## RETURNS FOR MAY, 1869.

The Sheep returned for the year ending May, 1869, by Europeans gives a total of 71,771, and by Natives 5057. The amount of Assessment on the whole is £149 1s. 2d.

There are six flocks still under Scabby report, viz. :—

Major Edwards, Porirua  
 Mrs. M'Manaman, Terawiti  
 Wm. Luxford, Senr., Berhampore  
 Danl. Richards, Porirua  
 J. S. Smith, Wainui, West Coast, and  
 Messrs. A. and J. Wall, Pukurua

The Terawiti flock has much improved since last yearly report, and although under Scabby report at the present time, no appearance of scab has been observed since last shearing time, and there is every prospect of the flock obtaining a clean certificate after this shearing.

The flock of Mr. J. S. Smith will in all probability obtain a clean certificate before the close of the present year, as there has not been any sign of disease amongst the sheep for some time past.

Inspector.
