[No. 52.]

PROCLAMATION.

By JOHN WILLIAMSON, Esquire,
Superintendent of the Province of Auckland, in the Colony of New Zealand.

WHEREAS, by the third section of an Act of the General Assembly of New Zealand, intituled "The Gold Fields Act, 1866," it is enacted that it shall be lawful for the Governor from time to time, by Proclamation, to constitute and appoint any portion of the Colony to be a Gold Field under the provisions of the said Act; and the limits of such Gold Field, from time to time, to alter as occasion may require, and also, if he shall see fit, to make the Proclamation by which such Gold Field shall have been constituted; and whereas, under the provisions of the said Act, the said power so conferred upon the Governor has been duly delegated to me, John Williamson, as Superintendent of the Province of Auckland; and whereas, on the 17th day of August last, I did, by Proclamation in the *Provincial Gazette*, constitute and appoint a block of land at Kauwaeranga to be a Gold Field, the boundaries whereof were set forth and defined in the said Proclamation; and whereas it is expedient that the said Proclamation should be revoked, and the boundaries of the said Gold Field should be extended; Now therefore I, John Williamson, Superintendent of the Province of Auckland, do hereby revoke the said Proclamation, and do hereby constitute and appoint all that block of land

in the district of Hauraki, in the Province of Auckland, hereinafter described, to be a Gold Field, under the provisions of the said Act, that is to say,—

All that block of land commencing on the north at Tuapo, on the shore of the Hauraki Gulf, thence by a survey line to the summit of Ruahine, thence by a survey line, cut along the ridge, to the summit of Hauturu, thence by a survey line along the range dividing the rivers Manaia and Waikawau to Pongawhakauro, thence to the source of the river Waikawau, thence along the water-shed range between the Hauraki gulf and East Coast to the source of the river Kauwaeranga, or Waiwhakaurunga, thence to the source of the river Hibi, thence to the source of the river Kirikikiri, thence down that river to the point where it is intersected by a survey line, thence by that line to Pataua, thence by a survey line to Matene's boundary on the river Waiwhakaurunga, thence up the bed of that river to a point to the eastward of Pukemahangarua, thence by a line to the ridge dividing the waters of the Waiwhakaurunga from those of the Mangarehu stream, thence by that ridge to its junction with the main range, thence by the range leading most directly to the source of the Hape stream, thence by a ridge to the source of the Kakarimata stream, thence by that stream to its junction with the river Waiwhakaurunga, thence by that river to its mouth, thence by the sea coast to the point of commencement. Provided always that nothing

herein contained shall be deemed to authorise the mining for gold on, or the occupation of, any reserve which shall have been made for Native cultivation, burial ground, township, or other public purpose, or any reserve which shall hereafter be made for such purposes.

Given under my hand at Auckland, this twentieth day of November, in the year of our Lord One Thousand Eight Hundred and Sixty-seven.

J. WILLIAMSON,
Superintendent.

(Applicable to the preceding Contracts.)

Samples of the various articles to be supplied, will have to be submitted for inspection if required.

The Contractors for supplies will be required to deliver the same from time to time at such places, and in such quantities, as may be directed by the Superintendent.

The Contractors for the performance of any work or service will be required to perform the same, as it may be ordered for

the Provincial Government by some officer authorised by the Superintendent in that behalf.

The Government does not bind itself to accept the lowest or any of the Tenders sent in.

Any of the Contracts may be annulled upon the expiration of one calendar month's notice, in writing, of an intention to discontinue the same, to be given by the Contractor on the one part, or by the Superintendent, or by some person authorised by him, on behalf of the Provincial Government, on the other part.

Payment for any of the above supplies, works, or services will be made monthly, after the bills have been rendered in a complete state by the Contractor, and passed.

Tenders to be sealed and endorsed "Tender for (name of article or service)."

In the event of a difference of opinion between the Contractor and the Officer receiving the supplies, the same is to be decided (in cases where the article is not of a perishable nature), by a Board of Survey, composed of persons named by the Government. If the Board shall decide that the article is not of a proper quality, it must be immediately replaced by the Contractor, failing which it will be procured by the department requiring it, and the expense charged to the Contractor.

In cases where the article is of a perishable nature, or in which, from some other cause, injury would be sustained by waiting for a Board of Survey, the head of the department, or officer in charge, for whom the supplies are to be received, shall have power to reject any article of a quality inferior to the approved sample, and to purchase others at the expense of the Contractor.

In the event of the Contractor for the performance of any work or service being dissatisfied with the decision of the officer in condemning the same, the Superintendent will, upon the written request of the Contractor, made immediately after such decision, and the Superintendent may also, at any time, without such request, summon a Board of Survey to examine any work; and if such Board of Survey shall declare any such work to be inferior in quality, to the work contracted for, or otherwise improperly done, the Contractor, upon notice thereof, shall immediately replace such work by other, satisfactory to the Board of Survey; and in default thereof, the Superintendent, or some officer authorised by him in that behalf, is hereby authorised to procure such work to be replaced in any manner as he may think fit, and the Contractor shall bear and pay to the Provincial Government all costs, charges, and expences attendant thereon, as well as any excess of price for the same, together with a sum of money, by way of penalty, equal to one-fourth of such costs, charges, and expenses, and excess of price, all of which are hereby made chargeable on any

sum which may be due from the Provincial Government to the Contractor.

The tenders (forms of which may be obtained at this office) to contain the names and places of residence, at length, of the persons tendering, and to be signed by two respectable sureties, engaging to become bound in a penalty of £100 for the fulfilment of the Contract if the Tender be accepted, and no Tenders will be received unless upon such forms.

All Contract Bonds must be signed by the contractor and his sureties before the date of entering upon the Contracts.

No person whatever holding any situation of profit or emolument under Her Majesty's Government of New Zealand, or under the Government of this Province, shall be a party directly, or indirectly, to any Contract.
