New Zealand Public Health and Disability Act 2000

Direction to Waikato District Health Board—Use of DHB Facilities For Filming or Recording

In light of controversy recorded in the judgment of Hon Justice Heath in *Re an unborn child (HC Hamilton, 11 October 2002)* concerning a woman's attempt to have the birth of her child recorded for purposes that have been

acknowledged as including a pornographic film, I regard it as inconsistent with the objectives of a DHB that its facilities be used for any such purpose.

It is the policy of the Government that the resources of DHBs are to be applied in pursuance of their objectives, and in particular, that the facilities of DHBs are not to be used to produce or promote pornography.

Therefore, pursuant to section 32 of the New Zealand Public Health and Disability Act 2000, I direct the Waikato DHB as follows:

1. The DHB must not permit on or within its premises any filming or recording for purposes that it has reason to believe may include a pornographic purpose.
2. The DHB may permit on or within its premises any other filming or recording only in accordance with clause 3 of this direction.
3. Subject to clause 1 of this direction and any other lawful restrictions, the DHB may permit on or within its premises any filming or recording:
 - (a) for any of the following purposes:
 - (i) personal and private purposes; or
 - (ii) clinical or educational purposes; or
 - (iii) purposes of the news media; and
 - (b) where the DHB believes it to be necessary or desirable.
4. This direction does not affect any existing power of the Waikato DHB to restrict access to, or to restrict filming or recording on, its premises.
5. For the purposes of this direction, references to "filming or recording" include still photography, sound recording, and visual and sound images.

Transit New Zealand Act 1989

Ministerial Direction to Transfund New Zealand: Regional Development

Pursuant to section 3F of the Transit New Zealand Act 1989, and in accordance with the Government's regional development land transport policy, I direct Transfund New Zealand to increase the financial assistance rate to 100% for the following councils for the roads and alternatives to roads projects that are eligible for, and are funded from, the National Roads Account Output: Regional Development Capital and Output: Regional Development Maintenance:

- Far North District Council
- Kaipara District Council
- Whangarei Regional Council
- Northland Regional Council
- Gisborne District Council
- Wairoa District Council

Background

1. On 28 February 2002, the Government agreed to the allocation of \$30 million through the National Land Transport Fund, over a 16 month period, for regional development (roading and alternatives to roading). The Government decided that its regional development priority is to assist local authorities (and other public bodies) to meet specific needs where regional development and alternatives to roads are constrained by inadequate investment. The Government has also agreed that regional development investment will be focused on areas of acute need such as East Cape and Northland.
2. The councils from Northland and East Cape have informed the Government that they cannot fund their contribution for roads and alternatives to roads aimed at regional development.

3. This direction recognises both the decisions in (1) above and the Northland and East Cape councils' financial situations outlined in (2) above. The Government also agreed that, while this direction requires Transfund New Zealand to provide 100% funding for regional development roads and alternatives to roading for the

named councils, those councils' overall contributions to land transport investment is to be maintained.
