Regulations for Water Rights.

Colonial Secretary's Office,
Wellington, 8th December, 1875.

THE following Regulations for Water Rights in the Province of Auckland, recommended by his Honor the Superintendent and Commissioner of Crown Lands of that province, and approved by his Excellency the Governor, are published for general information.

DANIEL POLLEN.

Regulations for granting Water Rights, under Part 7, Section 73, of "The Auckland Waste Lands Act, 1874."

(1.) The words "water right" shall be understood to mean and include the right to take, divert, or use any water flowing in, through, over, or along any Crown Lands, or in, through, over, or along any lands of any person applying hereunder for such right, for the purpose of forming any dam, reservoir, lead, or flume, and any embankment in connection therewith.

(2.) Every Water right under part 7, section 73, of "The Auckland Waste Lands Act, 1874," shall be granted for a period to be so fixed in the grant not exceeding twenty-one years, subject nevertheless to the determination thereof, as in manner herein-after provided.

(3.) Every grant of such Water right shall be subject to the reservation of a certain sum of money annually, by way of rent; the amount of such rent, and the time and manner of payment thereof, to be fixed by the Superintendent, and to be specified in the grant.

(4.) Every person to whom any Water right shall hereafter be granted for any of the purposes contained in the said section of the said Act, shall build or construct securely, safely, and in a proper and workmanlike manner, any dams, reservoirs, leads, flumes, embankments, or other works constructed under the authority of such Water right, and shall keep and maintain the same in a proper state of repair.

(5.) It shall be lawful, in every case where the

land over which the water flows concerning which any Water right as aforesaid is sought, or the land surrounding or contiguous to such water is not the property of the Crown, for the Superintendent, or any person appointed by him, at all reasonable times, to enter upon such lands as aforesaid, and view the state of repairs of all dams, reservoirs, leads, flumes, embankments, or other works constructed under the authority of any such Water right thereupon, and to transmit or deliver to the grantee, or his assigns or agents, or leave at his or their place of abode, a notice in writing of any defect, requiring him or them, within a reasonable time, to be therein prescribed, to repair or make good the same.

(6.) It shall be lawful for the Superintendent, at any time whatsoever during the term of the grant, upon breach of any condition contained in the grant or these regulations to be observed by any grantee, forthwith to determine the said right, for whatever purpose granted, by serving a written notice to that effect, signed by him, upon the grantee, any provision contained in regulation number six to the contrary notwithstanding.

(7.) All notices required by these regulations to be delivered to the grantee or his assigns or agents shall be deemed to be sufficiently served by posting the same on any part of the ground over which the Water right in respect of which such notices may be given shall be or shall have been exercised.

(8.) And any such person as aforesaid, upon the determination by effluxion of time or otherwise of such Water right, or upon his ceasing to exercise such Water right, shall leave all such dams, reservoirs, leads, flumes, embankments, or other works in such state or condition as the Waste Lands

Commissioner shall, for the safety of life or property or otherwise in the public interest, require and direct.

(9.) Every such right as aforesaid may be determined by the Superintendent at any time by giving the grantee six months' notice to that effect, and payment of compensation to be fixed by arbitration.

(10.) The foregoing regulation shall apply with equal force in the case respectively where the water to or over which any right as aforesaid shall be sought lies in or between or adjoining or flows through or over any land possessed by the Crown or any applicant.

(11.) The applicant for any such right shall pay to the Commissioner of Crown Lands, on application, the sum of five (5) pounds to cover the cost of preparing the grant. If the application is not granted, the said sum will be returned to him; but if the application is granted, the said fee will be retained and paid to the Receiver of Land Revenue for the time being, as directed by Section 11 Part II of the Act.

(12.) Every person desirous of obtaining a water right under these regulations shall make written application for the same to the Superintendent, and as soon thereafter as conveniently may be, notice of such application shall be given to every owner or occupier of land affected thereby, and no water right shall be granted until such notice shall have been duly given as aforesaid.

(13.) Every such notice of application shall be given by the applicant in writing, and shall be served upon every owner or occupier as aforesaid personally, or by leaving the same at his last-known place of abode or business.
