Commerce Commission

Electricity Industry Reform Act 1998

Notice of Exemption—Westpower Limited

The Commerce Commission ("Commission"), pursuant to section 81 of the Electricity Industry Reform Act 1998 ("EIR Act"), exempts Westpower Limited ("Westpower") from the application of section 17 of the EIR Act in respect of the "cross-involvement" (as that term is defined in the EIR Act) that would be created through its investment in a hydro generation plant, located on the Amethyst River at Harihari, South Westland, through the joint venture proposal outlined in its application for exemption registered by the Commission on 4 August 2006.

The exemption is subject to the following conditions:

- (a) The joint venture company and Westpower's electricity lines business must comply with rules

1 to 6 and 11 to 15 of the Arms Length Rules set out in Schedule 1 of the EIR Act.

- (b) Westpower must not be involved directly or indirectly in the selling of electricity to any end-use customer connected to Westpower's electricity network. This does not preclude the sale of electricity to an electricity retailer.
- (c) This exemption does not extend to engaging in the financial hedging of risks relating to the price of electricity in New Zealand beyond the nameplate generation capacity (6 MW per annum) of the proposed hydro generation plant.
- (d) This exemption is specific to the cross-involvements created through Westpower's involvement in the proposed joint venture. It does not extend to any other interest or existing or future cross-involvement of Westpower.

The Commission may vary or revoke the exemption in accordance with section 81 (5) of the EIR Act.

The exemption takes effect from the date of publication of this notice in the *New Zealand Gazette*.

Electricity Governance Regulations 2003

Electricity Governance Regulations (Exemption No. 32 (Genesis Power Limited)) Exemption Notice 2006

Pursuant to Regulation 194 (2) of the Electricity Governance Regulations 2003, the Electricity Commission ("Commission") gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Governance Regulations (Exemption No. 32 (Genesis Power Limited)) Exemption Notice 2006.

(2) This notice comes into force on 1 December 2006 ("commencement date").

2. Exemption—Genesis Power Limited ("Genesis") is exempted from compliance with Rule 11.5.2 of Section IV of Part C of the Electricity Governance Rules 2003 ("Rules").

3. Terms and conditions—This exemption is granted on the following conditions:

- (a) It only applies in relation to Genesis' plant known as "e3p" or "HLY5"; and
- (b) it expires on the earlier of either:
- (i) six months following the commencement date; or
- (ii) the date agreed between Genesis and the system operator as being the end of commissioning point in the commissioning plan produced for HLY5 in accordance with Technical Code A, Schedule C3 of Part C of the Rules.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- (a) the possibility that Genesis' commercial incentives in relation to the event charge could lead to delays in HLY5 commissioning or unproven reliability during the winter of 2007; and
- (b) commissioning of HLY5, given its size and complexity and the contribution it is expected to

make to security of supply in the winter of 2007, is a relatively unique circumstance compared to re-commissioning of existing assets or commissioning of new smaller assets.
