WASTE LAND BOARD.

Superintendent's Office, Auckland,
20th June, 1855.

IN compliance with the request contained in the following Resolution transmitted from the Waste Land Board, the subjoined correspondence is published for general information.

WM. BROWN,
Superintendent.

Waste Land Board Office, Auckland,
20th June, 1855.

RESOLUTION No. 32.

WITH reference to the letter of his Honor the Superintendent No. 23, and enclosures having regard to the Board's Resolutions Nos. 25 and 27, and inasmuch as a great deal of misconception prevails in respect to the Board being in possession of funds, and consequently to its being able to prosecute surveys, and in all other respects carry out the provisions of the Regulations, the Board submits that so much of the correspondence as his Honor may deem necessary ought to be published for the information of the Public.

READER WOOD,
Secretary.

Waste Land Board Office, Auckland,
9th May, 1855.

RESOLUTION No. 25.

That with reference to his Honor the Superintendent's letter No. 14, informing the Board "that no sums were appropriated

during the 3rd Session of the Provincial Council for providing the expense of the staff that is required by the Waste Land Board. And although a Resolution was agreed to purporting to authorise the Superintendent to pay certain sums for that purpose, but as that Resolution cannot be treated as legal authority, and as moreover the Provincial Council declined to furnish the means of providing the funds required for that service, that it will be impossible that warrants can be signed for the payment of salaries until money shall have been appropriated to that Service."

The Waste Land Board submits that the difficulty in its opinion may be overcome by the General Government being requested to adopt the estimates for the Waste Land Board, as part of the expenses incident to the management of the Waste Lands of the Crown, as provided for in Section 62, of the Constitution Act, and to direct the payment of the same out of the land fund, the question of adjustment being left for future consideration.

(Signed) READER WOOD,
Secretary.

Superintendent's Office, Auckland,
10th May, 1855.

SIR,—I have the honour to lay before the General Government the enclosed resolution of the Waste Land Board, having reference to the difficulty in which they are placed in consequence of no sum having been appropriated by the Provincial Council to enable them to meet the expenses incidental to the carrying out of the duties of the Board.

It appears to me that the means suggested

for extricating the Board from the difficulty in which they have been left by the Provincial Council separating without making immediate provision for their necessary expenses, is worthy of consideration.

I would observe that there appears to be an imperfection in the Waste Lands Regulations, with regard to the appointment of officers subordinate to the Waste Land Board. By the 70th section it is provided that "the salaries of officers to be appointed by the Governor shall be paid by the General Government, and the salaries of officers to be appointed by the Superintendent, or by the Waste Land Board," shall be paid by the Provincial Government; but it is nowhere stated by which of these several authorities the appointment of the officers in question (with the exception of the Commissioners) are respectively to be made.

Acting upon what I conceived to be the spirit of the Regulations, and desirous of removing every obstacle to their speedy operation, I placed upon the Supplementary Estimates, submitted to the Provincial Council, certain sums for the service of the Waste Land Board.

The Council, however, having separated without making the provision required, I am willing for the furtherance of that service to waive all constructive claim to making the appointments in question, leaving them (so far as lies in me) to the General Government, which at least is not debarred by the Waste Lands Regulations from accepting the trust.

~~I would express a hope that the General~~ Government may be enabled to supply the necessary staff for carrying on the surveys and for enabling the Board to bring the land into the market, otherwise the land sales for a period must remain suspended, to the very great inconvenience and injury of the Province

I have, &c.,
(Signed) Wm. Brown,
Superintendent.

The Honourable
the Colonial Secretary.

Colonial Secretary's Office, Auckland,
14th May, 1855.

SIR,—I have the honour to acknowledge the receipt of your Honor's letter of the 10th inst., transmitting a copy of a resolution, (No. 25) from the Waste Land Board of the Province of Auckland, relative to the difficulty in which they are placed from the absence of all funds necessary to carry out their duties, and suggesting that the General Government might be requested to pay the necessary expenses out of the Land Fund.

In reply, I am directed by His Excellency the Officer administering the Government to state, that the Waste Land Regulations, under which the Board act, contemplate that land will be dealt with; 1st. by the General Government in purchasing it, and then notifying the fact to the Provincial Government; and

2ndly by the Provincial Government, after such notification, in such manner as may be required, before declaring the land open to settlement. Of course, the Officers employed for the performance of the respective duties can only be properly appointed by the respective Governments,—indeed the power of the General Government does not extend beyond the time when the notification referred to is given, any more than the power of the Provincial Government can be exercised before that time. It appears, therefore, that the Governor is debarred from interfering in the manner suggested by your Honor in your remarks on the resolution of the Waste Land Board, without exceeding what he is authorized to do.

At the same time His Excellency would not hesitate in taking upon himself responsibility if it were indispensable, in order to avoid great inconvenience and injury to the Province of Auckland, but His Excellency, looking upon the matter as one altogether within the sphere of the Provincial Government, believes that any responsibility which it may be necessary to incur for the public good of that Province would, in this instance, be more properly assumed by yourself.

I have, &c.,
(Signed) ANDREW SINCLAIR,
Colonial Secretary.

His Honor the Superintendent
of Auckland.

Superintendent's Office,
Auckland, May 16th, 1855.

SIR,—I have the honor to acknowledge the receipt of your letter of the 14th inst., in reply to mine of the 10th inst., transmitting a copy of a resolution, (25) of the Waste Land Board, and to inform you that a copy of your letter has been duly transmitted to the Waste Land Board.

With reference to the following observation contained in the second paragraph of your letter, "it appears therefore that the Governor is debarred from interfering in the manner suggested by your Honor in your remarks on the resolution of the Waste Land Board, without exceeding what he is authorized to do."

I have the honor to observe, that although only one appointment in connexion with the Waste Land Board be imperative on the Governor, the Governor's authority to appoint more than one officer is recognised by the 70th section of the Waste Land Regulations,

I have, &c.,
(Signed) Wm. Brown,
Superintendent.

Secretary, Auckland.

RESOLUTION, No. 27.

Referring to his Honor's letter, No. 17,
enclosing copy of a letter from the Colonial

Secretary, upon the subject of the Board's Resolution, No. 25. The Board not clearly understanding whether that letter is to be considered a refusal of the Board's suggestions or not, requests that it may be informed, if his Honor is unable to provide the necessary funds to enable the Board to carry out the regulations, whether the General Government declines to direct the payment of the same out of the Land Fund as suggested by the Board in the before mentioned resolution.

(Signed)

READER WOOD,
Secretary.

Superintendent's Office, Auckland,
May 21, 1855.

SIR,—I have the honor to enclose herewith a copy of a resolution, (No. 27), adopted by the Waste Land Board, by which it appears that the Board are in doubt as to the definite meaning of your letter, dated 14th inst., in reference to their suggestion that the necessary expenses of the Board should be paid by the General Government out of the Land Fund.

I have, &c.,

(Signed),

WM. BROWN,
Superintendent.

The Honorable the
Colonial Secretary.

Superintendent's Office,
Auckland, June 11, 1855.

SIR—In reference to my letter of the 21st ult., transmitting a copy of a resolution, (No. 27) adopted by the Waste Land Board, by which it appears that the Board are in doubt as to the definite meaning of your letter dated May 14th, in reference to their suggestion that the necessary expenses of the Board should be paid by the General Government out of the Land Fund, and to which no reply has been yet received: I have the honour to represent the serious injury that is being entailed upon the Province through the withholding means for payment of the expenses requisite for the laying out and sale or occupation of the Waste Lands which have been placed at the disposal of the Board, and through the consequent stoppage, almost complete, of the Provincial Land Sales.

I feel it my duty to point out what I believe to be a misapprehension on the part of the General Government in supposing that the Provincial Government is bound to provide the funds required for laying out Waste Lands of the Crown, or for defraying other expenses incident to the collection of the revenue derived from the disposal of such land; on referring to the Waste Lands Act of the General Assembly, by which the Government is empowered to issue and put in force regulations for the sale and disposal of waste lands, if recommended by the Superintendent and Council of the Province, I find it nowhere stated that the necessary expenses shall be defrayed by the Province; and it is certainly not contemplated

by that act that the land sales, in default of expenses being defrayed by the Province should be put a stop to.

But on referring to the 62nd section of the Constitution Act, I find that the Government is not only authorised but required to pay out of the revenue arising "from the disposal of the waste lands of the Crown, all the costs, charges, and expenses incident to the collection, management, and receipt thereof."

And indeed, were it not for this enactment, the Superintendent and the Provincial Council of Auckland, the former by refusing to recommend provision for the specific service in question, the latter by refusing supplies for such service, if recommended, would severally be able to put a stop to the Auckland land sales, to the injury of the other Provinces, from whose land fund larger contributions to the general expenditure would be then required; and also to the risk of being accused by the New Zealand Company of attempting to evade payment of the debt, instead of endeavouring to obtain release from it by legitimate and open means.

Although the resolution of the Waste Land Board transmitted with my letter of the 21st ult. be a Colonial as well as a Provincial question, I confine myself to the latter view of the subject, in making it my urgent request, for the sake of the advancement of the Province, that the expenses incident to the management of the Waste lands of the Crown, as provided for by section 62 of the Constitution Act, may be provided for by the General Government, and in making this request I would take occasion to observe that in my own endeavours to revive the Provincial Land Sales, I have gone even beyond what I was under obligation to do, by placing upon the estimates submitted by me to the Provincial Council, the sum that would be required to defray expenses incident to the working of the Waste Land Board, which the Province is in no wise called upon to pay.

Allow me, Sir, to express my trust that the General Government will meet the question in a similar spirit. You are aware that no appropriation to the service of the Waste Land Board has been made by the Provincial Council, and that my own power of operation exceedingly limited, under the regulations is rendered almost null; you are aware that the present dependence of the Waste Land Board for effective action is upon the compliance of the General Government with their request for means to work with, while it is manifest to all that unless the land sales be speedily and actively revived, bitter disappointment to immigrants, and a period of general stagnation must supervene.

I have the honor, &c.,

WM. BROWN,
Superintendent.

To the Honorable the
Colonial Secretary.

Colonial Secretary's Office, Auckland,
12th June, 1855.

SIR,—With reference to your Honor's letter of the 21st ultimo, transmitting copy of a Resolution of the Auckland Waste Land Board (No. 27) by which it appears the Board are in doubt as to the definite meaning of my letter of the 14th ult. in reference to their suggestions that the necessary expenses of the Land Board should be paid by the General Government, I am directed by his Excellency the Officer administering the Government to state the Board was informed in that letter, through your Honour, that His Excellency could not interfere without exceeding his authority, although he would take upon himself the responsibility of doing so if it were indispensable. His Excellency, however, believed it was not so, as your Honour had it in your power to take upon yourself a similar responsibility, which responsibility was more within your sphere than within that of His Excellency.

I have, &c.,

(Signed) ANDREW SINCLAIR,
Colonial Secretary.

His Honor the Superintendent
of Auckland,
Auckland.

NOTICE.

DENOMINATIONAL SCHOOLS FOR THE CHILDREN OF EUROPEANS.

WHEREAS the Select Committee of the Provincial Council appointed to report on the subject of Education, recommended that pecuniary assistance should be given out of the Provincial funds to such of the Denominational Schools for the Education of Children of European origin (as might require the same) and that the funds to be appropriated for that purpose should be distributed amongst the several religious Bodies maintaining such Schools, in proportion to the number of pupils attending thereof respectively, such numbers to be ascertained by Quarterly Returns to be transmitted to the Superintendent by the respective Clergymen having the superintendence of such Schools; and whereas the sum of £1000 was on such recommendation appropriated to such purpose by the Local Legislature of the Province, and applications have been lately made to the Superintendent, on behalf of certain of the said Schools, for assistance out of the funds so set apart: Notice is hereby given that applications for such assistance, together with the necessary Quarterly Returns above mentioned for the Quarters ending 31st day of March and the 30th day of June of the present year respectively, giving the names and numbers of pupils in attendance during every week in each quarter, will be received at this Office on or before the 7th day of the month of July next ensuing.

Superintendent's Office, Auckland,
20th June, 1855.

AN error of the press having been discovered in the date from which it was declared that the Rules and Regulations touching and concerning Public Slaughter Houses, should take effect and be in force; namely, the "fifty" day of June, in place of the "fifth" day of June, one thousand eight hundred and fifty-five; it has been deemed advisable to republish those Regulations, declaring that they shall take effect and be in force from and after the twenty-third day of June, one thousand eight hundred and fifty-five. It will be observed that two additional clauses are added to the republished Regulations.
