New Schedules to Principal Notices

Second Schedule

Amount of Anti-dumping Duty

The amount of anti-dumping duty to be paid on demand in respect of each importation of plasterboard, imported or intended to be imported into New Zealand from Thailand, shall be:

- (a) For subject goods when imported by Elephant Plasterboard New Zealand Limited from SCT Co Limited, the amount per square metre by which the Non-Injurious-Free-On-Board amount¹ exceeds the Thai Producer Value.²
- (b) For subject goods when imported by importers other than Elephant Plasterboard New Zealand Limited from SCT Co Limited, the amount per square metre by which the Normal Value Equivalent amount³ exceeds the Thai Producer Value.²
- (c) For subject goods from Thai Gypsum Products Public Company Limited, the amount per square metre by which the Normal Value Equivalent amount³ exceeds the Thai Producer Value.²
- (d) For all other suppliers⁴ of subject goods, the amount per square metre by which the Normal Value Equivalent amount³ exceeds the Thai Producer Value.²

Third Schedule

List of Thai Producers

Thai producers, being suppliers and exporters, for which Non-Injurious-Free-On-Board and Normal Value Equivalent amounts have been established for the subject goods, are:

SCT Co Limited

Thai Gypsum Products Public Company Limited

¹The Non-Injurious-Free-On-Board amount for exports by SCT Co Limited for imports by Elephant Plasterboard New Zealand Limited is confidential. The New Zealand Customs Service holds the confidential Non-Injurious-Free-On-Board amount.

²The Thai Producer Value of the goods is the price when sold at arm's length by the Thai producer on an FOB basis, exclusive of any agent's or reseller's fees, margins or commissions or other similar charges.

³The Normal Value Equivalent amount for exports by SCT Co Limited for imports by importers other than Elephant Plasterboard New Zealand Limited is confidential. The Normal Value Equivalent amount for exports by Thai Gypsum Products Public Company Limited and the Normal Value Equivalent amount for all other suppliers of subject goods are also confidential. The New Zealand Customs Service holds the confidential Normal Value Equivalent amounts.

⁴Suppliers and exporters for which a specific duty amount has not been established, may lodge a request for a reassessment, backed by the necessary supporting evidence, that either Non-Injurious-Free-On-Board or Normal Value Equivalent amounts be established.

Dated at Wellington this 4th day of December 2002.

LIANNE DALZIEL, Minister of Commerce

Note

Where an interested party considers that there has been a change in relevant values of the factors used in calculating either Non-Injurious-Free-On-Board or Normal Value Equivalent amounts, an application may be made for a reassessment. If the reassessment establishes that the anti-dumping duties paid exceeded the margin of dumping, then refunds of the additional amount of duty paid may be made.

Public notice of the establishment of additional or updated Non-Injurious-Free-On-Board and Normal Value Equivalent amounts will be given as necessary by notice in the New Zealand Gazette.

A copy of the non-confidential version of the Final Report, which contains details of the reassessment and the conclusions reached, is available from the Trade Remedies Group, Regulatory and Competition Policy Branch, Ministry of Economic Development, P.O. Box 1473, Wellington.

Electricity Regulations 1997**Notice of Prohibition of the Manufacture, Importation, Sale or Use of Nightlight: Fari Electron Nightlight**

Pursuant to Regulation 102 of the Electricity Regulations 1997, and acting under delegated authority of the Chief Executive of the Ministry of Economic Development, pursuant to section 41 of the State Sector Act 1988, I, Graham Boxall, being the person for the time being holding the position of Manager, Operations, Ministry of Consumer Affairs, hereby notify that the following appliance, being a nightlight as described below, is prohibited from manufacture, importation, sale or use in New Zealand.

This prohibition is to take effect on and from Monday, 16 December 2002.

Description

The appliance covered by this prohibition is a nightlight contained in a blister pack, identified on the packaging as a:

Fari Electron Nightlight.

The appliance is marked:

Long Wei 220V AC 50/60 Hz 1W

and has plug pins which can be rotated to accommodate various socket outlet configurations.

Details of Hazard

The nightlight constitutes or may constitute an electrical hazard in that it:

- uses a plug pin arrangement which is not suitable for use in New Zealand and could give rise to an electric shock hazard when used in a standard New Zealand socket outlet, due to inadequate clearance distances around the pins of the plug, or give rise to damage to socket outlet;
- has inadequate mechanical strength to prevent the dislodgement of its plug pins, thereby having the potential to leave live parts, which could give rise to an electric shock, extending from the apertures of the socket outlet into which the nightlight had been inserted;
- is marked with an operating voltage which is not compatible with the New Zealand electricity supply voltage. This is recognised by the Regulations as “unsafe”.

Reasons for Prohibition

The nightlight is unsafe as determined in Regulation 76 (2) (b) and (c) and Regulation 76 (3) (a) and (f) of the Electricity Regulations 1997.

Accordingly, I issue this prohibition.

Signed this 9th day of December 2002.

GRAHAM BOXALL, Manager, Operations.

Notice of Prohibition of the Manufacture, Importation, Sale or Use of Decorative Lighting Set: Christmas Tree Lights

Pursuant to Regulation 102 of the Electricity Regulations 1997, and acting under delegated authority of the Chief Executive of the Ministry of Economic Development, pursuant to section 41 of the State Sector Act 1988, I, Graham Boxall, being the person for the time being holding the position of Manager, Operations, Ministry of Consumer Affairs, hereby notify that the following appliance, being a decorative lighting set as described below, is prohibited from manufacture, importation, sale or use in New Zealand.

This prohibition is to take effect on and from Monday, 16 December 2002.

Description

The appliance covered by this prohibition is a:

Decorative lighting set (Christmas tree lights)

comprising 50 small coloured incandescent lights wired in a series configuration and connected to a two pin parallel, “tap on” plug arrangement.

The plug and wire insulation being of a dark green colour, with the plug bearing the markings 125V3A or 220V3A.

The decorative lighting sets are sold contained in unmarked plastic bags with a retail price of less than \$5.00.

Details of Hazard

The decorative lighting set constitutes or may constitute an electrical hazard in that it:

- uses a plug which is not suitable for use in New Zealand and could give rise to an electric shock hazard when used in a standard New Zealand socket outlet due to inadequate clearance distances around the pins of the plug;
- has insulation on the conductors (wires) which is not suitable for use at 230V, and therefore this presents an electric shock (electrocution) hazard;
- is marked with an operating voltage which is not compatible with the New Zealand electricity supply voltage. This is recognised by the Regulations as “unsafe”;
- is not supplied with instructions for the safe use of the set, including warnings against the use of the set outdoors. The lack of instructions could give rise to an electric shock or fire hazard.

Reasons for Prohibition

The decorative lighting set is unsafe as determined in Regulation 76 (2) (a), (b) and (c) and Regulation 76 (3) (a) and (f) of the Electricity Regulations 1997.

Accordingly, I issue this prohibition.

Signed this 9th day of December 2002.

GRAHAM BOXALL, Manager, Operations.
