NOTICE TO MARINERS.

ALTERATION OF LIGHTS.

MIDDLE CHANNEL, MORETON BAY.

IN consequence of the changes that have taken place in the Middle Channel, an ALTERATION in the position of the Lower or YELLOW PATCH LIGHT will be made on the 16th of April; the light on and after that date being exhibited from a white hexagonal tower 30 feet high, placed to the northward of the present Yellow Patch Light, and at an elevation of about 46 feet above high-water mark.

On the same date the green light will cease to be exhibited from Comboyuro Point Lighthouse. That light will therefore be obscured, as formerly, between the red light outside the east banks and the white light inside the Inner Middle Channel Buoy.

On and after the 16th instant, therefore, the following will be the directions to be observed by vessels entering the port by the Middle Channel:—

By Day.—After rounding the Cape, steer as formerly, and bring the Cape Moreton and Yellow Patch Lighthouses and the roadway on the slope of the Lighthouse Hill in line. Keep these objects on, bearing about E. $\frac{1}{4}$ S., until the Inner Middle Channel Buoy is passed, and the Ship Patch is opened out to the westward of Cowan Cowan Point, then proceed towards Yule Roads, keeping these marks open as usual.

By Night.—After rounding the North Point and sighting the red light on Comboyuro Point, steer for it until the Lighthouse and Yellow Patch lights are in line. Steer about W. $\frac{1}{4}$ N., keeping the lights in line, until the red light is obscured and again opened out as a bright white light on a S. S. E. bearing, when haul up and steer

south, making due allowance for tide, until the light on Cowan Cowan is opened out, when proceed up the bay as formerly, the Cowan Cowan light in sight, leading clear of the western edge of the Venus Bank.

These directions will lead over the East Bank, and to the northward of the Knoll, in not less than three fathoms at low water.
