Charitable Trusts Act Notices

University of Otago**Notice of Application to Vary Terms of a Charitable Trust**

Take notice that on the 9th day of September 2002 at 10.00 a.m., the University of Otago will move the High Court at Dunedin for an order approving the resettlement of the assets of the existing **Medical Students' Loans Fund** on a proposed new fund to be called the **Medical Students' Assistance Fund**.

The application is being made on the grounds that it is impracticable or inexpedient for the university to carry out the purposes of the existing fund.

The terms of the existing fund allow only the making of hardship loans to a limited class of students of the faculty of medicine of the University of Otago.

The terms of the proposed new fund would broaden the trustees' powers to allow them to make hardship grants to a wider range of students of the faculty.

Any person desiring to oppose the scheme shall give written notice of his or her intention to do so to the Registrar of the High Court, Private Bag 1925, Dunedin, and to the Trustees of the Medical Students' Loans Fund, care of Gallaway Cook Allan, P.O. Box 143, Dunedin, and to the Attorney-General, Crown Law Office, P.O. Box 5012, Wellington, not less than seven clear days before the 9th day of September 2002.

Chairman's Report for the Year Ended 31 March 2002**“Disappointing Returns May Impact Donations”**

As most people will be aware, the 12 months ended 31 March 2002 was a disappointing investment period. Global equity returns were down dramatically and interest rates declined gradually over the period.

Fortunately, your trust has a well-diversified and reasonably conservative investment portfolio which returned \$2.4m over the year; not a huge gain on a \$114m portfolio, but at least not a loss.

Despite the disappointing returns and thanks to the trust's reserving policies, we were still able to pay out donations totalling \$3.5m, not far down from last year's record level of \$3.9m. Prominent among these payments was \$1m to the Whakatane District Aquatic Centre (approved the previous year) and \$600,000 to Sport Bay of Plenty's Coach Force programme.

The contribution to the Aquatic Centre used up the balance in the trust's major community facilities reserve. It is unlikely that this reserve, which has been used to fund projects recommended by the Bay of Plenty's seven mayors through a mayoral forum protocol, can be funded again until investment returns improve.

Two consecutive poor investment years is unusual. Certainly they came after a run of several years of very good returns but the fact remains that donations have exceeded income for two years now and clearly this cannot continue indefinitely.

Your trust continues to be guided by leading international investment advisors and I am totally satisfied that your trustees have maintained appropriate investment and reserving policies and have confidence that better returns will come – history and expert advice support this view.

But for the present, we have had to take decisions acknowledging that we cannot go on donating more than we earn indefinitely. Last year we re-instituted prior trust policies that we would not generally consider applications until at least 50% of a project's funding was committed; and that we would not generally contribute towards organisations' salary and wage costs. These measures have reduced the demand on trust funds to some extent, but applications still significantly exceed funds' availability.

If investment returns do not improve as the 2002/03 year progresses, trustees will have to consider further measures to reduce demand and this might even mean foregoing the third donations round planned for November.

Despite the limitations imposed by reduced returns, I am enthusiastic about the trust and its benefits to our community. The wider Bay of Plenty, which we serve, is a magnificent region and the communities have wonderful potential. I continue to be astounded by the many valuable volunteer-based organisations which make such a contribution to the fabric of our society and which set our communities above most of those I have seen elsewhere in the world.

I believe the significance of the trust's contributions to our communities is major. Many organisations we help involve large volunteer inputs but funds are hard to raise – especially in poorer communities. Our donations often make a key difference to significant achievements and these really do enhance our communities.

Trustees are continually reviewing our policies to obtain improved leverage for the limited money available. One of the benefits of the trust's structure is that decisions are made by trustees who live locally and who know their communities well. We are constantly looking at ways we can work better to make a difference. This includes looking at ways we can co-ordinate with other funders in our region.

One way the trust could make a greater difference and be more innovative would be to have greater funds available. I see this trust as being an ideal community-administered charitable trust to be the recipient for individual's bequests where they want to leave an enduring benefit for the Bay of Plenty community. The structure and administration is here within the Bay of Plenty Community Trust.

I would urge those who are able, to consider this as an option in their wills.

This is one way the trust's capital base could be expanded to make more funds available in the future. It is in all our interests to strive to maintain and enhance the quality of our community, which I know most of us are justifiably proud of.

I thank my fellow trustees for their excellent input to the trust. We have had three retirements – Glenys Searancke, Brian Scantlebury and Timi te Heuheu. I thank them sincerely for their valuable contributions to our trust over many years and welcome Maria Ngatai, Vaughan Payne and Luke Martin as their replacements.

Each of our trustees offers valuable experience, perspective and knowledge. This not only ensures that the trust remains in touch with the needs of its communities, but the changes ensure that the trust continues to develop and grow and remain entirely relevant for our ever-changing communities.

Lastly, I say thank you to the trust's staff, manager Bruce Cronin and donations officer Cindy Currie for the enthusiasm and effort in administering the Bay of Plenty Community Trust.

RAY SHARP, Chairman.

4. Financial Instruments

Investments are stated at market value as at balance date. Accrued interest, accounts payable, community loans and donations approved not yet paid are stated at the amounts expected to be received or paid. Accordingly, the trustees consider that the fair value of each class of financial assets and financial liabilities is the same as the carrying value in the financial position.

Concentration of Investments

Ninety-nine point nine percent (99.9%) of the assets of the trust are represented by investments held with a range of financial institutions. However, the trustees consider the risk of non-recovery of these investments to be minimal. Maximum exposure to credit risk as at balance date is:

Currency Risk

The trust incurs currency risk as a result of investment transactions entered into by fund managers. The trust has a policy of fully hedging global bonds and fifty percent (50%) hedging of global equities.

Interest Rate Risk

The following investments of the trust are sensitive to changes in interest rates: Bank call accounts and deposits, government and local authority securities, and securities held by fund managers.

Fair Value

The carrying value is considered to be the fair value for financial instruments.

5. Investments

The value of investments which are held in equities and fixed interest are subject to market fluctuations. The total investment portfolio has been structured in such a way that any reductions in value in particular asset classes should be offset by increases in other classes; therefore no provision has been made for potential gains or losses that could occur due to market fluctuations. The investment portfolio as at 31 March 2002 is diversified as follows (\$000):

The consolidated financial statements provide information about the past financial performance of the trust and subsidiary and its financial position as at 31 March 2002. This information is stated in accordance with the accounting policies set out in Note 1 of the accounts.

Auditors' Responsibilities

It is our responsibility to express an independent opinion on the consolidated financial statements presented by the trustees and report our opinion to you.

In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

- the consolidated financial statements:
 - comply with generally accepted accounting practice in New Zealand; and
 - give a true and fair view of the financial position of the trust and subsidiary as at 31 March 2002 and the financial performance and cash flows for the year ended on that date.
