Dumping and Countervailing Duties Act 1988

Anti-dumping Duties: Notice That Anti-dumping Duties on Plasterboard From Thailand May Cease to Apply

Under section 14 (9) of the Dumping and Countervailing Duties Act 1988 (“the Act”), anti-dumping duties imposed on “other sizes” of plasterboard from Thailand* and on plasterboard of a thickness between 8.75mm and 10.25mm from Thailand†, will cease to apply to those goods on 27 September 2005 and 19 November 2005 respectively, unless at those dates the goods are subject to review under section 14 (8) of the Act.

Any interested party that might request that the Chief Executive of the Ministry of Economic Development initiate a review before the cessation dates referred to above, should be aware that positive evidence justifying the need for a review must be provided to the Chief Executive.

If an application is received which provides positive evidence justifying the need for a review, the Chief Executive must undertake and complete a review investigation, within 180 days of initiation, on whether the anti-dumping duties should continue to be applied.

Positive evidence justifying the need for a review would need to include reasons for believing that the expiration

of anti-dumping duties would see the continuation or recurrence of dumping of plasterboard from Thailand, and for believing that such dumping would be likely to cause the continuation or recurrence of material injury to the New Zealand industry producing plasterboard.

The reasons should be supported by evidence and not be based on mere allegations or assertions.
