It will be seen by the above Returns that there are at present five flocks under scabby report, three of which, in all probability, will be pronounced clean in a short time, the certificates only being withheld for reasons as shown in margin.

I find an increase upon last year's Returns of 28,769, making a difference of £59 18s. 8½d. in the assessment in favour of the present year.

There has been an unusual heavy loss sustained throughout the District during the past season, which I believe to be chiefly due to the long drought experienced last autumn, causing great debility in the young sheep particularly; and which, after the first growth of young grass set in, was followed by diarrhœa of a very severe nature, causing a loss as high as fifteen per cent. in many instances.

I am of opinion that a greater variety of grasses should be sown, which would prove to be of great benefit in the event of having to encounter so unfavourable a season again as that experienced in the past.

The increase of lambs has not been equal to that of last year. This I consider is due to the cold and backward spring causing a great scarcity of milk, as well as a heavy loss in the lambs.

ROBERT K. SIMPSON,
Inspector of Sheep.

COMPARATIVE RETURN OF SHEEP IN THE WELLINGTON AND WEST COAST DISTRICT, FOR THE YEARS, 1866 TO 1874, INCLUSIVE.

DATE OF REPORT.	CLEAN.	SCAB.	TOTAL.	REMARKS.

November, 1867	60520	11490	72010	"

October, 1873	79537	...	79537	January Returns.
October, 1874	91010	805	91815	"

The present returns show an increase of 12,278 sheep, as compared with the returns of 1873, and the flocks, generally speaking, are improving.

The severe winter has made considerable havoc in some of the flocks in exposed and wet localities, but in warm and dry high lands the loss has been comparatively small.

During the year a considerable number of shipments of sheep have arrived in Wellington from England, Melbourne, and Sydney for the purpose of improving the flocks, in each case at considerable expense.

Scab has again made its appearance in this district as will be seen by the returns, but it is confined to one locality only in the district, there is not much danger to be apprehended from its spreading, and as the sheep are few in number, and have been well and thoroughly dressed I hope soon to number them with the clean flocks.

R. D. WALLACE,

Inspector of Sheep, Wellington and West Coast District.

Sheep Inspector's Office, Wellington, 31st October, 1874.

Crown Grants.

Crown Lands Office,
Wellington, 6th November, 1874.

THE undermentioned Deeds of Grant having been duly executed, are now ready for delivery at this Office, under the authority of "The Crown Grants Act, 1866."

A fee of sixpence is chargeable on each Crown Grant for every month during which it shall remain in this office after the expiration of three months from the date of this notice.

In cases where it is impossible for the party entitled to receive the Grant to attend in person, it will be delivered to the bearer of an authority, according to the subjoined form certified by a Magistrate, or by a Solicitor of the Supreme Court.

FORM OF AUTHORITY REFERRED TO.

To the Commissioner of Crown Lands, Wellington.

I hereby authorise A. B. of
