PORTRAIT OF CAPTAIN COOK.

The following letters are published for general information:—

Dunedin, 12th January, 1876.

His Honor James Macandrew, Esq., Superintendent of Otago.

DEAR SIR,—With your kind permission, I do myself the pleasure to present to your Honor, on behalf of the Province, a portrait of Captain Cook, which I got painted on purpose when I was in London last year.

The original of this picture was painted by Nathaniel Dance, R.A., a rather celebrated London artist of the last century, for Sir Joseph Banks, from sittings given by Captain Cook before sailing on his last voyage, and was bequeathed by Sir Joseph Banks to the nation. It is now kept in the Naval Gallery at Greenwich, where I had it copied under special leave from the Lords of the Admiralty and by an artist (Mr. B. S. Marks, of 40, Fitzroy Square), nominated by the Curator of the National Pictures. The copy is an exact reproduction of the original in every respect, and I hope the Province will deem it worthy to be hung in their Historical Gallery.

I am, dear Sir,
Yours truly,
J. RATTRAY.

Superintendent's Office,
Dunedin, 13th January, 1876.

James Rattray, Esq., Dunedin.

DEAR SIR,—On behalf of the Province of Otago, I have much pleasure in accepting the valuable portrait of Captain Cook—a gift which reflects credit alike on your generosity and good taste, and which I feel assured will be highly prized by the people to whom it has been presented. The probability is that there is no other such portrait of the great navigator in the Southern hemisphere.

I propose to place the picture, together with a record of its history, in the new Otago Museum, now in course of erection, as the place where it will be most accessible to all. In the meantime it will be placed along with the Pilgrim Father of the Province in the Provincial Council Hall. As to this, however, I shall like to be guided by your wishes on the subject.

I have the honor to be,
Yours faithfully,
J. MACANDREW,
Superintendent of Otago.

Dunedin, 13th January, 1876.

His Honor James Macandrew, Esq., Superintendent of Otago.

DEAR SIR,—I am favored with your handsome letter of this date. The destination you propose for the picture is quite satisfactory to me.

I am, dear Sir,
Yours truly,
J. RATTRAY.

SHEEP INSPECTOR'S REPORT FOR THE YEAR ENDING 30TH SEPTEMBER, 1875.

Sheep Inspector's Department,
Dunedin, December 23rd, 1875.

SIR,—

I have the honor to forward, for the information of the Government, Annual Return of Sheep for the Province of Otago for year ending September 30th, 1875. Owing to the absence of the late Chief Inspector last year, no returns were compiled. I am, therefore, compelled to revert to the returns of 1873 to shew increase or decrease as compared with present return.

Returns for this year shew a total of three millions eight hundred and fifty-two thousand three hundred and ninety-five (3,852,395), being an increase of four hundred and seventy-seven thousand five hundred and sixty-three (477,963) since September, 1873.

Two millions three hundred and sixty thousand eight hundred and ten (2,360,810) are depastured on Runs; one million three hundred and fifty thousand six hundred and twenty-eight (1,350,628) on Freehold; twenty-three thousand nine hundred on Hundreds; one hundred and seventeen thousand and fifty (117,050) on Gold-field Runs.

Since annual return of 1873 a decrease of one hundred and seventy-one thousand nine hundred and forty (171,940) has taken place on Runs, while Freehold for same period shew an increase of five hundred and eighty thousand six hundred and seventy (580,670).

Gold Field Runs for some time shew an increase of seventy-two thousand five hundred and sixty-seven (72,567). Hundreds a decrease of three thousand three hundred and eighty-eight.

The decrease on Runs can be accounted for from the fact that a quantity of country then included in Runs has since become Freehold. That for the last two years all unimproved lands have been stocked up to their full carrying capacity (in some cases overstocked), and that the quantity of land laid down under grass is annually increasing. To cultivation and artificial feeding we must look for our future increase in numbers as well as the greater portion of our fat stock.

The number of Sheep introduced into the Province by sea, since September 1874, has amounted to about eight hundred (800). All Stud Sheep.

By land from Canterbury Province, forty-six thousand five hundred and sixty-seven (46,567) have been introduced during same period. With exception of a small number to Canterbury and other Provinces our exports have been nil.

I am happy to be in a position to report all Sheep in the Province free from disease, nothing of the kind having existed for more than two years, and that an average return of Lambs, together with fair clip, are anticipated for this season.

I beg to attach Annual Reports from the different District Inspectors, shewing state and condition of stock within their respective Districts.

I have the honor to be, Sir,

Your most Obedient Servant,

BENJAMIN P. BAYLY,
Chief Inspector.

The Provincial Secretary, Dunedin.
