WILLIAM FOX,  
Chief Land Commissioner.  
Chief Land Commissioner's Office,  
Wellington, 15th April, 1858.

Provincial Secretary's Office,  
Wellington, 2nd April, 1858.

THE following Address delivered by His Honor the Superintendent to the Provincial Council on the 1st April, Instant, is published for general information.

WILLIAM FITZHERBERT,  
*Provincial Secretary.*

## MR. SPEAKER AND GENTLEMEN OF THE PROVINCIAL COUNCIL,

"I beg to acknowledge the receipt of an Address from the Council, and a Copy of an Act passed by the Council, authorising me to form my Executive Council without appointing a Solicitor to the Province, to which I am requested to assent on behalf of his Excellency the Governor.

I regret that I should consider it my duty to refuse to give my assent to this Bill.

The honorable Member for the City, Mr. Wakefield, in his late communications with me has avowed the intention of a majority of the Council to pass an Act to combine in one person the offices of Treasurer and Secretary. The result of such intended Act, coupled with that now under consideration, would be to concentrate in that one person (as far as the requirements of the law would go) the whole of the Responsible officers of the Executive Government, while practically the Superintendent would, in financial and legal matters, be acting on the information and advice of persons not even members of the Council, and in no way responsible to it or to the Constituencies of the Province.

The system of Responsible Government inaugurated by me four years ago, with the full consent, and under legislation, of the Provincial Council, obliged the Superintendent to act by and with the advice of a Secretary, Treasurer, and Solicitor; and by a distinct pledge—by which I then bound myself (analogous to the long established custom which binds the Imperial Government in reference to the same matter)—I made it a necessary condition of ap-

pointment to any of those offices, that the person appointed should be a member of the Council and should, on acceptance of the office, go back to his constituents for re-election. I still consider these conditions essential to the existence of Responsible Government; and that the Act to which my assent is requested, coupled with the intention referred to, of combining the Secretaryship with the Treasury, is substantially destructive of that form of Government.

I cannot avoid perceiving also, that a Secretary supported by a majority of the Council and uncontrolled by the check of any other heads of Departments having a legal and ex-officio position in the Executive, would in practice be the Executive Government, reducing the Superintendent to a mere Registrar of his edicts, a position which I must decline to fill.

I fully recognise the importance of the difference of opinion which exists between the majority of the Council and myself on this occasion, and the responsibility which rests on me in this matter. Although this Act, which proposes a fundamental alteration in the form of Government hitherto adopted in the Province, has been passed in haste, having been carried through all its stages in a single evening, under suspension of the Standing Orders, I can scarcely expect that the majority of the Council will reconsider the subject or retreat from the position it has taken. On the other hand, my own decision rests on a principle, and that one which has formed the basis of the policy on which I have hitherto been elected by the suffrages of the constituencies of the Province.

I feel that I have no right any longer to call upon my present Executive to continue to fill the offices they hold, and to act as my advisers, unsupported as they are by a majority of the Council, and three of them not even possessing seats in that body. Neither will I act in contravention of law and of all my former professions, by exercising the functions of the elected head of the Executive Government without the aid of those official advisers by and with whose advice the existing law requires me to act. I have therefore determined to resign the office of Superintendent, and will by the first opportunity forward my resignation to his Excellency the Governor.

It only remains for me to point out to the Council the expediency of making an immediate appropriation for the public service during the interval which must necessarily elapse before my successor can be elected.

I. E. FEATHERSTON,  
Superintendent.
