100. Foreign and Colonial exhibitors should apply to the Commission, or other Central Authority appointed by the Foreign or Colo-

nial Government, as soon as notice has been given of its appointment.

101. Her Majesty's Commissioners will consider that to be the Central Authority in each case which is stated to be so by the Government of its country, and will only communicate with Exhibitors through such Central Body.

102. No articles of foreign manufacture, to whomsoever they may belong, or wheresoever they may be, can be admitted for exhibition, *except with the sanction of the Central Authority of the country of which they are the produce.* Her Majesty's Commissioners will ~~communicate to such Central Authority the~~ amount of space which can be allowed to the productions of the country for which it acts, and will also state the further conditions and limitations which may from time to time be decided on with respect to the admission of articles. All articles forwarded by such Central Authority will be admitted, provided they do not require a greater aggregate amount of space than that assigned to the country from which they come; and, provided also, that they do not violate the general conditions and limitations. It will rest with the Central Authority in each country to decide upon the merits of the several articles presented for exhibition, and to take care that those which are sent are such as fairly represent the industry of their fellow countrymen.

103. Separate space will be allotted to each Foreign Country, within which the Commissioners for that country will be at liberty to arrange the productions entrusted to them in such manner as they think best, subject to the condition that all Machinery shall be exhibited in the portion of the Building specially devoted to that purpose, and all Pictures in the Fine Art Galleries, and to the observance of any general rules that may be laid down by Her Majesty's Commissioners for public convenience.

104. By arrangements made with Her Majesty's Government, all Foreign or Colonial Goods intended for exhibition, sent and addressed in accordance with the Regulations laid down by Her Majesty's Commissioners of Customs, as set forth in Article 108, will be admitted in to the country, and allowed to be transmitted to the Exhibition Building without being previously opened, and without payment of any duty. But all Goods which shall not be re-exported at the termination of the Exhibition will be charged with the proper duties, under the ordinary Customs Regulations.

106. Every article sent separately, and every package, must be legibly marked with the name of the foreign country or colony of which it is the produce or manufacture, and, as far as practicable, with the name of the exhibitor or exhibitors.

107. The following is the Form of Address which should be adopted:—

*To The Commissioners for the Exhibition of 1862.*  
BUILDING, SOUTH KENSINGTON, LONDON.  
From [state Country and Exhibitor's name.]

To prevent loss, miscarriage, or mislaying, articles or packing cases containing them, which

occupy less bulk than two cubic feet, should not be sent separately, but packages under such size containing, as far as possible, the same classes of articles, should be transmitted in combination.

108. Her Majesty's Commissioners of Customs have laid down the following regulations upon the importation of goods intended for the Exhibition:—

*a.* All packages containing goods intended for the International Exhibition of 1862 shall be specially reported as such, and shall be addressed to the Commissioners of the International Exhibition, or to one of their officers, and be consigned to a duly accredited agent, and shall be accompanied with a specification of their contents and value. They shall be separately entered as intended for the International Exhibition, and the agents in passing their entries shall specify the full contents of the packages, together with the value.

*b.* Such packages as may be landed in London shall be forwarded unopened to the Exhibition in charge of an approved licensed carman, accompanied by a cart note from the landing officer, giving a description of the packages and the marks and numbers thereon; and in cases where there may be reason to suppose they contain other goods than those for the Exhibition, they shall also be accompanied by a revenue officer.

*c.* Packages landed at the out-ports shall be forwarded with a similar note by railway or other public conveyance, under seals of office, direct to the Exhibition, the officers at the respective ports taking care that the packages bear no private address, and that the documents relating thereto be immediately forwarded to the proper officers of Her Majesty's Customs stationed at the Exhibition.

*d.* On the arrival of the goods at the Exhibition, no package shall be opened without the knowledge and consent of the officer of Customs, and if the goods be found to agree with the entry or specification, they will, if free, be at once considered as out of charge of the Customs, the entry or declaration being deemed sufficient for all statistical purposes.

*e.* In the case of all dutiable goods, an account will be taken by the officers of the Crown at the time of the first opening of the packages, but such deficiencies as may occur within the building from any legitimate or unavoidable cause, the officers being fully satisfied thereof, shall not be charged with duty.

*f.* That the building be considered, for all practical purposes, a "bonded warehouse;" and that in all cases where dutiable goods shall not be exported, but retained for use in this country, the duty shall be assessed by the officer in charge at the building (and received in the Exhibition by a clerk duly appointed for the purpose), in accordance with the practice now existing in regard to articles found in "passengers' baggage."

*g.* In the case of dutiable goods for exportation, an entry shall be passed in the Long Room, and bond given for their due

exportation; and on the receipt of this entry by the officer in charge of the building the goods shall be packed in his presence, and, if for shipment at an out-port, placed under seal, and forwarded in charge to a railway or other public company; but if for shipment at London they shall then be sent in charge of Customs officers, at the expense of the exporter, to be delivered into the charge of the searcher of the station from which they are to be shipped, without further examination, under the regulations applicable to goods shipped direct from the warehouse.

109. It is not the intention of Her Majesty's Commissioners to take any steps in reference to the protection of Inventions or Designs, by Patent of Registration, the law on these points having been materially simplified since 1851.

#### DECISIONS SPECIALLY APPLICABLE TO

##### SECTION IV.—MODERN FINE ARTS.

Class 37. Architecture.

" 38. Paintings in Oil and Water Colours and Drawings.

" 39. Sculpture, Models, Die-sinking and Intaglios.

" 40. Engravings and Etchings.

110. The object of the Exhibition being to illustrate the progress and present condition of *Modern Art*, each country will decide the period of Art which in its own case will best attain that end.

111. The Exhibition of British Art in this Section will include the works of artists alive on or subsequent to the 1st of May 1762.

112. It is not proposed to award PRIZES in this Section.

113. PRICES will not be allowed to be affixed to any work of Art exhibited in this Section.

114. One half of the space to be allotted to Section IV. will be given to Foreign Countries, and one half will be reserved for the works of British and Colonial Artists.

115. The subdivision of the space allotted to Foreign Countries will be made, after consideration of the demands received from the Commission, or other Central Authority, of each Foreign Country. It is, therefore, important that these demands should be transmitted to Her Majesty's Commissioners at the earliest possible date.

116. The arrangement of the Works of Art within the space allotted to each Foreign Country will be entirely under the control of the accredited representatives of that country, subject only to the necessary general regulations.

117. For the purposes of the Catalogue, it will be necessary that the Central Authority of each Foreign Country should furnish Her Majesty's Commissioners, on or before the 1st of January 1862, with a description of the several Works of Art which will be sent for exhibition, specifying in each case, the name of the artist, the title of the work, and (when possible) the date of its production.

118. The space at the disposal of Her Majesty's Commissioners for the display of British Art being limited, and it being at the same time desirable to bring together as careful

and perfect an illustration as possible, a selection of the works to be exhibited will be indispensable.

119. The selection of Exhibitors, the space and number of works to be allowed to each, and the arrangement of them will be entrusted to Committees to be nominated by Her Majesty's Commissioners.

120. In the case of living artists, Her Majesty's Commissioners would desire to consult the wishes of the artists themselves as to the particular works by which they would prefer to be represented. The selection of works so made by the artists will not necessarily be binding upon Her Majesty's Commissioners, but in no case will any work by a living artist be exhibited against his wish, if expressed in writing, and delivered to the Commissioners on or before the 31st of March, 1862.

121. Her Majesty's Commissioners will avail themselves of the following eight Art Institutions of this country in communicating with artists who are members of those Institutions, viz. :—

- The Royal Academy,
- The Royal Scottish Academy,
- The Royal Hibernian Academy,
- The Society of Painters in Water Colours,
- The Society of British Artists,
- The New Society of Painters in Water Colours,
- The Institute of British Artists,
- The Institute of British Architects.

122. Intending Exhibitors in the British Division of Section IV., who are not members of any of the preceding Institutions, may at once receive Forms of Demand for Space, by applying to the Secretary to Her Majesty's Commissioners. These Forms must be filled up and returned before the 1st of June 1861.

By Order.

Secretary.

(Applicable to all the preceding Contracts.)

Samples of the various articles to be supplied will have to be submitted for inspection if required.

The Contractors for supplies will be required to deliver the same from time to time at such places, and in such quantities, as may be indicated by the Superintendent.

The Contractors for the performance of any work or service will be required to perform the same, as it may be ordered for the Provincial Government by some officer authorized by the Superintendent in that behalf.

The Government does not bind itself to accept the lowest or any of the tenders sent in.

Any of the contracts may be annulled upon the expiration of one calendar month's notice, in writing, of an intention to discontinue the same, to be given by the contractor on the one part, or by the Superintendent, or by some person authorized by him, on behalf of the Provincial Government, on the other part.

Payment for any of the above supplies, works, or services will be made monthly, after the bills have been rendered in a complete state by the Contractor, and passed.

Tenders to be sealed and endorsed "Tender for (name of article or service)."

In the event of a difference of opinion between the Contractor and the Officer receiving the supplies, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the Government. If the Board shall decide that the article is not of a proper quality, it must be immediately replaced by the Contractor, failing which it will be procured by the department requiring it, and the expense charged to the Contractor.

In cases where the article is of a perishable nature, or in which, from some other cause, ~~injury would be sustained by waiting for a~~ Board of Survey, the head of the department, or officer in charge, for whom the supplies are to be received, shall have power to reject any article of a quality inferior to the approved sample, and to purchase others at the expense of the Contractor.

In the event of the Contractor for the performance of any work or service being dissatisfied with the decision of the officer in condemning the same, the Superintendent will, upon the written request of the Contractor, made immediately after such decision, and the Superintendent may also, at any time, without such request, summon a Board of Survey to examine any work; and if such Board of Survey shall declare any such work to be inferior in quality to the work contracted for, or otherwise improperly done, the Contractor, upon notice thereof, shall immediately replace such work by other, satisfactory to the Board of Survey; and in default thereof, the Superintendent, or some officer authorized by him in that behalf, is hereby authorized to procure such work to be replaced in any manner he may think fit, and the Contractor shall bear and pay to the Provincial Government all costs, charges, and expenses attendant thereon, as well as any excess of price for the same, together with a sum of money, by way of penalty, equal to one-fourth of such costs, charges, and expenses, and excess of price, all which are hereby made chargeable on any sum which may be due from the Provincial Government to the Contractor.

The tenders (forms of which may be obtained at this Office) to contain the names and places of residence, at length, of the persons tendering, and to be signed by two respectable sureties, engaging to become bound in a penalty of £100 for the fulfilment of the contract if the tender be accepted, and no tenders will be received unless upon such forms.

All contract bonds must be signed by the contractor and his sureties before the date of entering upon the contracts.

No person whatever holding any situation of profit or emolument under Her Majesty's

Government of New Zealand, or under the Government of this Province, shall be a party, directly or indirectly, to any Contract.

J. WILLIAMSON,  
Superintendent.
