fluctuation reserve policy) of the "base capital value". The trustees recognise that for a number of reasons this might not always be achievable and that there will inevitably be fluctuations between the donations distributed and the actual target. The surplus after transfers to the capital and the investment fluctuation reserve is held in the donation reserve and represents the trust's retained earnings. It is the trust's intention to apply this fund to future donations.

(b) Fixed Assets

All fixed assets have been recorded at cost price less accumulated depreciation.

(c) Depreciation

Depreciation of fixed assets other than land, art and artefacts, is calculated using taxation rates so as to allocate the cost of the assets over their useful lives. The following rates are used:

Office equipment and furniture	12.0-48.0%	Diminishing value
Motor vehicles	31.2%	Diminishing value
Buildings	4.0-31.2%	Diminishing value

(d) Donations and Distributions

Donations and distributions made are included in the statement of financial performance or statement of movements in equity when approved by the trustees.

(e) Goods and Services Tax

The trust is not registered for goods and services tax purposes. Accordingly, these financial statements are stated on a G.S.T. inclusive basis.

(f) Investments

Investments are stated at market value. Adjustments to market value of investments are included in the statement of financial performance.

(g) Taxation

Income tax expense recognises the current obligations payable to the Inland Revenue Department. The partial method of recognising deferred tax is employed. No deferred tax liability is expected to crystallise in the foreseeable future.

(h) Currency Translation

Monetary assets denominated in foreign currency are converted to New Zealand dollars at the exchange rates reported at balance date and any unrealised profit or loss resulting from the conversion is reflected in the statement of financial performance.

(i) Consolidation Method

The purchase method is used to consolidate the trust and its subsidiaries. All inter-entity transactions, balances and unrealised profits and losses on transactions between group members have been eliminated.

(j) Changes in Accounting Policies

There have been no changes in accounting policies since the previous annual financial statements. All policies have been applied on bases consistent with those used in the prior year.
