SIR,—

Masterton, 30th January, 1875.

I have the honor to forward the Report for the year ending 31st December, 1874. I very much regret that the returns show so many Flocks in this District are infected with Scab.

Owing to the rough nature of many of the Runs, it will be a work of time to stamp out the Disease, as there is so great a difficulty in making a clean muster, partly owing to the difficulty of obtaining good Shepherds. But as all the owners of infected sheep are erecting a great deal of fencing, I trust the list of infected runs will be greatly reduced next year.

I have, &c.,

JOHN DRUMMOND,

Inspector of Sheep, East Coast District.

HENRY BUNNY, Esq.,
Provincial Secretary, Wellington.

Report of the Inspector of Schools on the Teaching Power of the Province.

Approved and confirmed at a meeting of the Board held on the 10th February, 1875.

By Order,

CHARLES C. GRAHAM, Secretary.

Education Board,

Wellington, 1st August, 1874.

GENTLEMEN,—I beg to present my Report on the teaching power of the Province. There were on 30th June, as shown in Appendix A. to this report, thirty-five certificated and fourteen uncertificated teachers in charge of elementary schools; three certificated and eleven uncertificated teachers acting as assistants; and ten pupil teachers. Of the thirty-five certificated teachers only four have obtained certificates after a residence of at least one year in a British Normal College. The fourteen uncertificated teachers in charge of schools may be divided into two sections, (a) those who will be expected to present themselves for examination, (b) and those who are of advanced age and who are entitled by their long service to some special consideration. As a means of inducing teachers to become students and so to improve their status and usefulness, I propose that the Board shall issue certificates of three "classes," and each class of three "divisions," the class being determined by examination and the division by the results of the inspection of the schools. I beg to submit Appendices B and B1 as the Schedules of Subjects for Examination of the third and first two classes respectively. Appendix D is the proposed form of certificate adapted for any class or division.

With a view to classifying pupil teachers and extending the pupil teacher system, so as to train up to some extent teachers for our own schools, I have classified the ten pupil teachers now under the Board, and drawn up a schedule of subjects for examination of pupil teachers in each year of their engagement. Such schedule is attached to this report as Appendix C. With the exception of large schools, where assistants will be required, I think the employment of two pupil teachers instead of an assistant will be in every way more profitable. I do not anticipate the same difficulty now in obtaining pupil teachers, which existed two or three years ago. It will, however, be of little practical gain to establish a pupil teacher system unless the Education Board can provide funds for the education of these young teachers. It is necessary that a grant of eight pounds per annum be made to the head teacher, or any other properly qualified teacher, who will give private tuition say for five hours per week out of school hours to such pupil teachers—such payment to be made conditional on their passing the required examination. For every pupil teacher after the second in any school, a payment of three pounds per annum might suffice.

There are only fourteen teachers in the Province who have received any training by residence in a Normal College in Britain, of whom nine resided six months only.

I have the honor to be, Gentlemen,

Your obedient servant,

ROBERT LEE,
Inspector of Schools.

The Education Board, Wellington.

Schedule A.

CLASSIFICATION OF THE TEACHERS UNDER THE EDUCATION BOARD, JULY, 1874.

	MALES.	FEMALES
HEAD TEACHERS.		
Teachers holding British certificates, and of at least one year's training	4	...
Teachers who have passed the examination of the Education Board and entitled to a certificate	25	4
Teachers holding other certificates of about equal value... ..	2	...

Schedule D.

SCHOOL TEACHER'S CERTIFICATE.

.....Class or Degree of Merit.

The Education Board of the Province of Wellington, New Zealand, hereby certify that _____ was examined and passed in the month of _____ 18____, according to the course of study prescribed by the Education Board, which answers to the _____ degree of merit.

(Signed)

Examiners for the Board.

This Certificate issued at the above date is limited to the proof of attainments and skill by examination. The Education Board are aware that there are other qualifications not less necessary to the success of a teacher in the management of a school.

The Inspector on his visit to a school conducted by the possessor of this Certificate will, therefore, once a year, enter at its foot a brief account of the condition of the school.

This Certificate is issued as a Certificate of the Third Division of the Class. After three satisfactory reports of the state of the school under the management of the holder of this Certificate, or after two exceedingly good reports, the Inspector will certify that the Certificate has been raised one division. Should the possessor of this or a Second Class Certificate sit for examination and obtain a Certificate of a higher class, such higher Certificate will be issued in the highest division certified on the lower class certificate.

No Teacher will be able to rise from one Class or Degree of Merit to another except by examination.

(Signed)

Chairman of the Education Board,
Province of Wellington.
