Provincial Secretary.

VOL VI.]

THURSDAY, JANUARY 20, 1859.

[No. I.

Provincial Secretary's Office,
Christchurch, January 5th, 1859.

THE following regulations for the offices of Inspector of Sheep and Registrar of Brands, issued by his Honor the Superintendent with the advice of the Executive Council, are published for general information.

JOHN OLLIVIER,
Provincial Secretary.

REGULATIONS FOR THE OFFICE OF
INSPECTOR OF SHEEP.

1. The inspector will keep at least one horse in good travelling condition.
2. He will, unless otherwise instructed by the Government or prevented by attendance on official duties elsewhere, be constantly engaged in travelling from station to station for the purpose of ascertaining the condition, in reference to disease, of all the sheep within his district.
3. He will so arrange his proceedings as to visit all the stations within his district

once in every 3 months, and to make the round of the whole of them as frequently as practicable. Should, however, any information reach the inspector rendering it desirable that the sheep on a particular station should be inspected without delay, he will at once proceed to the station, and not wait until he should come to it in the ordinary course.

4. Whenever the inspector may think it necessary for the purpose of satisfying himself as to the condition of any sheep that the same should be yarded, he will, under the authority of Section 28 of the Ordinance, call upon the owner to yard them accordingly. He will also require from the owner the declaration specified in Section 10 of the Ordinance.

5. The inspector will, in every instance in which he finds the law to have been infringed, either in the case of diseased sheep or of sheep not branded as required, or of brands not registered, take the necessary steps for enforcing the penalties against the offenders.

6. When any sheep shall have been pronounced by the inspector to be diseased, it will be the duty of the inspector to examine and report upon their condition once in every three months until he shall certify that they are perfectly clean.

7. The inspector shall, as speedily as possible, forward to the Provincial Secretary a copy of every certificate given by him, in order that a notification may appear in the 'Government Gazette' within one month after it has been given. The same rule must be observed with regard to declarations received by him under sections 10, 12, 17 and 20 of the Ordinance.

8. The inspector will cause notice to be circulated of the place or places at which he will be prepared to examine sheep about to be introduced into the province by land. He is not bound to examine them at any spot which may be selected by the owners themselves; and he will refuse to grant a certificate unless such facilities are afforded to him as will enable him to pronounce decisively as to the condition of the sheep.

9. The inspector will keep a daily journal of his proceedings, comprising an account of the stations visited by him, with particulars of the number, state, &c. of the sheep infected, and of any proceeding he may have taken thereon.

10. He will furnish a copy of this journal every month to the Provincial Secretary.

11. He will also furnish a return monthly to the Provincial Secretary in the form A hereto annexed, which return shall be forthwith published in the 'Government Gazette.'

12. The inspector will also make a special return in the form B hereto annexed every three months to the Provincial Secretary for publication in the 'Government Gazette,' of all diseased flocks within his district.

REGULATIONS TO APPLY TO THE INSPECTION OF SHEEP IMPORTED BY SEA.

13. The inspector appointed to inspect imported sheep shall, immediately upon the arrival of any vessel with sheep on board, proceed to examine them on board.

14. If the sheep should prove to be clean, and after the declaration required by the 17th section of the Ordinance shall have been made, he shall give the requisite certificate.

15. In every case where the owner is liable to penalties under the Ordinance, the inspector shall take the necessary steps for enforcing them.

16. The inspector shall, on the arrival of every ship, make a return to the Government of the number and condition of the stock landed.

REGULATIONS FOR THE OFFICE OF REGISTRAR OF BRANDS.

1. The Registrar of Brands shall keep an office in Christchurch for the registration of brands.

2. The original brand, or an accurate copy or impression thereof, must be produced at the office, and a copy shall be entered in the book kept for that purpose. The person registering the brand must attest the correctness of the copy in the registrar's book, and no brand shall be deemed to be registered until such attestation as aforesaid has been duly made.

3. For every registration of a brand the registrar shall charge a fee of two shillings and sixpence.

4. The registration book may be inspected during office hours by any person on payment of a fee of one shilling.

5. The registrar will refuse to register any brand so nearly resembling a brand already registered, as not to be easily distinguishable therefrom.
