OF THURSDAY, 16 NOVEMBER 2006

WELLINGTON: MONDAY, 20 NOVEMBER 2006 — ISSUE NO. 142

# TOP ENERGY LIMITED

# INFORMATION FOR DISCLOSURE

PURSUANT TO SECTION 57T OF THE COMMERCE ACT 1986

# CERTIFICATION OF FINANCIAL STATEMENTS, PERFORMANCE MEASURES AND STATISTICS DISCLOSED BY LINE OWNERS OTHER THAN TRANSPOWER

We, Paul Byrnes and Michael Simm, directors of Top Energy Limited certify that, having made all reasonable enquiries, to the best of our knowledge:

- a. The attached audited financial statements of Top Energy Limited prepared for the purposes of requirement 6 of the Commerce Commission's Information Disclosure Requirements 2004 comply with those requirements; and
- b. The attached information, being the derivation table, financial performance measures, efficiency performance measures, energy delivery efficiency performance measures, statistics and reliability performance measures in relation to Top Energy Limited, and having been prepared for the purposes of requirements 14, 15, 20 and 21 of the Electricity Information Disclosure Requirements 2004, comply with those Requirements.

The valuations on which those financial performance measures are based are as at 31 March 2006.

7----

Date: 31 October 2006

### IMPORTANT NOTE

Information disclosed in this 2006 Information Disclosure package issued by Top Energy Limited has been prepared solely for the purposes of the Electricity Information Disclosure Requirements 2004.

M W Simm

The Requirements determine that the information be disclosed in the manner it is presented.

The information should not be used for any other purpose than that intended under the requirements.

The information contained in this package may change at any time. Pricing and terms are as at the date of disclosure indicated and are not a quote or estimate of rates or terms that will apply in the future.

NOTES TO THE FINANCIAL STATEMENTS STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31 MARCH 2006

The financial statements are those of the Line business of Top Energy Limited. Top Energy Limited is owned 100% by the Top Energy Consumer Trust and these organisations are in a "Prescribed Business Relationship" as defined by Requirement 3(1)(a)(ii) of the Electricity Information Disclosure Requirements 2004.

The period reported is 1 April 2005 to 31 March 2006.

These financial statements are prepared in accordance with Regulations 6(2) and 6(3) of the Electricity Information Disclosure Requirements 2004. The financial statements have not been prepared for the purpose of the Financial Reporting Act 1993, or the Energy Companies Act 1992.

### GENERAL ACCOUNTING POLICIES

The accounting policies recognised as appropriate for the measurement and reporting of results and financial position under the historic cost method, as modified by revaluation of the distribution system, have been followed in the preparation of these financial statements.

### Methodology of Separation of Business

Top Energy Limited has followed the Electricity Information Disclosure Requirements 2004 dated 7 May 2004, as issued by the Commerce Commission.

### PARTICULAR ACCOUNTING POLICIES

The following particular accounting policies, which significantly affect the measurement of financial performance and financial position, have been applied.

### 1 Revenue

Revenue shown in the Statement of Financial Performance comprise the amounts received and receivable by the Company for electricity distribution services supplied to customers in the ordinary course of business. Revenues are stated exclusive of Goods and Services Tax collected from customers.

### 2 Capital Contributions

Funds received from customers, as a contribution towards the cost of uneconomic supply facilities, are recognised in the statement of financial performance as soon as any obligations attaching to the contributions have been met.

Where a customer's circumstances change such that a part or all of the contribution is to be refunded, then a separately established reserve has been set up for this purpose. Contributions may be refunded within 10 years of the original date of payment.

NOTES TO THE FINANCIAL STATEMENTS STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31 MARCH 2006

#### 3 Taxation

The taxation charged against the profit for the year is both the current year's provision and the income tax effects of timing differences calculated using the liability method.

Tax effect accounting is applied on a comprehensive basis to all timing differences. Future taxation benefits attributable to timing differences or to losses carried forward are recognised in the financial statements only where there is virtual certainty that the benefit of the losses will be utilised by the Company.

#### 4 Accounts Receivable

Accounts receivable are stated at estimated realisable value after providing against debts where collection is doubtful.

### 5 Property, Plant & Equipment

Property, plant & equipment held by the former Bay of Islands Electric Power Board were vested in the Company, Top Energy Ltd, on 1 May 1993 under the Energy Companies Act 1992. Property, plant & equipment were vested at book value as at 1 May 1993, and represent "cost" to the Company.

The cost of property, plant & equipment purchased after 1 May 1993 is the value of the consideration given to acquire the assets and the value of other directly attributable costs which have been incurred in bringing the assets to the location and condition necessary for their intended service.

The cost of self - constructed assets includes the cost of all materials used in construction, direct labour on the project, costs of obtaining Resource Management Act consents and an appropriate proportion of variable and fixed overheads. Costs cease to be capitalised as soon as the asset is ready for productive use and do not include any inefficiency cost.

The Distribution system asset has been valued to depreciated replacement cost at 31 March 2004 based on a valuation conducted by Sinclair, Knight and Mertz Ltd, registered valuers. The Distribution system asset is valued on a 3 - 5 year cycle.

Capital work-in-progress includes materials, and a portion of direct labour and production overhead appropriate to the stage of completion attained.

Land and Buildings relating to substations are "owned" by the lines business. These have been valued to fair value at 31 March 2004 based on a valuation conducted by Telfer Young Ltd, registered valuers.

### NOTES TO THE FINANCIAL STATEMENTS STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31 MARCH 2006

### 6 Depreciation

Land and work-in-progress assets are not depreciated. Other property, plant & equipment assets are depreciated on a straight line (SL) or diminishing value (DV) basis that has regard to their historical cost, estimated useful life and expected residual value:

	Years
Straight line basis	
Distribution system	
Lines, Transformers & Substations	45 - 60
Switchgear	35
SCADA Communications equipment	15
Buildings	50
Office equipment, Plant and Furniture	10
Information systems assets	5 - 10
Chainsaws	3
Computer Software	3
	Rate
Diminishing value basis	
Motor Vehicles	20%

### 7 Statement of Cash Flows

The following is the definition of terms used in the Statement of Cash Flows:

"Cash" means coins and notes, demand deposits and other highly liquid investments in which the Company has invested as part of its day-to-day cash management. Cash includes liabilities which are the negative form of the above, such as the bank overdraft. Cash does not include accounts receivable or payable, or any borrowing subject to a term facility.

"Investing activities" are those activities relating to the acquisition, holding and disposal of fixed assets and of investments. Investments can include securities not falling within the definition of cash.

"Financing activities" are those activities which result in changes in the size and capital structure of the Company. This includes both equity and debt not falling within the definition of cash. Dividends paid in relation to the capital structure are included in financing activities.

"Operating activities" include all transactions and other events that are not investing or financing activities and includes interest and dividends received in relation to investments.

### NOTES TO THE FINANCIAL STATEMENTS STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31 MARCH 2006

### **8 Financial Instruments**

Top Energy Ltd has entered into various financial instruments with risk for the primary purpose of reducing its exposure of interest. While these financial instruments are subject to risk that market rates may change subsequent to acquisition, such changes would generally by offset by opposite effects on the items being hedged.

### Recognised

Financial instruments carried on the statement of financial position include cash, bank, accounts receivable, accounts payable, and term debt. The particular recognition methods adopted are disclosed in the individual policy statements associated with each item.

### Unrecognised

Financial instruments, including derivatives, that are designated as hedges of specific items are recognised on the same basis as the underlying hedged items. Derivatives that do not constitute hedges are stated at market value and any resultant gain or loss is recognised in the statement of financial performance.

The net differential paid or received in interest rate swaps is recognised as a component of interest expense over the period of the swap agreement.

### 9 Employee entitlements

Employee entitlements to salaries and wages, annual leave and other benefits are recognized when they accrue to employees.

### **Changes in Accounting Policies**

There were no material changes in accounting policy during the year.

### 14 RELATED PARTY TRANSACTIONS

There have been no material related party transactions requiring disclosure in accordance with SSAP 22 "Related Party Disclosures", apart from the following:

### i. Top Energy Consumer Trust:

Top Energy Ltd is wholly owned by Top Energy Consumer Trust. For the period ended 31 March 2006, Top Energy Ltd paid \$5.5m (31 March 2005: \$5.5m) in the form of a dividend to the above Trust. This payment is reflected in the Statement of movements in Equity of Top Energy Ltd.

During the period Top Energy processed transactions on an agency basis on behalf of the Trust in order to settle routine business dealings. As at 31 March 2006, a balance of \$1,644 (31 March 2005: \$93,277) owing by the Trust to the Company Trust has been included in the Accounts Payable in the Statement of Financial Position. All transactions with the Trust are made on normal business terms.

### ii. Transfer Payments between Line & 'Other' business:

The following related party transactions occurred in the year between the Line & Other businesses.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2006

#### 14 RELATED PARTY TRANSACTIONS

- a. Asset maintenance services are provided by the Contracting Division in respect of the System fixed asset. Services are provided as contracted by the Line business and are charged at market rates on an arms length basis. Services were provided throughout the year. The outstanding balance at 31 March 2006 was \$263,172 (2005: \$279,000).
- b. Avoided Transmission charges are paid in respect of embedded generation provided by Ngawha Generation Limited. Charges are based on the Transpower market rate. The service was provided for the full year. The outstanding balance at 31 March 2006 was \$51,515 (2005: \$50,900).
- c. Property facilities are provided to the Line business by the Property Division. Rentals are at market rates for the specific sites. Services were provided throughout the year. The property rental includes cost recovery in respect of rates of \$6,494 (2005: \$14,617).
- d. Asset construction services are provided by the Contracting Division in respect of the System fixed asset. Services are provided as contracted by the Line business and are charged on a full cost recovery basis. Services were provided throughout the year. The outstanding balance at 31 March 2006 was \$301,651 (2005: \$301,800).

### 15 FINANCIAL INSTRUMENTS

### a. Currency and Interest Rate Risk

Nature of activities and management policies with respect to financial instruments:

i. Currency

The Group has undertaken foreign currency transactions from time to time in connection with its activities. To manage the foreign currency risk the Group has used forward exchange contracts. There are no contracts in place at 31 March 2006 relating to the Line business.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2006

### 15 FINANCIAL INSTRUMENTS

#### ii. Interest Rate

The Company has a \$65m Facility Agreement with BNZ. An amount of \$35m is a facility in relation to the possible expansion of the Ngawha geothermal project (which relates to the other business). No advance has been made at balance date. The Core business facility of \$30m allows borrowings to be made over variable periods. At balance date \$8.9m was advanced to the Line business and these advances will be renewed to coincide with funding requirements. The expected repayment dates are disclosed in Note 8.

The principal or contract amounts of interest rate contracts outstanding at 31 March 2006 for the Line business are \$7.29m (2005: \$7.68m). The effective interest rates are disclosed in Note 8.

The Company has not entered into forward agreements or futures transactions.

### b. Concentration of Credit Risk

In the normal course of its business, the Company incurs credit risk from trade debtors and transactions with financial institutions.

Contact Energy Ltd comprise 90% of the debtors total as of balance date but subsequent to balance date this amount has been cleared. As part of this policy, limits on exposures with counterparties have been set and approved by the Board of Directors and are monitored on a regular basis.

The Company does not have any significant concentrations of credit risk. The Company does not require any collateral or security to support financial instruments as it only deposits with, or lends to, banks and other financial institutions of recognised quality. The Company does not expect the non-performance of any material obligations at balance date.

### c. Fair Values

The following methods were used to estimate the fair values of these classes of financial instruments:

 Cash and liquid deposits, debtors and other accounts receivable including sundry debtors, creditors and other accounts payable including sundry creditors, loans payable within twelve months.

The carrying value of these items is equivalent to their fair value.

ii. *Borrowings* – see Note 8.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2006

### 16 SEGMENT INFORMATION

The Lines business operates primarily in one industry, the electricity conveyance industry, and in one geographic location: Northland, New Zealand.

### 17 CAPITAL EXPENDITURE COMMITMENTS

Top Energy Ltd has commitments for capital expenditure of \$139,436 at 31 March 2006 (31 March 2005: Nil).

#### 18 CONTINGENT LIABILITIES

The Company and it's subsidiaries provide bank guarantees, as it did in 2005.

### 19 EVENTS OCCURRING AFTER BALANCE DATE

There are no events which have arisen after the balance sheet date that require disclosure.

#### 20 INTERNATIONAL FINANCIAL REPORTING STANDARDS

### New Zealand Equivalents to International Financial Reporting Standards

In December 2002 the New Zealand Accounting Standards Review Board (ASRB) announced that New Zealand entities required to comply with NZ GAAP under Financial Reporting Act 1993 would be required to apply International Financial Reporting Standards (IFRS) for financial periods commencing on or after 1 January 2007 with earlier adoption permitted from 1 January 2005. The new standards that have been approved by the ASRB for application in New Zealand are referred to as New Zealand equivalents to International Financial Reporting Standards (NZ IFRS) as certain adaptations have been made to reflect New Zealand circumstances.

Top Energy Limited has commenced reviewing its accounting policies and financial reporting to comply with NZ IFRS. The Company has allocated internal resources and is carrying out impact assessments to isolate key areas that will be impacted by the transition to NZ IFRS and to facilitate adoption of NZ IFRS. The Company will transition to NZ IFRS and publish its first set of annual financial statements prepared under NZ IFRS for the year ending 31 March 2008.

The Company has yet to finalise its accounting policies under NZ IFRS and as a consequence is yet to quantify with any degree of certainty the adjustments that will be required in the statement of financial position on adoption of NZ IFRS and the impact on financial performance thereafter.

The key differences between current NZ GAAP and NZ IFRS identified to date as potentially having significant effect on the Company's financial statements as summarized overleaf.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2006

### 20 INTERNATIONAL FINANCIAL REPORTING STANDARDS (continued)

### **Financial Instruments**

All interest rate swap and forward exchange contracts will be recorded in the statement of financial position at fair value under NZ IFRS and be adjusted against opening equity. Any movements of the fair value of the instruments from year to year will have the potential to affect the statement of financial performance and the statement of financial position, the extent to which will depend on whether hedge accounting is adopted. The financial impact of the change cannot be reliably estimated at this stage and will be dependent on the extent to which hedge accounting is adopted and is effective.

#### **Deferred Taxation**

The IFRS basis of accounting for deferred tax is conceptually different to current GAAP. Under current GAAP deferred taxation is calculated using the income statement approach whereas under NZ IFRS deferred taxation will be based on a balance sheet approach. This method recognises deferred tax balances where there is a difference between the carrying value of an asset or liability and its tax base. The most significant impact for the Company is the potential recognition of a deferred tax liability in relation to the revaluation of distribution assets. Due to the uncertainty of recognition, the financial impact cannot be reliably estimated at this stage.

### **Capital Contributions**

Top Energy Limited currently recognises capital contributions as revenue in the year earned. NZ IFRS may require the Company to capitalise capital contributions to deferred income and amortise the balance over the life of the asset to the income statement. The financial impact of this change cannot be reliably estimated at this stage.

This summary should not be taken as an exhaustive list of all the differences between NZ GAAP and NZ IFRS. Further, the Company has not yet quantified the effects of these differences. Accordingly there can be no assurances that the financial performance and financial position as disclosed in these financial statements would not be significantly different if determined in accordance with NZ IFRS.

# AUDITOR-GENERAL'S OPINION ON THE PERFORMANCE MEASURES OF TOP ENERGY LIMITED – LINES BUSINESS

We have examined the information being -

- (a) the derivation table in requirement 15;
- (b) the annual ODV reconciliation report in requirement 16;
- (c) the financial performance measures in clause 1 of Part 3 of Schedule 1; and
- (d) the financial components of the efficiency performance measures in clause 2 of Part 3 of Schedule 1, –

that were prepared by Top Energy Limited and dated 31 October 2006 for the purposes of the Commerce Commission's Electricity Information Disclosure Requirements 2004.

In our opinion, having made all reasonable enquiry, and to the best of our knowledge, that information has been prepared in accordance with the Electricity Information Disclosure Requirements 2004.

**E**raeme Pinfold

PricewaterhouseCoopers

### REPORT OF THE AUDITOR-GENERAL

# TO THE READERS OF THE FINANCIAL STATEMENTS OF TOP ENERGY LIMITED – LINES BUSINESS FOR THE YEAR ENDED 31 MARCH 2006

We have audited the financial statements of Top Energy Limited – Lines Business on pages 2 to 21. The financial statements provide information about the past financial performance of Top Energy Limited – Lines Business and its financial position as at 31 March 2006. This information is stated in accordance with the accounting policies set out on pages 7 to 10.

### **Directors' Responsibilities**

The Commerce Commission's Electricity Information Disclosure Requirements 2004 made under section 57T of the Commerce Act 1986 require the Directors to prepare financial statements which give a true and fair view of the financial position of Top Energy Limited – Lines Business as at 31 March 2006, and the results of its operations and cash flows for the year ended on that date.

### **Auditor's Responsibilities**

Section 15 of the Public Audit Act 2001 and Requirement 30 of the Electricity Information Disclosure Requirements 2004 require the Auditor-General to audit the financial statements. It is the responsibility of the Auditor-General to express an independent opinion on the financial statements and report that opinion to you.

The Auditor-General has appointed Graeme Pinfold of PricewaterhouseCoopers to undertake the audit.

### **Basis of Opinion**

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgements made by the Directors in the preparation of the financial statements; and
- whether the accounting policies are appropriate to Top Energy Limited Lines Business's circumstances, consistently applied and adequately disclosed.

We conducted the audit in accordance with the Auditing Standards published by the Auditor-General, which incorporate the Auditing Standards issued by the Institute of Chartered Accountants of New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

In addition to the audit we have carried out audit related assignments for the Company. This involved issuing audit opinions on the 31 March 2006 statutory financial statements of Top Energy Limited and subsidiaries, the audit of the threshold compliance statement prepared pursuant to the Commerce Act (Electricity Distribution Thresholds) Notice 2004, and other engagements of an assurance nature. Other than these assignments we have no relationship with or interests in the company.

# PRICEWATERHOUSE COPERS 18

### Matters Relating to the Electronic Presentation of the Audited Financial Statements

This audit report relates to the financial statements of Top Energy Limited – Lines Business for the year ended 31 March 2006 included on Top Energy Limited's web-site. The Company's governing body is responsible for the maintenance and integrity of Top Energy Limited's web site. We have not been engaged to report on the integrity of Top Energy Limited's web site. We accept no responsibility for any changes that may have occurred to the financial statements since they were initially presented on the web site. The audit report refers only to the financial statements named above. It does not provide an opinion on any other information which may have been hyperlinked to/from these financial statements. If readers of this report are concerned with the inherent risks arising from electronic data communication they should refer to the published hard copy of the 31 March 2006 disclosure accounts for Top Energy Limited – Lines Business to confirm the information included in the audited financial statements presented on this web site.

Legislation in New Zealand governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

### **Unqualified Opinion**

We have obtained all the information and explanations we have required.

In our opinion -

- proper accounting records have been maintained by Top Energy Limited Lines Business as far as appears from our examination of those records; and
- the financial statements of Top Energy Limited Lines Business on pages 2 to 21:
  - (a) comply with generally accepted accounting practice in New Zealand; and
  - (b) give a true and fair view of Top Energy Limited Lines Business's financial position as at 31 March 2006 and the results of its operations and cash flows for the year ended on that date; and
  - (c) comply with the Electricity Information Disclosure Requirements 2004.

Our audit was completed on 3 November 2006 and our unqualified opinion is expressed as at that date.
