New Plymouth, March 4, 1872.

SIR,—I have the honor to forward the  
Annual Returns of Sheep for the Pro-  
vince of Taranaki.

I have still the satisfaction to report that  
the flocks in this Province are entirely free  
from scab, and, when considering that five  
years ago there was only one clean flock  
in the Province, no clean ground available  
to remove the flocks to when dressed, like-  
wise the fences and roots being infested  
with acari, and the numerous small sheep  
owners who would not be at the trouble to  
take care of their sheep until compelled,  
the result obtained shows that the Scab  
Ordinance of 1866, combined with the  
coöperation of the majority of the sheep  
owners, have successfully eradicated the  
scab from the Province.

The increased export of wool, alone  
shows great gain to the Province.

I have further to add that I take the  
precaution to dip (under my own inspection)  
all imported sheep, whether accompanied  
with a clean certificate or not.—I have,  
&c.,

WILLIAM HATELY,  
Chief Sheep Inspector,  
Taranaki.

His Honor the Superintendent,  
Taranaki.
