Electricity Commission

Electricity Act 1992

Making of a Recommendation Concerning the Electricity Governance Rules 2003 – Rule Amendment Proposal No. 10

This notice of a recommendation concerning the Electricity Governance Rules 2003 (“Rules”), rule amendment proposal No. 10, is issued by the Electricity Commission (“Commission”), established under the Electricity Act 1992 (“Act”), pursuant to section 172E (2) (c) of that Act.

Section 172E (2) (c) provides that, no later than 10 working days after making a recommendation concerning the Rules to the Minister of Energy (“Minister”), the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

Recommendation

The Commission made a recommendation that rule 5.3 of section IV of Part F of the Rules be amended, in reliance on section 172E (3) of the Act (urgency), on 28 October 2004.

Section 172E (3) provides that section 172E (2) (b) and section 172F (which relate to consultation and

assessments) do not apply if the Commission considers that it is necessary or desirable in the public interest that the proposed rules be made urgently.

Instead, consultation and the assessment must be carried out within six months of the rule being made.

Accordingly no such assessment has been carried out at this stage.

Recommended Amendment to the Rules

The recommended amendment to the Rules was the insertion of the words “(or such longer period as the Minister may allow)” after the words “expiry date” in rule 5.3 of section IV of Part F, for the Minister to allow a longer period than 20 business days in which the Commission’s Board must complete its consideration of all submissions it receives on the transmission pricing methodology process and guidelines issues paper.

A copy of the Commission’s recommendation is available, at no cost, on the Commission’s web site:

<http://www.electricitycommission.govt.nz/govern/regs/index.html>

Dated at Wellington this 29th day of October 2004.

For and on behalf of the Electricity Commission:

ROY HEMMINGWAY, Chair.

**Notice of Making of Electricity Governance
Amendment Rules (No. 10) 2004 and Notice of
Reasons for Decision**

1. Pursuant to section 172I of the Electricity Act 1992, I notify the amendment of the Electricity Governance Rules 2003 (“Rules”) under section 172H of the Electricity Act 1992.

2. The empowering provision for the electricity governance regulations in relation to which the Rules are amended is section 172D (7) of the Electricity Act 1992.

3. A brief description of the nature of the amendment follows:

The amendment consists of inserting a provision for the Minister of Energy to allow a longer period than 20 business days in which the Electricity Commission must complete its consideration of all submissions it receives on the transmission pricing methodology process and guidelines issues paper.

4. The amendment is made in reliance on the urgency provisions in section 172E (3) of the Electricity Act 1992.

5. Pursuant to section 172z (4) of the Electricity Act 1992, the reasons for my decision to amend the rules are that:

- due to the number and complexity of the submissions the Electricity Commission is likely to receive on the transmission pricing methodology process and guidelines as well as the high potential for conflicting submissions, the Commission may need more than the 20 business days currently provided for under Part F of the Rules to complete its consideration;
- a similar contingency is provided for in other parts of the Rules and I consider it would be prudent to make an extension allowable in this case; and
- I consider that the matter is required to be dealt with urgently because the amendment to the Rules needs to be in force before the 20 working day period for the Commission to consider submissions on the transmission pricing methodology and guidelines expires on 3 December 2004.

6. These Rules come into force on 2 December 2004.

7. Copies of the Rules, including this amendment, may be inspected free of charge or purchased from the Electricity Commission, Level Seven, ASB Tower, 2 Hunter Street, Wellington.

The Rules can also be viewed on the Electricity Commission web site:

Notice of Intention to Take Land for the Upgrade of State Highway No. 2—Dowse Drive to Petone

Notice is hereby given that the Crown, under the provisions of section 23 of the Public Works Act 1981, proposes to take all the underlying fee simple estate in the land described in the First Schedule to this notice, which includes all of the existing interests and all entitlements of the registered proprietors of the units listed in the Second Schedule in:

(a) That part of the land described in the First Schedule to this notice which currently exists as common property, and which for the avoidance of doubt includes those parts above and below Units 4 and 6, Accessory Units 14 to 19 (inclusive), and 73 to 90 (inclusive), on Unit Plan 68792 ("the Crown-owned units"), (which together with the Crown-owned units forms all of the land in the First Schedule) in proportion to the unit entitlements as shown on Unit Plan 68792, which estate was created on deposit of Unit Plan 68792 under section 4 (2) (b) of the Unit Titles Act 1972 ("the Act"); and

(b) The undivided share in the fee simple estate in the Crown-owned units which the registered proprietors are contingently entitled to by virtue of sections 45 and 47 of the Act in proportion to the unit entitlements as shown on Unit Plan 68792, which estate was created on deposit of Unit Plan 68792 under section 4 (2) (c) of the Act, and all other rights with respect to the Crown-owned units, including the interest as registered proprietors to vote in favour of resolutions to give effect to the actions in paragraphs 2 (a), 2 (b) and 2 (c) and/or such other rights or actions required to give effect to the actions in paragraphs 2 (a), 2 (b) and 2 (c).

In furtherance of the above proposal and the required purpose of taking the interests of the registered proprietors in the land described in the First Schedule, the Minister for Land Information will:

- demolish the buildings located on Units 4 and 6;
- transfer the Crown-owned units to common property in accordance with section 19 (2) of the Act; and
- subsequently take by Proclamation 1171 square metres of common property being the land described in the First Schedule.

The Crown further proposes to take a leasehold estate in the walls between Units 4, 6 and Accessory Unit 21 and Units 8, 9, 10, 11, 12 and 13 ("the exterior walls") for the purpose set out in the Third Schedule to this notice. The terms of the lease are set out in the Fourth Schedule to this notice.

The Crown will, upon taking the land described in the First Schedule, reserve an appurtenant easement over Section 2, SO 341776, granting a formal right of support and access rights in favour of the principal units on Unit Plan 68792 and all accessory units included in the same Computer Unit Title Registers as those principal units on the terms set out in the Fifth Schedule of this notice.

The land described in the First Schedule to this notice and the leasehold estate described above is required for construction of the upgrade to State Highway No. 2—Dowse Drive to Petone. The land firstly described in the First Schedule is required for road. The land secondly described in the First Schedule is required for use in connection with a road.

The intended taking is considered reasonably necessary to improve traffic flow and reduce traffic congestion. All practicable alternatives were considered prior to designation of the land. The proposed land use is in accordance with the designation under the district plan.

The owners of the land and those persons with a registered interest in it have been served with notice of the Crown's intention to take the land and advised of their right to object. Any other person having the right to object may send a written objection to the Registrar, Environment Court, Tribunals Division, Department for Courts, P.O. Box 5027, Wellington, within 20 working days after the date of publication of this notice.

If any objection is made in accordance with this notice, a public hearing will be heard with the right of the objector to appear and be heard personally unless the objector otherwise requires, and each objector will be informed of the time and place of the hearing.

Fifth Schedule

Terms of Easement

1. Interpretation

"dominant land" means the land held in Computer Unit Title Registers 39A/593, 39A/594, 39A/595, 39A/597, 39A/599, 39A/600, 39A/601, 39A/602, 39A/603, 39A/604, 39A/605, 39A/606, 39A/607 and 39A/608.

"easement" means the easement, the right of support and right of way described in this Schedule.

"grantor" means the Crown.

"grantee" means the registered proprietor(s) of the Dominant Land.

"MSE" means a mechanically stabilised embankment to be constructed as part of the proposed Hutt Road Interchange on the land adjoining Section 2, SO 341776.

"servient land" means Section 2, SO 341776.

"structures" means that part of the external wall, concrete column bases and foundation beams and footings, and all

associated fittings, fixtures and attachments constructed on, under, through and over the Servient Land.

2. Grant of Easement

2.1 The grantor GRANTS to the grantee as an easement imposed upon the servient land and appurtenant to the dominant land, pursuant to section 48 of the Public Works Act 1981, the right to:

- (a) use the structures as a support for the building on the dominant land.
- (b) subject to clause 2.2, from time to time and at all reasonable times enter upon the servient land with or without engineers, contractors and workers for the purpose of inspecting the structures and the wall of the building they support and, subject to 5.2, do all things that may appear reasonably necessary for their maintenance, support and repair.

2.2 The grantor may temporarily exclude entry by the grantee, pursuant to clause 2.1 (b), if it believes on reasonable grounds that it is necessary to do so to ensure safety.

2.3 The easement shall be forever appurtenant to the dominant land subject however to termination as set out in clause 2.4 below. For the avoidance of doubt, the term shall not be capable of revocation on the giving of three months' notice as provided for in section 48 of the Public Works Act 1981.

2.4 (a) The easement shall only exist for so long as the present building remains on the dominant land. Should the present building be demolished, the grantee shall at the grantee's cost as part of such works remove all parts of the structures from the servient land. On demolition of the building, the easement shall extinguish absolutely and the parties shall be released from any further liability arising pursuant to the easement with effect from such date but without prejudice to either party's rights arising before that date.

(b) If at any time an application made for the cancellation of the unit title shown on DP 68792 is lodged with the District Land Registrar, under the provisions of the Unit Titles Act 1972, the easement shall determine when all other conditions for cancellation are complied with to the satisfaction of the District Land Registrar.

(c) In the event that the easement is extinguished, the District Land Registrar may make an entry in the Register accordingly in respect of the title to the dominant land.

(d) In the event that the easement determines pursuant to clause 2 (b) prior to demolition of the building, the grantor shall at the request of the grantee grant a new easement on like terms as recorded in this easement (amended as may be required in the circumstances) subject to the grantor having first complied with any statutory or regulatory requirements.

3. Covenants

3.1 The grantor and the grantee covenant as follows:

- (a) The grantee shall not do or permit to be done anything by which the MSE (or any other replacement or additional roading structure of the grantor) shall be in any way damaged or rendered unstable or unsafe.
- (b) The grantee will regularly inspect the structures and the wall of the building they support adjacent to the servient land to ensure that the same continue to comply with all relevant statutes, regulations or consents and that no damage to the structures and the wall of the building they support has occurred.

- (c) If the structures and/or the wall of the building do not comply with all relevant statutes, regulations or consents, the grantee will put the same into the condition required to make them comply with the relevant statutes, regulations or consents immediately upon the non-compliance being made known to the grantee.
- (d) If the grantee defaults in any of its obligations to maintain or repair under clause 3.1 (c), the grantor may arrange for such repair or maintenance at the cost of the grantee and the grantee shall immediately reimburse the grantor for such expense, but without prejudice to the grantor's other rights and remedies under the easement.
- (e) The grantor shall at all times during this easement ensure that an adequate security fence and gate is installed along the Hutt Road boundary between the building and the MSE and keep the same in good repair. The grantor shall make available to the grantee keys to the security gate to allow the grantee reasonable access pursuant to clause 2.1 (b).
- (f) Nothing in this easement shall prevent the grantor from making excavations of the servient land or the adjoining road for the purpose of laying foundations for any roading structure or other building, and the grantor may in future do all such things on the servient land or the adjoining road as the grantor shall see fit at its sole discretion (which actions might but for this proviso be a derogation from the grantor's own grant) provided that in so doing the grantor shall provide sufficient artificial means of support to the building on the dominant land both during the progress of and after the completion of any such work on the servient land or the adjoining road.

4. Agreement to Subsist

- 4.1 No power is implied in respect of the easement or any right or obligation under it for the grantor to determine the easement or any right or obligation set out in this easement, it being the intention that the easement and all rights and obligations shall subsist for the term (subject to early termination under clause 2.4) unless surrendered by the grantee or modified or terminated by the mutual written agreement of the grantor and the grantee.

5. Statutory Rights Implied

- 5.1 The rights and powers implied by the Fourth Schedule to the Land Transfer Regulations 2002 shall be deemed incorporated and form part of the easement but where any conflict arises, the terms of the easement shall prevail.
- 5.2 Nothing in the easement shall override any statutory and regulatory provisions relating to the servient land. The grantee shall, in taking entry under the easement and in completing any works on the servient land, comply with any such statutory requirements, including without limitation obtaining the consent of the grantor prior to completing any works that affect the surface of the servient land, or that may produce subsidence affecting the servient land.

6. Disputes

- 6.1 The parties acknowledge their desire that all questions or differences whatsoever which arise between the parties concerning the easement or its subject matter or arising out of or in relation thereto and whether as to interpretation or otherwise be resolved amicably by *bona fide* discussion between them.
- 6.2 If any question or difference (the "dispute") is not resolved by written agreement between the parties within 20 business days of one party giving notice to the other

of a proposal for resolution of the dispute, the dispute shall be referred to mediation in accordance with clause 6.3.

- 6.3 Each party agrees not to commence any legal proceedings relating to the dispute unless it has complied with the following:

- (a) On notice (the "notice") by one party to the other party of the failure of formal discussions between the parties in respect of the dispute, and its decision to apply for mediation, the parties shall endeavour in good faith to resolve the dispute expeditiously using informal dispute resolutions techniques such as mediation, expert evaluation or determination or similar techniques agreed by them.
- (b) If the parties do not agree within 10 business days of receipt of the notice (or such further period as agreed in writing by them) as to:
 - (i) the dispute resolution technique and procedures to be adopted;
 - (ii) the timetable for all steps in those procedures;
 - (iii) the selection and compensation of the independent person required for such techniques;

the parties shall mediate the dispute in accordance with the mediation rules of the New Zealand Chapter of Lawyers Engaged in Alternative Dispute Resolution ("LEADR") and the executive chair of LEADR or the executive chair's nominee will select the mediator and determine the mediator's remuneration.

- (c) Where the dispute is not resolved by mediation in accordance with this clause 6.3, then either party may take such other action, as it considers appropriate, including commencing legal proceedings;
- (d) Pending resolution of the dispute, the parties shall continue to perform their respective obligations pursuant to the provisions of the easement.

7. Notices

- 7.1 Without prejudice to any other procedures for the giving of notice at law, all notices and other communications required or permitted under the easement shall be in writing and shall be delivered personally or sent by prepaid post or by facsimile transmission to such address notified for this purpose.
- 7.2 A notice or other communication delivered by hand shall be deemed to have been received at the time of delivery. However, if the delivery is not made on a business day or is made after 5.00 p.m. on a business day, then the notice or other communication will be deemed to have been received on the next business day.
- 7.3 A notice or other communication delivered by prepaid post shall be deemed to have been received on the third business day after posting.
- 7.4 A notice or other communication sent by facsimile shall be deemed to have been received on the date of transmission. However, if the date of transmission is not a business day or the transmission is sent after 5.00 p.m. on a business day, then the notice or other communication will be deemed to have been received on the next business day after the date of transmission.

8. Governing Law

- 8.1 The easement is governed by, and shall be construed in accordance with, the laws of New Zealand. The parties to the easement agree to:
- (a) submit to exclusive jurisdiction of the Courts of New Zealand;
 - (b) waive any immunity they may have to the New Zealand Courts jurisdiction; and

- (c) Consent to the enforcement, or execution, in any court of competent jurisdiction in any country, of any order or judgment, which may be made by the Courts of New Zealand.

9. Severability

9.1 If any part of the easement is held by any court or administrative body of competent jurisdiction to be illegal, void or unenforceable, such determination shall not impair the enforceability of the remaining parts of the easement.

10. No Partnership

10.1 Nothing in the easement shall evidence or be deemed to constitute a partnership between the parties.

11. No Waiver

11.1 A waiver of any provision of the easement shall not be effective unless given in writing, and then it shall be effective only to the extent it is expressly stated to be given.

11.2 A failure, delay or indulgence by any party in exercising any power or right shall not operate as a waiver of that power or right. A single exercise of any power or right shall not preclude further exercises of that power or right or excuse from any other power or right.

12. Force Majeure

12.1 Notwithstanding any other provision of the easement, if either party shall fail to comply with or observe any provision of the easement and such failure is caused by an event which is outside the reasonable control of that party, that failure shall not itself give rise to any cause of action or liability based on breach of that provision of the easement.
