Hand Sawyers, Wood Cutters, &c.

1. Applications for Timber Licenses shall be made at the Land Office, Invercargill.
2. Each application shall state the particular purpose for which the license is required, and the reserve in which the timber is to be cut, and on its being granted by the Waste Lands Board, the applicant shall immediately pay the prescribed fees to the Receiver of Land Revenue and obtain a license.
3. The area granted by such license shall be confined to the bush named in application, the locality and extent being fixed by the Board, and shall extend only to lands of the Crown which have been or hereafter may be, appropriated for "Timber Reserves" in accordance with the provisions of "The Southland Waste Lands Act, 1865, Amendment Act, 1867" and licensed person cutting timber beyond the limit of his license will be considered as unlicensed and prosecuted accordingly.
4. A fee of ten shillings per month, shall be charged for each person, whether felling, cutting, sawing, splitting, or drawing timber. A fee of five pounds shall be charged for a license for twelve months. An annual fee of two pounds shall be paid, by any settlers cutting timber, or for each bona fide servant in their employment, for the improvement of land in their own occupation, or firewood for domestic use, but not for sale.
5. Every holder of a license to cut timber must exhibit such license to the officer, appointed in that behalf whenever he may be called on to do so; and on his refusal, will be considered as unlicensed and prosecuted accordingly.
6. The Commissioner of Crown Lands may cause to be seized all cut timber lying on Crown Lands which he may have cause to believe has been cut by an unlicensed person; but in case a right to such timber shall be asserted within fourteen days after the notice hereafter mentioned, and shall be established to the satisfaction of the Commissioner of Crown Lands, or officer seizing the same, it shall be restored to the claimant.

7. All timber, when seized, shall be marked with the broad arrow, and after due notice of the seizure thereof in writing, to be posted up in the Land Office, or at the Police Station in the district, where such seizure was made, shall, in case no claimant shall appear and establish his claim within fourteen days therefrom, be sold in such manner and subject to such conditions as the Waste Land Board may direct.

8. All timber cut under a yearly license must be removed within six weeks after the expiration of the license, and under a monthly license within one fortnight, otherwise it may be declared forfeited, seized, and sold on behalf of the Crown.

9. The proceeds of the sale of timber so seized are to be accounted for and paid over to the Receiver of Land Revenue.

10. If any person duly licensed shall have established a saw-pit for the purpose of sawing timber, no other person shall cut timber within one hundred yards of such pit without consent of the person first occupying such saw-pit: Provided that if the person establishing such pit shall not use the same, and shall not cut timber within such distance as aforesaid from the pit for twenty-eight consecutive days, it shall be lawful for any other holder of a license to enter thereupon, and to cut timber as though such pit had not been established; or if such person should only cut timber to such extent within the twenty-eight days as would appear to the Board to be done merely for the purpose of excluding others, and not utilising the forest, the Board may in such case cancel the license.

11. If any license holder shall, for the purpose of removing timber, have made a tramway or road upon land being Waste Lands of the Crown, and not being a Highway, it shall not be lawful for any other person to use the same without permission of the person making the same first obtained: Provided that if such road shall not be used at any time for ninety consecutive days, it shall be lawful for any holder of a license at any time thereafter to use the same: Provided also that, as regards tramways, the Board reserves to itself the power of deciding on the merits of each case as it arises.

16. The area within which exclusive right to cut timber shall be granted for the erection of any saw mill shall (should the size of the bush permit) be estimated at ten acres for each horse-power of the engine, with a reserve for four years' cutting inclusive of the first year, in similar proportion to the first year's grant; and as regards shape and frontage lines, shall be subject to the provisions of the 30th and 31st and 32nd Clauses of "The Southland Waste Lands Act 1865."

17. Within fourteen days the Waste Land Board shall determine whether such application shall forthwith deposit with the Treasurer of the Waste Lands Board the amount of survey fees, the one-half to be credited to the first quarter's rent.

18. Within ninety days from such payment, the Chief Surveyor shall cause the application to be surveyed and its boundary lines cut. The survey to be conducted every respect in accordance with Survey Regulations in force at the time, shall on its completion be submitted to the Waste Lands Board, and if approved, the applicant shall after such approval pay to the Receiver of Land Revenue whatever rent may be due, upon which he shall receive a license conferring on him the exclusive right of cutting timber over the said application.

19. The fee chargeable under every such license shall be at the rate of threepence (3d) for every hundred superficial feet cut during the term of the license, and shall be paid monthly. Provided that if any rent due remain unpaid for more than six days, the license by this Act shall be deemed cancelled, and the bush open for application, without any notice being given to the original licensee.

20. A fee of five pounds shall be paid to the Receiver of Land Revenue on the transfer of such license.

21. Every such license shall be drawn so as to terminate on the 31st day of December in each year, and may be renewed, on the original terms and conditions from year to year. Provided that before the issue of any renewed license the lessee shall produce a certificate from the Ranger, or other person duly appointed by the Waste Lands Board on that behalf.

- (1). That the timber has been cut fairly, and that all available for sawing purposes had been used.
- (2). That no trees or sapplings not required for the purposes of the mill have been injured or destroyed by the act of or by the neglect of the lessee or his servants, and that none of the provisions of "The Southland Waste Lands Act, 1865," and the "Amendment Act, 1867," or the bye-laws of the Waste Lands Board have been violated.
- (3). And if it shall appear that these regulations have not been complied with, or that any wrongful acts have been done by the lessee, then the Waste Lands Board shall appoint a valuator to ascertain and assess the amount of damage which the forest, whether under license or not, may have sustained by such wrongful acts; and no new license shall be granted until the amount of damage so assessed shall have been paid, in addition to the sum due by way of rent and expenses of valuation.

22. The licensee shall keep a production book, showing the number of superficial feet passing through the saw mill each day and exhibit the same on demand of any person authorised by the Waste Lands Board, and shall furnish a correct copy of it to the Board, monthly, the first or second Board day in the succeeding month, in the form prescribed in the schedule, the penalty for omitting to make, or making a false return, being forfeiture of the license and a penalty of five pounds.

23. Holders of a license to give all information whatsoever as to boundaries, position of cutting, &c., that may be required by the Ranger, or any person authorised by the Commissioner of Crown Lands.

General Regulations.

24. No person to cut down or otherwise injure any trees not required by him for the purpose of his business; and if it shall appear to the Ranger that any of the regulations have been infringed, he shall immediately give notice of the same at the office of the Waste Lands Board, and shall temporarily suspend the license of the party offending; and if the Commisiners shall judge that such infringement has been wilful, then the license shall be forfeited, and it shall be at the discretion of the Board to refuse to allow the issue of another license to the same person or persons.

25. Any person who shall cut timber without a license, or who shall continue to saw or cut timber after any quarterly payment shall have become due and shall not be paid, or after the Ranger, by reason of any alleged breach of these regulations, shall have given him notice to discontinue cutting, shall be treated as an unlicensed trespasser.

26. Where the terms "land," "bush," or "bush land" are used in the foregoing regulations, the bush or timber only is meant.

27. A penalty not exceeding five pounds will be inflicted for every single breach of the above bye-laws, and summary proceedings will be adopted to recover the same, besides an action at common law to recover the value of forest destroyed by such infringement or otherwise.

WALTER H. PEARSON,
Commissioner of Crown Lands.

MISSING FRIENDS.

INQUIRIES are anxiously made by friends at home for the following persons:—

THOMAS M'NAB, who originally emigrated to America, but returned to London in 1866. There married a woman named Dow, or Dor, and sailed for Australia. From thence, early in 1867 he is supposed to have sailed with a cargo of provisions for New Zealand. He was last heard of at Dunedin, and there spoke about going to South America.

DONALD M'KENZIE, who came originally from Culloden, Inverness, to New Zealand, and has not been heard of by his friends for many years. The undersigned would be thankful for any information respecting these "Missing Friends."
