## STATUTORY DECLARATION IN RESPECT OF FURTHER INFORMATION REQUESTED BY SECRETARY

I, Robert Caldwell, of Rutherglen Greymouth, being a principal of Westpower Limited, solemnly and sincerely declare that having made all reasonable enquiry, to the best of my knowledge, the information attached to this declaration is a true copy of information made available to the public under the Electricity (Information Disclosure) Regulations 1999.

And I make this solemn declaration conscientiously believing the same to be true and by virtue of the Oaths and Declarations Act 1957.

Robert Caldwell Chief Executive

Declared at <u>Greymouth</u> this day of 2003

Signed in the Presence of:

(Name)

ALAN T O'CONNELL, JP

55 ALEXANDER STREET
GREYMOUTH

03 768-9711(le)

Being a Justice of Peace or Solicitor (or other person authorised to take a statutory declaration).

#### **WESTPOWER LIMITED**

#### STATEMENT OF ACCOUNTING POLICIES

#### For The Year Ended 31 March 2003

The financial statements presented are for the reporting entity Westpower Limited. Westpower Limited is a Lines Company registered under the Companies Act 1993.

The financial statements have been prepared in accordance with the requirements of the Electricity (Information Disclosure) Regulations 1999, the Financial Reporting Act 1993, the Companies Act 1993 and section 44 of the Energy Companies Act 1992.

The measurement base adopted is that of historical cost except for the revaluation of certain fixed assets.

#### (a) Sales

Sales shown in the Statement of Financial Performance comprise the amounts received and receivable by the Group for goods and services supplied to customers in the ordinary course of business.

Lines Charges represent income charged to Energy Retailers based on their meter readings during the period. An allowance is made for unbilled Lines Charges from Energy Retailers to the end of the period.

#### (b) Investments

The parent company's investment in ElectroNet Services Limited is stated at cost.

Sinking Fund Investments are shown at cost plus accumulated interest.

Other Investments are stated at cost.

Dividend income is accounted for on a cash basis. Interest income is accounted for as earned.

#### (c) Fixed Assets and Depreciation

#### (i) Valuation

Fixed Assets comprise:

Distribution System Assets (being the network system consisting of distribution and transmission lines and cables, zone substations, distribution transformers, protection and control equipment, communications equipment and metering).

Other Assets (being land, buildings, plant and equipment, motor vehicles, furniture and fittings).

Distribution System Assets have been revalued to Optimised Deprival Value which incorporates a valuation based on the engineering optimisation of the system and its components after allowing for depreciation and is based on the value to the company of being deprived of the assets. The valuation was conducted by **KPMG** in conjunction with **Kerslake and Partners**, Registered Valuers, as at 31 March 2003.

Land and Buildings have been revalued to market value as at 31 March 2000. The valuation was conducted by Coast Valuations Limited, registered valuers.

All other fixed assets are valued at cost less accumulated depreciation where applicable.

Distribution equipment is revalued on a cyclical basis with no individual asset being included at a valuation made more than three years previously.

Additions between revaluations are recorded at cost.

#### (ii) Depreciation

**Distribution Assets** are depreciated using the straight line method at rates which amortise the cost or valuation less estimated residual value over their economic lives.

The main basis are periods not exceeding:

Electricity Distribution System 15 – 70 years

The electricity distribution system economic lives have been set consistent with the Ministry of Commerce's revised ODV Handbook. The economic lives range from 15-70 years for the different components of the distribution system.

Other Assets are depreciated using rates which write off the cost or valuation of the fixed assets over their expected economic lives as below:

Buildings	1% to 2.5% SL
Motor Vehicles	25% DV
Plant and equipment	10% to 50% DV
Furniture and fittings	

including computers 20% to 48% DV

Profits and losses on disposal are calculated as the difference between the carrying amount of the asset at the time of disposal and the proceeds of the disposal. Any depreciation recovered and any loss on sale is included in the operating result of the Group in the year of the disposal.

#### (d) Inventories

Stocks and work-in-progress are stated at the lower of cost and net realisable value.

The cost of stocks is determined on a weighted average basis.

Some stocks may be subject to retention of title clauses on purchase.

The cost of work-in-progress includes materials, and a portion of direct labour and production overhead appropriate to the stage of completion attained.

#### (e) **Debtors**

Debtors are stated at estimated realisable value after providing for debts where collection is doubtful.

#### (f) Taxation

The taxation charge against the profit for the year is the estimated liability in respect of that profit and is calculated after allowance for permanent differences and timing differences not expected to reverse in future periods. This is the partial basis for the calculation of deferred taxation.

The Company follows the liability method of accounting for deferred taxation. Future taxation benefits attributable to losses carried forward or timing differences are recognised in the financial statements only where there is virtual certainty of realisation.

#### (g) Goods and Services Tax

All items in the financial statements are net of Goods and Services Tax except for Debtors and Creditors which are shown in the Statement of Financial Position inclusive of GST.

#### (h) Financial Instruments

Westpower and its subsidiaries are party to financial instrument arrangements as part of everyday operations. These instruments include bank accounts, debtors, creditors, borrowings and interest rate swaps.

Revenues and expenses in relation to all financial instruments are recognised in the Statement of Financial Performance.

Unrealised revenue and expenses associated with electricity hedges are not recognised in the financial statements. Realised revenue and expenses are recognised in the Statement of Financial Performance on maturity of the hedging contracts and are incorporated as part of the cost of electricity.

All financial instruments are recognised in the Statement of Financial Position, with the exceptions of contingent liabilities and interest rate swaps which are disclosed by way of a note to the financial statements.

#### (i) Changes in Accounting Policies

There have been no changes in accounting policies. All other policies have been applied on a basis consistent with the previous year.

#### STATEMENT OF FINANCIAL PERFORMANCE

Asset Revaluation Reserve	18,270	19,137
Retained Earnings	5,503	388
•	54,593	50,345

#### Note 8. Financial Instruments

#### **Credit Risk**

Financial instruments which potentially subject the Company to credit risk principally consist of bank accounts, accounts receivable and investments.

The Company places its cash with high quality financial institutions and limits the amount of exposure to any one financial institution. There is a high concentration of credit risk to Trustpower.

The maximum exposure to credit risk at balance date is the fair value of the instruments as stated in the Statement of Financial Position.

#### **Fair Values**

For all financial instruments other than the interest rate swaps and the shareholding in International Panel and Lumber (West Coast) Limited the fair value is equivalent to the carrying amount as stated in the Statement of Financial Position. Borrowings are planned to be run to maturity. The fair value of the interest rate swaps at 31 March 2003 is \$0 (2002 \$132,874).

The fair value of the shares in International Panel and Lumber (West Coast) Limited is \$71,856 (2002 \$63,654). This represents the value of the 30,000 shares based on the value of net assets as at 31 January 2003.

#### **Currency Risk**

The Company has minimal currency risk given that financial instruments are principally transacted in New Zealand dollars. Forward exchange contracts may be employed by the Company to manage exposure to currency fluctuations.

#### Interest Rate Risk

Interest rate risk is low as borrowings have fixed interest rates except for the Short Term Advance Facility for \$13,000,000 (2002 \$13,000,000).

The contract amount of interest rates swaps held at 31 March 2003 is \$0 (2002 10,600,000).

#### Note 9. Contingent Liabilities and Capital Commitments

Capital Commitments

Capital Communication	2003 <b>\$</b> '000	2002 \$ '000
The total amount committed at balance date was	85	40

**Operating Lease Commitments** 

These are long-term operating leases relating to land occupied by the Company.

- deficiencies in land titles, licences and resource consents		0	5,000
- warranties in general		0	5,000

#### Note 10. Related Parties

At balance date the West Coast Electric Power Trust held 100 per cent of the shares in Westpower Limited. Material transactions (dividends) have been disclosed in the financial statements.

All related party transactions of Westpower Limited have been conducted on a commercial arms length basis.

The Contracting and Management Subsidiary of Westpower Limited, ElectroNet Services, has provided the following services for the period 1 April 2002 to 31 March 2003.

	2003 \$ '000	2002 \$ '000
Construction of subtransmission assets	1,070	767
Construction of zone substations	1,888	456
Construction of distribution lines and cables	474	723
Construction of medium voltage switchgear	346	127
Construction of distribution transformers	396	66
Construction of substations	235	114
Construction of low voltage lines and cables	107	219
Construction of other fixed assets	562	69
Maintenance of assets	1,869	1,857
Consumer connections and reconnections		
Asset Management Service	507	512
Other Services	502	503

At year end there was an outstanding balance of \$763,578 (2002 \$892,767) for such services.

No related party debts have been written off or forgiven during the year.

#### REPORT OF THE AUDITOR GENERAL

# TO THE READERS OF THE FINANCIAL STATEMENTS OF WESTPOWER LIMITED FOR THE YEAR ENDED 31 MARCH 2003

We have audited the financial statements of Westpower Limited on pages 1 to 15. The financial statements provide information about the past financial performance of Westpower Limited and its financial position as at 31 March 2003. This information is stated in accordance with the accounting policies set out on pages 1 to 4.

#### **Directors' Responsibilities**

The Electricity (Information Disclosure) Regulations 1999 require the Directors to prepare financial statements which give a true and fair view of the financial position of Westpower Limited as at 31 March 2003, and the results of its operations and cash flows for the year ended on that date.

#### **Auditor's Responsibilities**

Section 15 of the Public Audit Act 2001 and Regulation 31 of the Electricity (Information Disclosure) Regulations 1999 require the Auditor-General to audit the financial statements. It is the responsibility of the Auditor-General to express an independent opinion on the financial statements presented by the Directors and report that opinion to you.

The Auditor-General has appointed K J Boddy, of Audit New Zealand, to undertake the audit.

#### **Basis of Opinion**

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgements made by the Directors in the preparation of the financial statements; and
- whether the accounting policies are appropriate to Westpower Limited's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with the Auditing Standards published by the Auditor-General, which incorporate the Auditing Standards issued by the Institute of Chartered Accountants of New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Other than in our capacity as auditor, acting on behalf of the Auditor-General, we have no relationship with or interests in Westpower Limited.

#### **Unqualified Opinion**

We have obtained all the information and explanations we have required.

In our opinion -

- proper accounting records have been kept by Westpower Limited as far as appears from our examination of those records; and
- the financial statements of Westpower Limited on pages 1 to 15:
  - (a) comply with generally accepted accounting practice in New Zealand; and
  - (b) give a true and fair view of Westpower Limited's financial position as at 31 March 2003 and the results of its operations and cash flows for the year ended on that date; and
  - (c) comply with the Electricity (Information Disclosure) Regulations 1999.

Our audit was completed on 3 September 2003 and our unqualified opinion is expressed as at that date.

K J Boddy

Audit New Zealand

On behalf of the Auditor-General

Christchurch, New Zealand

## AUDITOR- GENERAL'S OPINION ON THE PERFORMANCE MEASURES OF WESTPOWER LIMITED

We have examined the information on pages 12, 15, 16, 21 and 22, being –

- (a) the derivation table specified in regulation 16;
- (b) the annual ODV reconciliation report in regulation 16A;
- (c) the financial performance measures in clause 1 of Part 3 of Schedule 1; and
- (d) the financial components of the efficiency performance measures in clause 2 of Part 3 of Schedule 1, -

that were prepared by Westpower Limited and dated 29 August 2003 for the purposes of regulation 15 of the Electricity (Information Disclosure) Regulations 1999.

In our opinion, having made all reasonable enquiry, and to the best of our knowledge, that information has been prepared in accordance with the Electricity (Information Disclosure) Regulations 1999.

K J Boddy

Audit New Zealand

On behalf of the Auditor-General

Christchurch, New Zealand

3 September 2003
