Departmental Notices

Education

Education Act 1989

Corrigendum—Risk Assessment Criteria for Tertiary Institutions

Pursuant to section 195A of the Education Act 1989 (incorporating all amendments), the Secretary for Education hereby publishes criteria for assessing the level of risk to the operation and long-term viability of tertiary institutions.

Nothing in this notice limits or affects the duties of tertiary councils under section 46 of the Education Standards Act 2001 or any other duties or obligations of institutions or councils under any enactment, regulation or order.

Introduction

Under sections 195B to 195D of the Education Act 1989, the nature of the action available to the Secretary or the Minister depends upon an assessment of the level of risk to the institution or the operation or long-term viability of the institution. The levels of risk and the nature of the actions available are:

1. If the Secretary has reasonable grounds to believe that an institution may be at risk, the Secretary may require the council of the institution to provide specified information or reports about the operation, management or financial position of the institution at a given time (section 195B).
2. If the Minister considers on reasonable grounds that the operation or long-term viability of an institution is at risk, the Minister may appoint a Crown Observer to the institution (section 195C).
3. If the Minister believes on reasonable grounds that there is a serious risk to the operation or long-term viability of an institution and other methods of reducing that risk have failed or appear likely to fail, the Minister may dissolve the council of the institution and appoint a Commissioner to act in its place (section 195D).

After consultation with institution councils, the Secretary has determined (pursuant to section 195A of the Education Act 1989) criteria for assessing the level of risk to the operation and long-term viability of institutions. Those criteria are contained in the table set out below.

The greater the number of criteria which an institution meets, the greater the level of risk to its operation and long-term viability. The more adverse the position of an institution with respect to any of the criteria (for example, the greater the extent to which its Liquid Funds Ratio is less than 12.0%), the greater the level of risk to its operation and long-term viability.

Defined Terms

Words and phrases defined in the Education Act 1989 (and not defined below) bear the same meanings in this notice.

In this notice:

“Approved Borrowing Agreement” means an agreement between an institution and a third party, under which the institution may borrow money, issue debentures or otherwise raise money, which has been entered into by the institution with the written consent of the Secretary pursuant to section 192 of the Education Act 1989 (including any such agreement as it may be modified from time to time with the written consent of the Secretary).

“audited” means, in respect of an institution and any financial statements or financial statements component relating to any financial year of that institution:

- (a) the audited financial statements or audited financial statements component (as the case may be) for that financial year; or
- (b) (except in relation to risk criteria 22 below) if no such audited financial statements or audited financial statements component (as the case may be) for that financial year have or has been submitted to the Secretary within 120 days of the end of the relevant financial year, until they are or it is so submitted the unaudited financial statements or relevant financial statements component (as the case may be) in respect of that financial year most recently submitted to the Secretary.

“Available Credit Lines” is the aggregate amount able to be borrowed by an institution under any committed borrowing facility, less any amounts actually borrowed under those facilities, as at the balance date to which any audited actual or budgeted (as the case may be) statement of financial position for an institution relates.

“Debt” is the total of amounts recorded as debt in the audited or budgeted (as the case may be) statement of financial position of an institution, whether or not interest is payable on that debt.

“debt/equity ratio” means a ratio of debt to equity (however that ratio, that debt and that equity are calculated and described).

“Default Event”, in respect of an institution which is party to an Approved Borrowing Agreement, means any event or circumstance (however described) which (i) constitutes a default (however described) by that institution under that

Approved Borrowing Agreement and/or (ii) results (or may result) in the date for repayment of any amount owing by the institution under that Approved Borrowing Agreement being advanced and/or (iii) entitles (or may entitle) any lender under that Approved Borrowing Agreement to require early repayment by that institution of any such amount, to refuse to advance any further amount to that institution, to review loans made by it to that institution or to take or refuse to take any other action under that Approved Borrowing Agreement.

“Default Debt/Equity Ratio” in respect of an institution is the ratio calculated as follows and expressed as a percentage:

$$\frac{\text{Debt}}{\text{Debt} + \text{Equity}}$$

“Default Interest Cover Ratio” in respect of an institution is the ratio calculated as follows:

$$\frac{\text{Operating Surplus/Deficit} + \text{Interest Expense}}{\text{Interest Expense}}$$

“Equity” is the amount recorded as equity in the audited actual or budgeted (as the case may be) statement of financial position of an institution.

“financial statements component” means a statement of financial position, statement of financial performance or statement of cash flows.

“interest cover ratio” means a ratio of surplus from operations to interest expense (however that ratio, that surplus and that expense are calculated and described).

“Interest Expense” is the amount recorded as interest expense in the audited annual or budgeted (as the case may be) statement of financial performance of an institution.

“liabilities to assets ratio” means a ratio of the value of liabilities to the value of assets (however that ratio, that value of assets and that value of liabilities are calculated and described).

“Liquid Funds” is the total of amounts recorded in the audited or budgeted (as the case may be) statement of financial position of an institution in the form of cash or securities or other investments which can be as readily converted into cash.

“Liquid Funds Ratio” in respect of an institution is the ratio calculated as follows and expressed as a percentage:

$$\frac{\text{Liquid Funds} + \text{Available Credit Lines}}{\text{Operating Cash Payments}}$$

“Maximum Permitted Debt/Equity Ratio”, in respect of an institution which is party to an Approved Borrowing Agreement, means a debt/equity ratio specified in that Approved Borrowing Agreement, that institution’s exceeding which (or meeting or exceeding which) will constitute or result in a Default Event.

“Maximum Permitted Liabilities to Assets Ratio”, in respect of an institution which is party to an Approved Borrowing Agreement, means a liabilities to assets ratio specified in that Approved Borrowing Agreement, that institution’s exceeding which (or meeting or exceeding which) will constitute or result in a Default Event.

“Minimum Required Interest Cover Ratio”, in respect of an institution which is party to an Approved Borrowing Agreement, means an interest cover ratio specified in that Approved Borrowing Agreement, that institution’s failure to exceed which (or failure to achieve or exceed which) will constitute or result in a Default Event.

“Operating Cash Payments” is the amount recorded as cash paid or applied to operations in the audited annual or budgeted (as the case may be) statement of cash flows of an institution.

“Operating Cash Receipts” is the amount recorded as cash received from operations in the audited annual or budgeted (as the case may be) statement of cash flows of an institution.

“Operating Surplus/Deficit” is the amount recorded as the net surplus or deficit (as the case may be) in the audited annual or budgeted (as the case may be) statement of financial performance (financial statements component) of an institution, adjusted by deducting any non-recurring revenues and adding back any non-recurring costs (in each case as reflected in the relevant statement of financial performance). An example of non-recurring revenue is a profit on the sale of an asset. Examples, of non-recurring costs include losses on asset disposals or revaluations and restructuring costs. An item does not qualify as non-recurring simply because it is unplanned or unexpected.

“Reforecast”, in respect of an institution, means any financial forecast or similar document which is prepared by or for an institution in relation to a financial year in respect of which there is already a council-approved group budget, and which is either approved by the council of the institution as an amendment to or update of that group budget or regarded by the chief executive of that institution as forecasting or reflecting, more accurately overall than that group budget, that institution’s likely actual financial performance for that period; and includes any working papers upon which that financial forecast is based.

“Total Revenue” is the amount recorded as total revenue or total income in the audited annual or budgeted (as the case may be) statement of financial performance of an institution.

“risk criteria” means any of the criteria set out below.

An “unfavourable trend”, in respect of a particular financial ratio and an institution’s audited group financial statements for five consecutive financial years, exists if:

- (a) the average of that ratio calculated with reference to the audited group financial statements for each of the third, fourth and fifth (in time) of those financial years is less favourable to that institution than the average of that ratio calculated with reference to the audited group financial statements for each of the second, third and fourth (in time) of those financial years; and
- (b) the average of that ratio calculated with reference to the audited group financial statements for each of the second, third and fourth (in time) of those financial years is less favourable to that institution than the average of that ratio calculated with reference to the audited group financial statements for each of the first, second and third (in time) of those financial years.

Other words and phrases defined in the Education Act 1989 bear the same meaning in this notice.

Criteria for Risk Assessment

The criteria listed in the table below enable an objective assessment to be made of whether an institution or the operation or long-term viability of an institution is at risk and, if so, the level of such risk. The level of risk determines the nature of action available to the Secretary or the Minister. Each of the criteria is marked in columns 1, 2 or 3. The marking indicates which level of risk the criteria are relevant to assessing. The key to the table is:

Level 1 = relevant to assessing whether an institution *may be at risk*

Level 2 = relevant to assessing whether an institution *may be at risk* and/or whether the operation or long-term viability of an institution *is at risk*

Level 3 = relevant to assessing whether an institution *may be at risk* and/or whether the operation or long-term viability of an institution *is at risk* and/or whether there is a *serious risk* to the operation or long-term viability of an institution

25.	During the last or current financial year (as at the time of assessment), an institution breached any financial covenants under any loan agreement or other financing facility.		•	
26.	An institution has carried out a material activity which requires a consent from the Secretary for Education pursuant to section 192 of the Education Act 1989 and has not obtained such a consent.	•		
27.	An institution has not complied with all material conditions of any consent received from the Secretary for Education under section 192 of the Education Act 1989 in the last completed or current financial year of the institution (as at the time of assessment).	•		
<i>Operations</i>				
28.	An institution has not developed and/or does not maintain internal financial and performance reporting of a nature reasonably to be expected of such an institution.		•	
29.	An institution has failed, in a material respect, to provide in a timely manner any information required to be provided pursuant to section 195B of the Education Act 1989 or section 45B of the Public Finance Act 1989.		•	
30.	There are grounds on which it can reasonably be concluded that an institution has acted, is acting, or is likely to act recklessly in a material respect.		•	
31.	There are grounds on which it can reasonably be concluded that an institution or its council has acted, is acting, or is likely to act contrary to any applicable law, regulation, order or bylaw in a material respect.		•	
32.	An institution has lost or failed to renew within the period of 18 months immediately prior to the time of assessment, or is likely to lose or fail to renew, accreditation with New Zealand Qualifications Authority or any body to which New Zealand Qualifications Authority has delegated its approval or accreditation powers (such as the Polytechnic Programmes Committee or the Colleges of Education Academic Committee), or with The New Zealand Vice Chancellors Committee for Accreditation for any qualification (other than a qualification which the institution no longer intends to offer).		•	
33.	Within the period of 18 months immediately prior to the time of assessment, an institution has not developed, and/or updated at least annually, a business plan of the nature reasonably expected of such an institution, including financial projections for the following three years.		•	
34.	Within the period of 18 months immediately prior to the time of assessment, an event has occurred or circumstance arisen which is likely, in the near future, to result in a material reduction in income, a material increase in outgoings, a material liability or a material increase in risk for an institution (having regard, in each case, to the likely impact of any mitigating actions taken or likely to be taken by the institution).		•	
<i>Assessment of budget and financial projections</i>				
35.	On the basis of the most recent (as at the time of assessment) annual budget approved by the council and any other relevant financial forecasts or projections provided by the institution to the Secretary, there are reasonable grounds to believe that the institution is not, or is likely in the near future to not be, able to pay some or all of its debts as they become due in the ordinary course of business.		•

Misuse of Drugs Act 1975

Revocation of Authorisation of Medical Practitioner to Prescribe, Administer or Supply Controlled Drugs for the Purpose of Treating People With Drug Dependence

Pursuant to section 24 (8) of the Misuse of Drugs Act 1975, I, David George Chaplow, acting under delegated authority from the Minister of Health, revoke the notice signed by the Director of Mental Health on the 9th day of October 2000 and published in the *New Zealand Gazette*, 19 October 2000, page 3738, thereby revoking the authority of

Dr John Panton Musgrove
 to prescribe, administer or supply controlled drugs for the purposes of that section.

Dated at Wellington this 2nd day of February 2004.

DR DAVID CHAPLOW, Director of Mental Health.

Explanatory Note

Dr John Panton Musgrove was specified, under section 24 (7) (a) (previously 24 (5) (a)) of the Misuse of Drugs Act 1975, as a medical practitioner who may prescribe, administer or supply controlled drugs for the purpose of treating people with drug dependence. Dr John Panton Musgrove has retired from general practice and no longer requires specification under section 24 (7) (a).

Amendment to Prior Notice Specifying a Medical Practitioner Who May Prescribe, Administer or Supply Controlled Drugs for the Purpose of Treating People With Drug Dependence

Pursuant to sections 24 (7) (a) and 24 (8) of the Misuse of Drugs Act 1975, I, David George Chaplow, acting under delegated authority from the Minister of Health, amend the notice signed by me on 22 December 2003 and published in the *New Zealand Gazette*, 8 January 2004, page 40, by deleting the words

“section 24 (5) (a)”

and replacing them with the words

“section 24 (7) (a)”

thereby validating the authority for Dr William Lloyd Sheldon to prescribe, administer or supply controlled drugs for the purposes of that section.

Dated at Wellington this 28th day of January 2004.

DR DAVID CHAPLOW, Director of Mental Health.

Explanatory Note

The notice that appeared in the New Zealand Gazette, 8 January 2004, specifying Dr William Lloyd Sheldon as a medical practitioner who may prescribe, administer or supply controlled drugs for the purpose of treating people with drug dependence referred to section 24 (5) (a) of the Misuse of Drugs Act 1975 as being that section which gives the Minister of Health, or those delegated by her, the power to specify medical practitioners in this way. This was

incorrect as it is section 24 (7) (a) of the Misuse of Drugs Act 1975 which gives this power.

go714

Amendment to Prior Notice Specifying Medical Practitioners Who May Prescribe, Administer or Supply Controlled Drugs for the Purpose of Treating People With Drug Dependence

Pursuant to section 24 (8) of the Misuse of Drugs Act 1975, I, David George Chaplow, acting under delegated authority from the Minister of Health, amend the notice signed by the Director of Mental Health on the 25th day of September 1998 and published in the *New Zealand Gazette*, 1 October 1998, page 3933, by deleting the words

“David Finlay of Christchurch”

thereby revoking the authorisation for Dr David Finlay to prescribe, administer or supply controlled drugs for the purposes of that section.

Dated at Wellington this 2nd day of February 2004.

DR DAVID CHAPLOW, Director of Mental Health.

Explanatory Note

Dr David Finlay was specified, under section 24 (7) (a) (previously 24 (5) (a)) of the Misuse of Drugs Act 1975, as a medical practitioner who may prescribe, administer or supply controlled drugs for the purpose of treating people with drug dependence. Dr David Finlay has relocated and no longer requires specification under section 24 (7) (a).

Land Transport Safety Authority

Traffic Regulations 1976

Exemption of Certain Types of Motor Vehicle From the Alternative Fuel Regulation of the Traffic Regulations 1976 Relating to Fuelling

Pursuant to Regulation 90 (1) of the Traffic Regulations 1976 and under delegated authority, I exempt the types of motor vehicle specified in the Schedule from the requirements of Regulation 90O of the Traffic Regulations 1976.

The exemption takes effect from 1 March 2004.

Schedule

Motor Vehicle Types:

Motorcar, Omnibus, and Goods Vehicle and vehicles of any of these types that have been converted for use as motorhomes, that operate on compressed natural gas (CNG) or liquefied petroleum gas (LPG), to which Regulations 90A to 90Q of the Traffic Regulations 1976 apply.

Signed at Wellington this 2nd day of February 2004.

JOHN PATRICK WHITE, Manager, Safer Vehicles Policy.

Explanatory Note

This exemption applies to vehicles equipped with alternative fuel systems to which Regulations 90A to 90Q of the Traffic Regulations 1976 apply, specifically those operating on compressed natural gas (CNG) and liquefied petroleum gas (LPG). The exemption removes the requirement for these vehicles to have the currency of their alternative fuels inspection certificates checked prior to being fuelled with CNG or LPG. The rationale for this is the regular inspection of alternative fuel systems that is now required by Land Transport Rule: Vehicle Standards Compliance 2002 as a prerequisite to in-service certification. The exemption also takes account of safety improvements that have occurred since the fuelling offence provision (Regulation 90O of the Traffic Regulations 1976) came into effect on 1 March 1982. General Section

Animal Health Board

Biosecurity Act 1993

Notice of Movement Controls for Bovine Tuberculosis

Pursuant to section 131 (2) of the Biosecurity Act 1993, the Animal Health Board declares New Zealand (with the exception of the Chatham Islands) to be an area that is controlled for the purpose of enabling the limitation of the spread of bovine tuberculosis.

Pursuant to section 131 (3) (a) of the Biosecurity Act 1993, the Animal Health Board gives notice that the movement of cattle and deer within the Controlled Area is restricted and regulated to the extent and subject to the conditions specified below.

Notice

1. Definitions

In this notice, unless the context otherwise requires:

“Herd” means:

- (a) a group of cattle, or deer, or cattle and deer, that is managed as one unit.
- (b) a group of cattle, or deer, or cattle and deer, that is kept within the same enclosure or behind the same fence.

“Herd of Origin” means the herd with which a cattle beast or a deer is, for the time being, grazing.

“Risk Area” means an area specified in the Schedule to this notice.

“The Controlled Area” means New Zealand (with the exception of the Chatham Islands).

2. Declaration Cards

2.1 Every cattle beast or deer aged 30 days or more that is moved within the Controlled Area from:

- (i) its herd of origin; or
- (ii) the place or establishment at which the animal is being kept

to a place other than a place occupied by the owner or person in charge of the cattle beast or deer, must be accompanied throughout the movement by a completed Declaration Card relating to that animal, so that a person inspecting that animal may inspect the Declaration Card at the same time.

2.2 A completed Declaration Card must be signed and dated by the owner of the animal to which it relates or a person acting with the authority of the owner, and must contain the following information for each animal to which the card relates:

- (a) The breed, sex and age of the animal;
- (b) Whether or not that animal was bred within the herd of origin or at the place or establishment at which the animal is being kept;
- (c) The name and address of the owner of that animal;
- (d) Whether or not that animal has been tested for bovine tuberculosis while in the possession of the person who signed the Declaration Card or on whose behalf the Declaration Card was signed;

(e) If that animal has been tested for bovine tuberculosis while in the possession of the person who signed the Declaration Card or on whose behalf the Declaration Card was signed, the date of the last test and whether or not tuberculosis was detected in respect to:

- (i) the animal; and
- (ii) the herd of origin.

(f) Whether that animal is being moved from a place within a Risk Area and, if so, whether that animal had been tested for bovine tuberculosis within 60 days prior to movement; and

(g) The bovine tuberculosis status of the animal, which shall be the status given to the animal or herd of origin by the Animal Health Board and shall be one of the following:

- (i) “Infected (1..n)”, where the index following the status “Infected” represents the number of years the herd has had an infected status.
- (ii) “Clear (1..10)”, where the index following the status “Clear” represents the number of years (to a maximum of 10) the herd has had a clear status, except for those herds classified as “cattle dry stock”, “venison” or “miscellaneous”. For these herds, the Clear index is capped at a maximum value of “1”.
- (iii) “Suspended”, which refers to animals from a herd in which diagnosis of suspected tuberculosis awaits confirmation or a herd containing animals of unknown testing history (including feral animals), for which sufficient testing information to establish the herd status has yet to be accumulated.
- (iv) “Works monitored”, which refers to animals from a herd not subject to on-farm testing under the operational plan of the Animal Health Board.

3. Testing Prior to Movement From or Within Risk Areas

3.1 No cattle beast or deer aged 90 days or more may be moved:

- (a) from any Risk Area to a place outside that Risk Area; or
- (b) within any Risk Area from its herd of origin, or the place or establishment at which the animal is being kept to a place other than a place occupied by the owner or person in charge of the cattle beast or deer;

unless it has undergone, within 60 days prior to the date of movement, a negative test for bovine tuberculosis in accordance with the Biosecurity (National Bovine Tuberculosis Pest Management Strategy) Order 1998.

3.2 The restriction on movement in 3.1 does not apply where an animal is being moved directly to a place of slaughter.

3.3 Notwithstanding 3.1, an animal may be exempted from the requirement for a test in accordance with the Animal Health Board Tuberculosis Operational Plan.

This declaration takes effect from 1 March 2004.

Dated at Wellington this 5th day of February 2004.

WILLIAM MCCOOK, Chief Executive, Animal Health Board Incorporated.

General Information

1. Any animal moved in contravention of this notice may be seized by an inspector or authorised person and

destroyed, treated or otherwise dealt with, if it is reasonable in the circumstances to do so. The Animal Health Board may also recover the cost of testing for bovine tuberculosis pursuant to the Biosecurity Act 1993 and the Biosecurity (Deer and other testing costs) Regulations 1998.

2. Failure to comply with the requirements of this notice may result in prosecution under the Biosecurity Act 1993. If convicted, an individual will be liable to a term of imprisonment not exceeding five years, or a fine not exceeding \$100,000.00, or both. A corporation convicted of an offence is liable to a fine not exceeding \$200,000.00.
3. It is recommended that a person signing a Declaration Card should retain the card for six months following the date of signing. Any person who receives a Declaration Card should also retain the card for six months or for the period that the animal is under their control, whichever is the longer.
